Sybex This book is for anyone looking for enlightenment which is simple once you know what it is. It 's to see yourself as the pure being you are away from everything you 've ever been brainwashed by. Sounds simple but many people live an entire lifetime and not realize they are pure beings with their own true natures who do not owe anything to the people or the society around them except to pay bills and follow the laws. Most

misery comes from not being who you are in your natural state. Watch any animal. Cage him up, he gets depressed and angry. Let him be free and he 's happy. Most of us grow up to be slaves to some artificial value then wonder why we 're not happy. The first slavery is to your family. Your father has expectations for you. He wants what is good for you but if he was a truly enlightened father, he would let you live your own life and not push you into the path he wants for you. My second slavery was to my Catholic religion which was not all that bad. It gave me a sense of community and morals but at sixteen, I went to confession then realized that was kind of silly, me a grown man, confessing

my sins to another grown man. I still believe in the community the church offers but my relationship to God is direct. No middle man intervenes. I was brought up in a capitalist-pop culture neighborhood in Halifax, Canada. We were into the Beatles and pinball. Everything was about working, business, making money, buying stuff, getting ahead in the capitalist sense. There is more to life than money. There should come a point when you ask yourself what can I do to make me happy beyond these material things I ' m surrounded by. I went to a Catholic elementary school where we pledged allegiance to the Queen and listened to the national anthem Oh	Canada every day.
