It would be no exaggeration to call Charles Mingus the greatest bass player in the history of jazz; indeed, some might even regard it as understatement, for the hurricane power of his work as a composer, teacher, band leader, and iconoclast reached far beyond jazz while remaining true to its heritage in the music of Duke Ellington, Charlie Parker, and Thelonious Monk. In this new biography Brian Priestley has written a masterly study of Mingus's dynamic career from the early years in Swing, to the escapades of the Bebop era, through his musical maturity in the '50s when he directed a band that redefined collective improvisation in jazz. Woven in with exacting assessments of Mingus's artistic legacy is the story of his volatile, unpredictable, sometimes dangerous personality. The book views Mingus as a black artist increasingly politicized by his situation, but also unreliable as a witness to his own persecution. Capturing him in all his furious contradictions-passionate, cool, revolutionary but with a keen sense of tradition-Brian Priestley has produced what can be called, again without exaggeration, the best biography of a jazz musician we have ever seen.

Over 70 authors and veterans share the sacrifices so many of America's veterans have made, in peacetime and in war, throughout the 20th century. You'll read about Duty, Honor, Courage - from the testing of a submarine, to the loss of the Space Shuttle Challenger, to the everyday sacrifice of men and women in uniform, whether serving during peace or war. You'll walk bloodied beaches, soar over enemy turf, pray, crawl in and out of caves, tend the wounded, shoot and be shot at, feel your heart race with fright as flak comes at you from every direction...walk the deck...hit the deck...feel the heat as fire dances across the deck, into the cockpit and into the foxhole you occupy. Your heart will constrict as the man in front of you takes the bullet meant for you. You'll know the painful bite of shrapnel, the gnawing ache hunger brings and red-hot anger as a comrade falls. But most of all, you'll experience total, unabridged fear as you watch the enemy advance through the eyes of the author, and a swelling of pride as you meet America's veterans.

One of the world's great tenor saxophonists, Sonny Rollins has always been committed to the fundamental truths of jazz, especially swing. He has managed to be consistently experimental and forward-looking, and he has recorded at least a dozen essential albums. Here, Richard Palmer charts Rollins's career in full.

Sonny Rollins is arguably the most influential tenor saxophonist that jazz has produced. He began his musical career at the tender age of eleven, and within five short years he was playing with the legendary Thelonius Monk. In the late forties (before his twenty-first birthday), Rollins was in full swing, recording with jazz luminaries such as Charlie Parker, Bud Powell, Max Roach, Art Blakey, Miles Davis, and Fats Navarro. He was hailed as the best jazz tenor saxophonist alive during the years 1955 to 1959, when he was credited with pioneering the use of 3/4-time in bop music. Today, forty years later, Rollins's onstage appearances are eagerly anticipated events, where his compelling sound reaches a whole new generation of listeners.

Renowned jazz writer Eric Nisenson has penned a long-overdue look at one of jazz music's brightest and most enduring stars.

This book provides an innovative theoretical and empirical exploration of the political participation and democratic capability of people living in authoritarian states. Merging perspectives from sociology and political science, the book demonstrates that despite autocratic restrictions on opposition, there is often still leeway for people to express themselves as political agents and to develop democratic capability. The first two chapters problematise political participation and develop an interdisciplinary three-domain framework that allows for critical engagement with and appreciation of the contexts and varied ways in which participatory activities occur. This framework is applied to analyse six country case studies: Singapore, Jordan, Belarus, Cuba, Nigeria, and Vietnam. Drawing on a range of data sources and different analytical entry points, the book investigates the substantive opportunities people have in exercising political agency and the implications for democratic capability. The book concludes by summarising the emergent themes and examining the potential of applying this method of inquiry in other political contexts. Encompassing both governmental and societal practices, the book offers insights into state-society relations and their role in constructing political values and goals for participation, which people negotiate and mediate to inform their choices, modes, and forms of civic engagement. These insights present a broad approach towards the study of participation, with relevance for understanding political participation in various societies under non-democratic and democratic rule alike. This book will be useful for researchers and students interested in political dynamics and intersections with economic, cultural, and social aspects of development. It will also be beneficial for practitioners interested in participatory actions and social change.

Here is "the real book" of the incredible Mahalia Jackson, as pledged to her by her close friend, Laurraine Goreau, before her death. Rich in poetic condensation and vivid imagery, it reaches back to recreate an era and a way of life that no longer exist; it surfaces hidden folk lore and cultural patterns; it delves into Voodoo and a secret psychic world. It shows you jazz at its roots when it was "jass", the Devil's temptation; first-hand, it gives you the surprising sociological significances of the whole gospel movement ... but most of all, it takes you with a misshapen mote on a forgotten scrap of river-land as Mahalia pushes, fights, sings her way to a personage of unique stature among Americans to th eworld's peoples, revered by hundreds of thousands as a symbol of utter integrity, the bearer of God's tidings.
