NEW YORK TIMES BESTSELLER Every woman makes choices. And no one has made more difficult choices than Olivia Grayson. The enormously successful businesswoman missed out on much of her children’s lives while she built her legendary home-furnishings empire. In Danielle Steel's character-rich new novel, Olivia faces the past, tries to balance the present, and makes amends where due, while still running her vastly successful business. THE SINS OF THE MOTHER As a way of making up to them for time lost, Olivia spends months every year planning a lavish holiday that everyone in her family will enjoy. This summer she has arranged a dream trip in the Mediterranean on a luxurious yacht, which she hopes will be the

most memorable vacation of all. Her lavish gesture every year expresses her love for them, and regret at all the important times she missed during her children's younger years. Her younger daughter, Cassie, a hip London music producer, refuses the invitation altogether, as she does every year. Her older daughter, Liz, lives in her mother’s shadow, with a terror of failure as she tries to recapture her dream of being a writer. And her sons, John and Phillip, work for Olivia, for better or worse, with wives who wish they didn’t. In the splendor of the Riviera, this should be a summer to remember, with Olivia’s children, grandchildren, and daughters-in-law on board. But as with any family gathering, there are always surprises, and no matter how glamorous the setting things don’t always turn out as ones hopes. Family dynamics are complicated, old disappointments die hard, and as forgiveness and surprising revelations enter into it, new bonds are formed, and the future takes on a brighter hue. And one by one, with life’s irony, Olivia’s children find themselves committing the same “sins” for which they blamed their mother for so many years. It is a summer of compassion, important lessons, and truth. The Sins of the Mother captures the many sides of family love: complex, challenging, funny, passionate, and hopefully enduring. Along the way, we are enthralled by an unforgettable heroine, a mother strong enough to take more than her fair share of the blame, wise enough to respect her children for who they really are, and forgiving enough to love them unconditionally. **BONUS:** This edition includes an excerpt from Danielle Steel's *Winners*.

The authors do not intend to cover all types of blood cancers; instead, they will focus on some major ones such as leukemias and lymphomas. However, the authors will try to cover as much as they can the cancer types and point out that many blood cancers need to be studied in mouse disease models although they are still not available at present. A major focus in the book will be to show what we can or cannot learn from mouse disease models and to also show the critical contributions of mouse models in therapeutic drug development.
