Mouse Models of Human Blood Cancers  
Spatterlight Press

In this book, Dr. Li and his author team plan to emphasize why mouse models are useful in vivo systems for understanding disease mechanisms and developing therapeutic strategies in blood cancers. The authors do not intend to cover all types of blood cancers; instead, they will focus on some major ones such as leukemias and lymphomas. However, the authors will try to cover as much as they can the cancer types and point out that many blood cancers need to be studied in mouse disease models although they are still not available at present. A major focus in the book will be to show what we can or cannot learn from mouse disease models and to also show the critical contributions of mouse models in therapeutic drug development.

The bestselling novel of love and sacrifice under fascist rule, and “a treat for the mind. One of the best books I have read in a long time” (Isabel Allende). Raimund Gregorius, a professor of dead languages at a Swiss secondary school, lives a life governed by routine. Then, an enigmatic Portuguese woman stirs his interest in an obscure, and mind-expanding book of philosophy that opens the possibility of changing Raimund’s existence. That same night, he takes the train to Lisbon to research the book’s phantom author, Amadeu de Prado, a renowned physician whose principles led him to confront Salazar’s dictatorship. Raimund, now obsessed with unlocking the mystery behind the man, is determined to meet all those on whom Prado left an indelible mark. Among

them: his eighty-year-old sister, who maintains her brother’s house as if it were a museum; an elderly cleric and torture survivor confined to a nursing home; and Prado’s childhood friend and eventual partner in the Resistance. The closer Raimund comes to the truth of Prado’s life, and eventual fate, an extraordinary tale takes shape amid the labyrinthine memories of Prado’s intimate circle of family and friends, working in utmost secrecy to fight dictatorship, and the betrayals that threaten to expose them. “A meditative, deliberate exploration of loneliness, language and the human condition” (The San Diego Union-Tribune), *Night Train to Lisbon* “call[s] to mind the magical realism of Jorge Amado or Gabriel Garcia Marquez . . . allusive and thought-provoking, intellectually curious and yet heartbreakingly jaded,” and inexorably propelled by the haunting mystery at its heart (The Providence Journal). *Night Train to Lisbon* was adapted into Bille August’s award-winning 2013 film starring Jeremy Irons, Lena Olin, Christopher Lee, and Charlotte Rampling. Trust Your Eyes Doubleday Canada Jill Mansell’s bestseller **THE UNPREDICTABLE CONSEQUENCES OF LOVE** is an unforgettable tale of sunny days on the beach, Cornwall in the summer and secrets about to be revealed.
