Steiner provided readers with the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages.

After Babel: Aspects of Language and Translation, Modern ... The greater part of After Babel is devoted to a match between Whorf ' s and Chomsky ' s views on language, with Steiner acting as umpire and commentator. As it turns out, however, the game is never really won by

either side since, after pages of qualifications and questions, Steiner generally concludes: we do not yet know. After Babel: Aspects of Language and Translation - George ... When it first appeared in 1975, After Babel created a sensation, quickly establishing itself as both a controversial and seminal study of literary theory. In the original edition, Steiner provided readers with

the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages.

Amazon.com: After Babel: Aspects of Language and ... After Babel: Aspects of Language and Translation. George Steiner. George Steiner's essential tome on linguistics, hailed by the New York Times as a "dazzling inquiry into the possibility of translation" In his classic work, literary critic and scholar George Steiner tackles what he

---

considers the Babel "problem": Why, over the course of history, have humans developed thousands of different languages when the social, material, and economic advantages of a single tongue are obvious?

Babel is a comprehensive study of the subject of language and translation. [George Steiner After Babel Pdf](#)

As Steiner presents it in *After Babel*, language is as much a means of concealment as of communication, as much a safeguard of our private as a manifestation of our public selves. Hence all communication, all reading, all listening, involves an act of interpretation, since no two people speak identically the same

language.

Caught in that contradiction,  
“ After Babel ” is a deeply  
ambivalent hymn to  
language. It would be easy  
to accuse Steiner of  
paradox if silence were his  
ideal rather than a danger.  
He too eloquently...
