**Project MUSE - After Babel:
Aspects of Language and ...**

When it first appeared in 1975, AFTER BABEL created a sensation, quickly establishing itself as both a controversial and seminal study of literary theory. Taking issue with modern linguistics, author George Steiner finds the root of the "Babel problem" in our deep instinct for privacy and territory, noting that every people has in its language a unique body of shared secrecy.

After Babel | Open Library

The underlying grammar of all human speech forms is a mapping of the world. It emphasizes those features of the landscape and of bio-social experience which are

common to all men. Differences of stress, organized sequence, relations of hierarchy as between the general and the particular or the sum and the part,...

??After Babel
???????????? . ???? .
. . . . The classic is the only total revolutionary: he is the first to burst not into that silent sea- language being

rigorously coterminous with man- but into the terra incognita of symbolic expression, of analogy, of allusion, of simile and ironic counterpoint.

Steiner provided readers with the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages.

After Babel - Wikipedia

After Babel is a comprehensive study of the subject of language and translation. It is both a

controversial and seminal work that covers a great deal of new ground and has remained the most thorough book on this topic since its publication.

After Babel Aspects Of Language

After Babel: Aspects of Language and Translation. If the legacy of Babel is in one sense the doom of cultural isolation, it can also be seen as a richness of linguistic options and compensations, a

diversity which cannot be rationalized— only denied or obscured—by the putative "sciences" of language.
