Tell the tale of Kurt Kallini, major impressario, in diamonds and dust, tech and investments, funding Jack Livingston from the Catskills to the Albany regency. Tell of his good fortune. Tell of the people he helped like Darlene and

---

Leslie and Flash Gordon. Tell of the people who hated him with good reason. Tell how the 21st Century turned his life upside down. See Kurt Kallini on the cover of Time magazine bearded like Ayatollah Khomeini in a Seventies photo. Call him the face of terrorism. Tell how CIA ops like Mark McD and Ahmad Quobi interrogated and tortured and defamed him as the funder of Al Qaeda's 9/11 terrorism. Tell of his trials in Langley, extra rendition in Egypt, and how his interrogation and torture in Gitmo took him apart. McD and Ahmad drained him of all secrets and life energy till Kurt Kallini was nothing but his epilepsy and polio shattered body. Let him sit on the porch of Haight Avenue, this impressario of the SDS Sixties, now a listless old coot a street shy of his daughter Carma at Vassar College. Tell David Morpheys and CC Cinquemani his sad story of unjust treatment and let them tell how 9/11 changed his life, our lives, and the rectitude of all of us/US. When the Sky Fell, we met the new millennium. Call 9/11 the pivot of the 21st Century. Y2K was nothing but a false alarm. The hanging chad 500 votes in Florida which the Supreme Court validated was nothing but a close election. The Millennium began when the Twin Towers came crashing down to dust, when the sky fell on New York City. Bush-Cheney who didn't want America to fix the world but stay at home and fix America, took 9/11 to reverse all their plans. Not only do we turn to terror alerts on our own people but to torture in Gitmo, extra-rendition in Egypt, and slimy stuff in Saddam's prison of Abu Graib. We don't have UN support for our Iraq War, whose warning of WMD's will be a mushroom cloud, but we march in one month on Baghdad only to lose the war over the next five years. The Iraq War stirs up The Rapture and the Left Behind in our Holy Land Crusade. It's US on steroids. The Iraq War stirs up banking invested in a housing bubble of subprime ninja loans, MBS, tranches, and derivatives which wreck our economy and Europe's too. When the sky fell and the Twin Towers came crashing down to dust, our reaction to the terror threat ruined our democracy, our US and EU economy, and our moral standing as leader of the free world.

### The Sky Is Falling Vintage

"A beautiful, lyrical, and aching brilliant story about love, grief, and family. Henry's writing will leave you breathless." —BuzzFeed Romeo and Juliet meets One Hundred Years of Solitude in Emily Henry's brilliant follow-up to *The Love That Split the World*, about the daughter and son of two long-feuding families who fall in love while trying to uncover the truth about the strange magic and harrowing curse that has plagued their bloodlines for generations. In their hometown of Five Fingers, Michigan, the O'Donnells and the Angerts have mythic legacies. But for all the tall tales they weave, both founding families are tight-lipped about what caused the century-old rift between them, except to say it began with a cherry tree. Eighteen-year-old Jack "June" O'Donnell doesn't need a better reason than that. She's an O'Donnell to her core, just like her late father was, and O'Donnells stay away from Angerts. Period. But when Saul Angert, the son of June's father's mortal enemy, returns to town after three mysterious years away, June can't seem to avoid him.

Soon the unthinkable happens: She finds she doesn't exactly hate the gruff, sarcastic boy she was born to loathe. Saul's arrival sparks a chain reaction, and as the magic, ghosts, and coywolves of Five Fingers conspire to reveal the truth about the dark moment that started the feud, June must question everything she knows about her family and the father she adored. And she must decide whether it's finally time for her—and all of the O'Donnells before her—to let go.

Koepcke, the seventeen-year-old child of famous German zoologists. She'd been thrown from the plane two miles above the forest canopy, but had sustained only a broken collarbone and a cut on her leg. With incredible courage, instinct and ingenuity, she survived three weeks in the "green hell" of the Amazon - using the skills she'd learned in assisting her parents on their research trips into the jungle - before coming across a loggers hut, and, with it, safety. Now she tells her fascinating story for the first time, and in doing so tells us about her 'Gerald Durrell' childhood - with a menagerie of wild, exotic and sometimes dangerous pets - about how she learned to survive at her parents ecological station deep in the rainforest and about her present-day commitment to this wildlife as a biologist and dedicated environmentalist.

When I Fell From the Sky

After a family tragedy orphans her, Rachel, the daughter of a Danish mother and a black G.I., moves into her grandmother's mostly black community in the 1980s, where she must swallow her grief and confront her identity as a biracial woman in a world that wants to see her as either black or white. A first novel. Reprint. *The Woman Who Fell from the Sky* Penguin

"I had no idea how to find my way around this medieval city. It was getting dark. I was tired. I didn't speak Arabic. I was a little frightened. But hadn't I battled scorpions in the wilds of Costa Rica and prevailed? Hadn't I survived fainting in a San José brothel?

Hadn't I once arrived in Ireland with only \$10 in my pocket and made it last two weeks? Surely I could handle a walk through an unfamiliar town. So I took a breath, tightened the black scarf around my hair, and headed out to take my first solitary steps through Sana'a."—from *The Woman Who Fell From The Sky* In a world fraught with suspicion between the Middle East and the West, it's hard to believe that one of the most influential newspapers in Yemen—the desperately poor, ancestral homeland of Osama bin Laden, which has made international headlines for being a terrorist breeding ground—would be handed over to an agnostic, Campari-drinking, single woman from Manhattan who had never set foot in the Middle East. Yet this is exactly what happened to journalist, Jennifer Steil. Restless in her career and her life, Jennifer, a gregarious, liberal New Yorker, initially accepts a short-term opportunity in 2006 to teach a journalism class to the staff of *The Yemen Observer* in Sana'a, the beautiful, ancient, and very conservative capital of Yemen. Seduced by the eager reporters and the challenging prospect of teaching a free speech model of journalism there, she extends her stay to a year as the paper's editor-in-chief. But she is quickly confronted with the realities of Yemen—and their surprising advantages. In teaching the basics of fair and balanced journalism to a staff that included plagiarists and polemicists, she falls

---

in love with her career again. In confronting the blatant mistreatment and strict governance of women by their male counterparts, she learns to appreciate the strength of Arab women in the workplace. And in forging surprisingly deep friendships with women and men whose traditions and beliefs are in total opposition to her own, she learns a cultural appreciation she never could have predicted. What's more, she just so happens to meet the love of her life. With exuberance and bravery, *The Woman Who Fell from the Sky* offers a rare, intimate, and often surprising look at the role of the media in Muslim culture and a fascinating cultural tour of Yemen, one of the most enigmatic countries in the world.

It isn't long before rumors circulate that Robert was murdered by his own cousins to get the map and find the treasure themselves. Despite there being no evidence of foul play, the gossip gains credibility when both Vicky and Father John are contacted by an anonymous Arapaho claiming to have witnessed Robert's killing. When one of Robert's cousins falls prey to

another deadly accident, Vicky and Father John are convinced the victim is the witness who confided in them, and the hunt for the killer is on in earnest—before more die in search of Cassidy's cache.
