Their Boy

Independently Published Breathless is the third standalone novel in The Game Series."Will you beat me without knowing the reason?"That's the question I ask when I go to clubs to seek out Sadists. Most men say no immediately. They

see the flags my question raises and walk away. They're the good guys. They're the guys who adhere to safe, sane, and consensual. They wanna be aware of the risks and cause no harm. But I'm not looking for a good guy. I'm looking for punishment. The strobe lights hit me as I reach their table. The heavy, industrial music is deafening, and my head is swimming with images of grief, fire, and accusation. I hear the piercing tone of a machine letting me know that I have to tell

my two kid brothers that our sister's heart will never beat again. Maybe these two twin Sadists will help me. The only thing bigger than River and Reese Tenley is their reputation. They better not let me down. I ask my question. I ask if they'll beat me without knowing why I want it. They give me a stone-cold onceover, and I don't know if it's River or Reese who responds. He has a menacing-looking tattoo on his neck. "Sure. It's your funeral." The Game Series is a BDSM series with

gay pairings where romance meets the reality of kink. Sometimes we fall for someone we don't match with, sometimes vanilla business gets in the way of kinky pleasure, and sometimes we have to compromise and push ourselves to overcome trauma and insecurities. No matter what, two things are certain. This is not a perfect world, and life never turns out the way you planned. *First Came Forever* DIANE Publishing In 48 hours,

I lost everything. I came home to find my girlfriend of four years with another man. The next day a plane crash ripped my family away from me, shattering me in the process. In many ways, I died that day, too. The fun-loving man who'd lived his life in the fast lane and loved his career in the film industry was gone. Left was a forty-year-old shell that dwelled at the bottom of a bottle. Only one person knew what I was going through. My sister's stepson, who hadn't been on the plane. Julian knew what it was like to lose everyone he loved, too. He'd stopped showing up at reunions when he was a teenager, so I didn't know him very well. But I told him at the memorial service he could come out and visit me in LA whenever. One day he did, and I guessed it was as good a day as any to start picking up the pieces and see what was left of us.

Princess Jehosheba
wants nothing more

than to please the harsh and demanding Queen Athaliah, daughter of the notorious Queen Jezebel. Her work as a priestess in the temple of Baal seems to do the trick. But when a mysterious letter from the dead prophet Elijah predicts doom for the royal household, Jehosheba realizes that the dark arts she practices reach beyond the realm of earthly governments. To further Athaliah and Jezebel's strategies, she is forced to marry Yahweh's high priest and enters the unfamiliar world of Yahweh's temple. Can her new husband show her the truth and love she

craves? And can Jehosheba overcome her fear and save the family--and the nation--she loves? With deft skill, Mesu Andrews brings Old Testament passages to life, revealing a fascinating story of the power of unconditional love. Shattered Createspace Independent Publishing Platform Gray Nolan's biggest problem in life was the torch he carried for his closeted coach. He was just another happy-go-lucky dude, a college student and hockey player, when his ordinary existence was interrupted, and he became a human trafficking

statistic. He and seven other young men were taken aboard a luxurious yacht where they were to be auctioned off to the highest bidder. Gray was beaten, shattered, and almost defeated by the time his buyer stepped out of the shadows in a swirl of his own cigarette smoke. He was Gray's new owner. Darius Quinn had vowed never again to find himself in a situation like this. His days as a private military contractor were over. No more missions, no more risks, no more personal attachments. Yet, here he was, after weeks of searching,

face-to-face with his broken prize. It was time to get the knucklehead back to his family. Quick and easy was Darius's plan. Then everything went sideways.

In a perfect world, Lucas West would meet someone in one of the BDSM communities he was active in, someone who ached for a Daddy Dom as much as Lucas longed for a Little to care for. They would date, play, build something that was just for them, and share a future together.

In a perfect world, Colt Carter would get through his next deployment and then move closer to DC where he could create at least a semblance of a personal life. He wanted something outside of the Air Force, something kinky, something worth leaving everything behind for eventually. For years, he'd kept his inner Sadist and Daddy Dom locked up, only letting him out to play on rare occasions. In a perfect world...In reality, Lucas and Colt met each other. Top Priority is the first novella in The Game Series, a BDSM series where

romance meets the reality of kink. Sometimes we fall for someone we don't match with, sometimes vanilla business gets in the way of kinky pleasure, and sometimes we have to compromise and push ourselves to overcome trauma and insecurities. No matter what, two things are certain. This is not a perfect world, and life never turns out the way you planned. Woman Evolve CreateSpace Austin Huntley and Cameron Nash are like night and day. One is a family man, works in a nice office,

drives an expensive car, and is content to be content. The other one is an antisocial car mechanic with a short fuse. Some things don't change. Others definitely do. After surviving a five-month long kidnapping together, they struggle to return to normalcy, all while realizing that they're more drawn to each other than they ever could've imagined. "I know I'm not normal, but I'm not fucking stupid." "Define normal," Austin

countered quietly, meeting Cam in the doorway. "And for not being normal, you're the only person in the world who makes sense right now. What does that say about me?"
Warning: This story contains violence and scenes of an explicit, erotic nature between two men and is intended for adults, 18+.

I was in the middle of my divorce when Adam messaged me. I believe his

exact words were, "Hi. I think you're my dad's brother. Would you like to get to know me?" My brother and I had never been close, so I'd only met his adopted son a few times when he was very young. Instinct told me to ignore the message, and I did. For a few days. It took an exhausting fight with my soon-to-be ex-wife and half a bottle of whiskey for me to change my mind. Adam

first became "sort of my nephew." Next, he became the guy who helped me find an apartment in the building next to his. He was a sweet, cheerful young man doing his best to raise his four-year-old daughter, which led to him becoming the guy who wanted to help me patch up my relationship with my own daughter. Then one night as I got ready for bed, I looked across the alleyway to the

next building, where I saw him getting ready for bed too. I couldn't look away to save my life. It was the night he also became the guy in the window. A New York Times bestseller!
With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of

humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*,

Sarah helps you understand that insecurities your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past

issues and that haunt you
Seeing yourself as God sees you and trusting Him with who you really are
How to come out of darkness and pursue a real relationship with God
Why it's important to truly care for yourself
Setting in motion the beautiful seed that God planted in you
Your fears and insecurities may have changed how you viewed God, others,

and yourself, but in *Woman Evolve*, you can break through and use past mistakes to revolutionize your life. Like *Eve*, you don't have to live your future defined by your past.

Stranded is the second book in *The Auctioned Series*. Before you read further, you should read *Auctioned*. "You have my word, Gray. I will get you off this island, and I will bring you home." It was supposed to be an easy in-and-out job. Nothing

Darius Quinn hadn't done before. But this job had something none of the others did: Gray Nolan. Like Murphy's Law advised, anything that could go wrong, would. A mission to save one hometown favorite son was turning into a quest to rescue thirteen traumatized young men against odds so steep, he'd need an oxygen mask to scale them. Facing new dangers and an uncertain future, Darius keeps Gray close and is soon forced to accept that this has become much more than an assignment. For a man whose

reputation was built on being ice-cold under pressure, Darius is beginning to discover how good it feels to burn.

It wasn't like he'd never done this before... Nicky Fender retired from sex work two years ago and never looked back.

Then an offer he can't refuse comes his way, and he agrees to one last exclusive arrangement. Good money

and an apartment in Manhattan? He'd be a fool to turn that down. The deal is dusk till dawn for two months. But once he meets Gideon—an older, quirky, autistic, filthy, uncertain businessman who wants to explore his sexuality—Nicky wishes sunrise would never come.

Using small-town life as a springboard to explore the loftiest of ideas,

Haven Kimmel's irresistibly smart and generous first novel is at once a romance and a haunting meditation on grief and faith. Langston Braverman returns to Haddington, Indiana (pop. 3,062) after walking out on an academic career that has equipped her for little but lording it over other people. Amos Townsend is trying to minister to a congregation that would prefer simple affirmations to his esoteric brand of theology. What draws these difficult—if not impossible—people together are two

wounded little girls who call themselves Immaculata and Epiphany. They are the daughters of Langston's childhood friend and the witnesses to her murder. And their need for love is so urgent that neither Langston nor Amos can resist it, though they do their best to resist each other. Deftly walking the tightrope between tragedy and comedy, *The Solace of Leaving Early* is a joyous story about finding one's better self through accepting the shortcomings of others.

“ A good read for anyone who wants to understand what actually determines whether a developing economy will succeed. ” —Bill Gates, “ Top 5 Books of the Year ” An Economist Best Book of the Year from a reporter who has spent two decades in the

region, and who the Financial Times said “ should be named chief myth-buster for Asian business. ” In How Asia Works, Joe Studwell distills his extensive research into the economies of nine countries—Japan, South Korea, Taiwan, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, and China—into an accessible, readable narrative that debunks Western misconceptions, shows what

really happened in Asia and why, and for once makes clear why some countries have boomed while others have languished. Studwell ’ s in-depth analysis focuses on three main areas: land policy, manufacturing, and finance. Land reform has been essential to the success of Asian economies, giving a kick-start to development by utilizing a large workforce and providing capital for growth. With manufacturing, industrial development

alone is not sufficient, Studwell argues. Instead, countries need “export discipline,” a government that forces companies to compete on the global scale. And in finance, effective regulation is essential for fostering, and sustaining growth. To explore all of these subjects, Studwell journeys far and wide, drawing on fascinating examples from a Philippine sugar baron’s stifling of reform to the explosive

growth at a Korean steel mill. “Provocative . . . How Asia Works is a striking and enlightening book . . . A lively mix of scholarship, reporting and polemic.” —The Economist

When life gave you lemons, you learned who stayed and made lemonade with you. Or something to that

effect. And the day Ellis Hayes kidnapped me-or, borrowed a yacht and didn't know I was on board-he'd definitely been handed too many lemons. We faced a dilemma when I woke up hungover in the middle of the ocean. He needed to get the hell out of town to do some soul searching and decide whether or not to divorce his wife, and I needed to get back on land because humans didn't belong on the water. There was also better cell service on land, and I had my four-year-old daughter on vacation in Paris to check in with. Then I remembered I

wasn't a complete tool. Ellis wasn't doing all right, and we were practically family. I had to stay and make lemonade with him. Of course, me being me, seemingly undateable and complicated, I had to develop feelings for him, too.
