From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of

the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

The rift between the nation's two political parties is caused by a Conspiracy! New England the Bavarian Illuminati is the history of the Illuminati scare that occurred in America at the end of the eighteenth century. It tells how the Federalists, including the New England clergy in particular, seized upon the idea that the Illuminati were behind the actions of the Democrats.

---

Only a far-reaching conspiracy could explain the irreverent habits and searing attacks of the Jeffersonians. Fear of the secret Democratic Clubs, magnified by fear of the French Jacobins, made such a conspiracy readily believable. Dr. Stauffer ably details the state of American politics and religion before and after the American Revolution. He recounts the known history of the Illuminati, and reviews how knowledge of the secret organization was transmitted to America. The conspiracy alarm is traced in detail, from the first announcement of the

existence of the Illuminati given during a sermon, through the heated and virulent debates in newspapers and pamphlets, and finally to the decline of the public spectacle under counter-attacks and satirical mockery. This study of the Illuminati in New England was originally published in 1918. Acclaimed from its first printing, it has since then developed a respectable position as one of the most competent and important histories on the shadowy Order of the Illuminati. **Placing the Enlightenment**

up the Congo River and the narrator's encounter with the mysterious Mr. Kurtz.

Masterly blend of adventure, character study, psychological penetration.

For many, Conrad's finest, most enigmatic story.

The Bavarian Illuminati in America Penguin

Hard Times illustrated Charles Dickens - Hard Times: For These Times (commonly known as Hard Times) is the tenth novel by Charles Dickens, first published in 1854. The book surveys English society and satirises the social and economic conditions of the era.

"Now, what I want is, Facts. . . . Facts alone are wanted in life." Thus begins Superintendent Mr. Gradgrind—a wealthy, retired merchant—addressing a group of young students at his school in the industrial town of Coketown,

England. A rigid man of fact, rational self-interest and realities, he not only teaches his pupils according to the utilitarian principles, but also raises his children with the same philosophy. When they grow up, as their lives begin to turn chaotic, they reproach their father for their upbringing. Will Mr. Gradgrind realize his flaws and become a humble man? Satirizing the laissez-faire system, Dickens' Hard Times lays bare the wide gap between the rich and the poor. Criticizing the materialistic world, this Victorian novel throws light on the value of emotions and the human heart. It has undergone several film and theatre adaptations.

**Siddhartha** The Princeton Review

"Absolutism and Enlightenment" covers the final years of the last great European monarchies and the divestiture of monarchical power through reform and revolution. Emphasis is given to

---

the absolute reign of Louis XIV of France, and the growth of constitutional monarchy in late-17th century England. Enlightenment thinkers, such as Voltaire, Rousseau, and Locke, and their theoretical impact on the unraveling of royal power and the revolutions in France and America are discussed.

Challenging review questions encourage meaningful reflection and historical analysis. A unit test and answer key are included.

INSTANT NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE

ECONOMIST'S BOOKS OF THE YEAR "My new favorite book of all time." --Bill Gates If you think the world is coming to an end, think again: people are living longer, healthier, freer, and happier lives, and while our problems are formidable, the solutions lie in the

Enlightenment ideal of using reason and science. By the author of the new book, *Rationality*. Is

the world really falling apart? Is the ideal of progress obsolete? In this elegant assessment of the human condition in the third millennium, cognitive scientist and public intellectual Steven Pinker urges us to step back from the gory headlines and prophecies of doom, which play to our psychological biases. Instead, follow the data: In seventy-five jaw-dropping graphs, Pinker shows that life, health, prosperity, safety, peace, knowledge, and happiness are on the rise, not just in the West, but worldwide. This progress is not the result of some cosmic force. It is a gift of the Enlightenment: the conviction that reason and science can enhance human flourishing. Far from being a naïve hope, the Enlightenment, we now know, has worked. But more than ever, it needs a vigorous defense. The Enlightenment project swims against currents of human nature--tribalism, authoritarianism, demonization, magical thinking--which demagogues are all too willing to exploit. Many commentators, committed to political, religious,

---

or romantic ideologies, fight a rearguard action against it. The result is a corrosive fatalism and a willingness to wreck the precious institutions of liberal democracy and global cooperation. With intellectual depth and literary flair, Enlightenment Now makes the case for reason, science, and humanism: the ideals we need to confront our problems and continue our progress.

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's

first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock. *1600s-1700s* Penguin  
Published anonymously in 1729, Jonathan Swift's satirical essay, A Modest Proposal, puts forth the darkly comical idea that the starving poor of Ireland might alleviate their economic condition by selling their children as food for wealthy gentlemen and ladies. At its core, Swift's Modest Proposal satirizes

---

English exploitation of Ireland in particular and the heartless attitude that rich elites can develop towards the poor in general. Along with Gulliver's Travels, A Modest Proposal is an early English example of the black comedic genre. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library. Swift's devastating short satire on how to solve a famine

George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, fiction.

Orwell's work is known for its simplicity and wit. He wrote with smartness on subjects such as anti-fascism, democratic socialism etc. His best works include "ANIMAL FARM". It's an allegorical novella. It got published in August 1945. The fiction based on Farm animals,

---

the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on “the nature of life on this earth” and “How any animal is now living”. The author has nicely elaborated through these Characters about the animals’ misery and slavery. Animals complain that despite their hard labour, why then do they continue in the miserable condition? They also complain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. So, remove Man from the scene and the root cause of hunger and overwork will be abolished for ever. The book narrates about the agony of ill-treated farm animals. Then what decision they take and how this Animal Farm born, everything has become very interesting. The ultimate satire on fascism. A must-read book. ‘A Wise, Compassionate, and Illuminating Fable for our Times’

*Outlines of an Historical View of the Progress of the Human Mind*  
Gale Ecco, Print Editions

Over 200 years ago, one of the greatest political writers of all times inspired a generation in the American Revolution with themes of freedom. Afterwards, he tackled an even greater theme that is still unresolved... the intersection between Religion, Government, and Freedom. Here you will find the full text of his work on the subject, *The Age of Reason*. Have you ever wondered why things are how they are and have been told "just because" and to drop it? Paine faced the same issue, and he responded to this book to challenge his readers to use the greatest gift that God had given them to establish a lasting foundation ... logic and reason. Truth that is true stands the test

of evidence, and that test destroys all fiction. As you follow your Sherlock Holmes like detection of truth, may this book guide you where to look. No one agrees on the answers, but we can only find truth, when we have the courage to ask... why.

A conspiracy theory flourished in New England in 1798, destroying reputations and lives—but few have ever heard the story. This gripping book chronicles the rise of the Bavarian Order of Illuminists, surveying the tumultuous political, social, and religious atmosphere that allowed the organization to take root in the United States. Author Vernon Stauffer characterizes the mood in New England after the Revolutionary War, an atmosphere of religious disaffection and political confusion that fostered the development and spread of panic and hysteria. Stauffer traces the European beginnings of the Bavarian

Order of Illuminists and the transmission of its legend across the Atlantic, culminating in the effects of the Illuminati agitation in New England. This strictly factual account incorporates no conjecture and is enhanced by extensive footnotes. A compelling work of forgotten history, it is an essential resource for readers interested in the origins of conspiracy theory in American social and political thought.

Paine's years of study and reflection on the role of religion in society culminated with this, his final work. An attack on revealed religion from the deist point of view — embodied by Paine's credo, "I believe in one God, and no more" — its critical and objective examination of Old and New Testaments cites numerous contradictions.
