[How to Write a Product Requirements Document \(PRD\) | Perforce](#) [Agile Requirements Document.](#) By Ajay Badri. At Seilevel, on our Agile projects we have introduced a project artifact called the Agile Requirements Document or ARD that we create during the planning phase of a project. We have done this on several projects and have had good success with it. An ARD is conceptually similar in some ways to the classic Business Requirements Document or BRD that many of the readers will be familiar with.
