Agresti And Finlay 4th Edition

Alan Agresti is Distinguished Professor in the Department of Statistics at the University of
Florida. He has been teaching statistics there for 30 years, including the development of three
courses in statistical methods for social science students and three courses in categorical data
analysis. ... Pearson, 4th edition 2017) and "Categorical ...

Agresti & Finlay, Statistical Methods for the Social ...

The fourth edition has an even stronger emphasis on concepts and applications,
with greater attention to "real data" both in the examples and exercises. The
mathematics is still downplayed, in particular probability, which is all too often a
stumbling block for students. On the other hand, the text is not a cookbook.

Agresti, Franklin & Klingenberg, Statistics: The Art and ...

Statistics: The Art and Science of Learning from Data, Fourth Edition, takes a conceptual approach, helping
students understand what statistics is about and learning the right questions to ask when analyzing data,
rather than just memorizing procedures. This book takes the ideas that have turned statistics into a central
science in modern life and makes them accessible, without compromising the necessary rigor.
