Essay on Agro-Based Industries - ImportantIndia.com

Gist of Kurukshetra December 2019 Issue: Agro-Based Industries  
The place of the agro-based industries in the development of India is widely recognized and needs no emphasis. They can provide vast employment opportunities at comparatively low investment. The techniques of production adopted by the agro-based industries are simple and the machinery and equipment required by them is easily available.

The problems faced by agro-based industries in India are given below; Small Landholdings : This makes economies of scale hard to operate and farmers are forced to rely on subsistence farming .  
Seasonal nature : This means that the farmers have a very small window to reap benefits of their hard labor.
