[Editorial Board | American Journal of Hypertension ...](#)

American Heart Association's Council on Hypertension is a 3-day scientific program with more than 500 presentations from clinical and basic researchers from 20 countries focusing on recent advances in hypertension research.

European Society of Hypertension

Twenty-four-hour ambulatory monitoring gives a better prediction of risk than office

measurements and is useful for diagnosing white-coat hypertension. There is increasing evidence that a failure of blood pressure to fall during the night may be associated with increased risk.
