The Fee & Stemwedel Company was founded in Chicago in 1930 by Albert Stemwedel and Dick Fee. They made barometers and thermometers for the home market under the trade name Airguide. In 1956 Dick Fee sold his interest in the company and the name was changed to Airguide Instrument Company. In 1980 Airguide filed for bankruptcy protection, and was subsequently sold to the Johnson Wax Company.

Airguide Barometer - edugeneral.org

A barometer measures air pressure and can forecast the weather within a 12 to 24 hour period. Air pressure can be measured in inches of mercury, millimeters of mercury, or hectopascals, depending on where you live and the gauge on the instrument. In order to tell whether air pressure is rising or falling, you must calibrate the barometer correctly.

Airguide Barometer 1956

In 1956 Dick Fee sold his interest in Fee & Stemwedel to Al

Stemwedel, who subsequently changed the firm's name to Airguide

Instrument Co. "Airguide" had been the company's primary trade

name almost from the beginning.

By 1956, company co-founder Richard Fee decided he ' d get out of the business while the getting was still good, and sold his shares to Albert Stemwedel, who—in turn—changed the name from Fee &
