The Truth about Trucking Test Prep Books Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition) The Law Library presents the complete text of the Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition). Updated as of May 29, 2018 FMCSA proposes to revise the standards for mandatory training requirements for entry-level operators of commercial motor vehicles (CMVs) in interstate operations who are required to possess a commercial driver's

license (CDL). The proposed rule would not apply to drivers who currently possess a CDL or obtain a CDL before a date 3 years after a final rule goes into effect. Following that date, persons applying for new or upgraded CDLs would be required to successfully complete specified minimum classroom and behind-the-wheel training from an accredited institution or program. The State driver-licensing agency would only issue a CDL if the applicant presented a valid Driver Training Certificate obtained from an accredited institution or program. This NPRM would strengthen the Agency's entry-level driver training requirements as a means to enhance the safety of CMV operations on our Nation's highways. This book contains: - The complete text of the Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators
