American History McGraw-Hill Humanities, Social Sciences & World Languages

How did liberalism, the great political tradition that from the New Deal to the 1960s seemed to dominate American politics, fall from favor so far and so fast? In this history of liberalism since the 1930s, a distinguished historian offers an eloquent account of postwar liberalism, where it came from, where it has gone, and why. The book supplies a crucial

chapter in the history of twentieth-century American politics as well as a valuable and clear perspective on the state of our nation's politics today. *Liberalism and Its Discontents* moves from a penetrating interpretation of Franklin D. Roosevelt and the New Deal to an analysis of the profound and frequently corrosive economic, social, and cultural changes that have undermined the liberal tradition. The book moves beyond an examination of the internal weaknesses of liberalism and the broad social and economic forces it faced to consider the role of alternative political traditions in liberalism's downfall. What emerges is a picture of a dominant political tradition far less uniform and stable--and far more complex and contested--than has been argued. The author offers as well a masterly assessment of how some of the leading historians of the postwar era explained (or failed to explain) liberalism and other political ideologies in the last half-century. He also makes clear how historical interpretation was itself a reflection of liberal assumptions that began to collapse more quickly and completely than almost any scholar could have imagined a generation ago. As both political history and a critique of that history, *Liberalism and Its Discontents*, based on extraordinary essays written over the last decade, leads to a new understanding of the shaping of modern America.

The Unfinished Nation Vintage

Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's *American History* provides students and instructors with a reliable, comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, the book explores areas of history such as social, cultural, urban, racial and ethnic history, the history of the West and South, environmental history, the history of women and gender, and American history in a global context. The twelfth edition of this text includes the McGraw-Hill's hit *Primary Source Investigator* (PSI) cd-rom, with hundreds of sources and a program that walks students through how to write a paper using those sources as evidence.

Brinkley, *The Unfinished Nation: A Concise History of the American People* © 2016 8e, Student Edition McGraw-Hill Humanities, Social Sciences & World Languages

Winner of the Pulitzer Prize in Non-Fiction. This book is a landmark in American political thought. Preeminent Richard Hofstadter examines the passion for progress and reform that colored the entire period from 1890 to 1940 with startling and stimulating results. *The Age of Reform* searches out the moral and emotional motives of the reformers the myths and dreams in which they believed, and the realities with which they had to compromise.

American History: A Survey McGraw-Hill Humanities, Social Sciences & World Languages

Known for its clear narrative voice, impeccable scholarship, and affordability, Alan

Brinkley's "The Unfinished Nation" offers a concise but comprehensive examination of American History. Balancing social and cultural history with traditional political and diplomatic themes, it tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. This fifth edition features eight new essays and enhanced coverage of recent events and developments in the continuing American story.

The End Of Reform McGraw-Hill Humanities, Social Sciences & World Languages

Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley. His debut work, the National Book Award-winning *Voices of Protest*, launched a storied career that considered the full spectrum of American political life. His books give serious and original treatments of populist dissent, the role of mass media, the struggles of liberalism and conservatism, and the powers and limits of the presidency. A longtime professor at Harvard University and Columbia University, Brinkley has shaped the field of U.S. history for generations of students through his textbooks and his mentorship of some of today's foremost historians. *Alan Brinkley: A Life in History* brings together essays on his major works and ideas, as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with, befriended, and influenced. Among the luminaries in this volume are the critic Frank Rich, the journalists Jonathan Alter and Nicholas Lemann, the biographer A. Scott Berg, and the historians Eric Foner and Lizabeth Cohen. Together, the seventeen essays that form this book chronicle the life and thought of a working historian, the development of historical scholarship in our time, and the role that history plays in our public life. At a moment when Americans are pondering the plight of their democracy, this volume offers a timely overview of a consummate student—and teacher—of the American political tradition.

American History McGraw-Hill Humanities/Social Sciences/Languages

This history of post-1941 America draws on social history, women's history, history of ideas, as well as traditional political and foreign policy history. Oral history and first-hand accounts are used to integrate the voices of ordinary Americans into the narrative.

American History: Connecting with the Past Columbia University Press

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great

Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*
