The Philips Wake-Up Light Alarm Clock is one of the very best of its kind and will help to ensure you start your day in the right way. The feature that immediately jumps out at you with this alarm is the light. It's designed to imitate a sunrise and will, therefore, increase very gradually over 30 mins before reaching maximum brightness.

This booklet describes three versions of the alarm system. The Optima version has the keypad and indicators on the main control panel. The Accenta version has the keypad and indicators on a small remote LCD or LED keypad. You operate the alarm system by pressing buttons on the keypad and viewing the indicators. Both alarm systems work the same way.
