The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convinced that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Curl up with a quirky small-town Alaskan rom-com that'll leave you laughing over: A grumpy local and the sunny tourist who turns his world upside down A rogue moose who threatens to steal every scene A vacation you'll never forget And a sweet romance that doesn't need to scald the pages to burn its way into your heart He had a strict "no tourists" policy...until she broke all of his rules. When Graham Barnett named his diner The Tourist Trap, he meant it as a joke. Now he's stuck slinging reindeer dogs to an endless parade of resort visitors who couldn't interest him less. Not even the sweet, enthusiastic tourist in the corner who blushes every time he looks her way... Two weeks in Alaska isn't just the top item on Zoey Caldwell's bucket list. It's the whole bucket. One look at the mountain town of Moose

Springs and she's smitten. But when an act of kindness brings Zoey into Graham's world, she may just find there's more to the grumpy local than meets the eye...and more to love in Moose Springs than just the Alaskan wilderness. This story of Alaska marries together all the things you didn't realize you needed: a whirlwind vacation, a friendly moose, a grumpy diner owner, a quirky tourist, plenty of restaurant humor, and a happy ending that'll take you away from it all.

In the late 1800s, John Muir made several trips to the pristine, relatively unexplored territory of Alaska, irresistibly drawn to its awe-inspiring glaciers and its wild menagerie of bears, bald eagles, wolves, and whales. Half-poet and half-geologist, he recorded his experiences and reflections in "Travels in Alaska," a work he was in the process of completing at the time of his death in 1914. As Edward Hoagland writes in his Introduction, "A century and a quarter later, we are reading [Muir's] account because there in the glorious fiords . . . he is at our elbow, nudging us along, prompting us to understand that heaven is on earth--is the Earth--and rapture is the sensible response wherever a clear line of sight remains." This Modern Library Paperback Classic includes photographs from the original 1915 edition.

100 Things to Do in Alaska Before You Die Morris Communications Cor

****The National Bestseller**** From the acclaimed, bestselling author of Turn Right at Machu Picchu, a fascinating, wild, and wonder-filled journey into Alaska, America's last frontier In 1899, railroad magnate Edward H. Harriman organized a most unusual summer voyage to the wilds of Alaska: He converted a steamship into a luxury "floating university," populated by some of America's best and brightest scientists and writers, including the anti-capitalist eco-prophet John Muir. Those aboard encountered a land of immeasurable beauty and impending environmental calamity. More than a hundred years later, Alaska is still America's most sublime wilderness, both the lure that draws one million tourists annually on Inside Passage cruises and as a natural resource larder waiting to be raided. As ever, it remains a magnet for weirdos and dreamers. Armed with Dramamine and an industrial-strength mosquito net, Mark Adams sets out to retrace the 1899 expedition. Traveling town to town by water, Adams ventures three thousand miles north through Wrangell, Juneau, and Glacier Bay, then continues west into the colder and stranger regions of the Aleutians and the Arctic Circle. Along the way, he encounters dozens of unusual characters (and a couple of very hungry bears) and investigates how lessons learned in 1899 might relate to Alaska's current struggles in adapting to the pressures of a changing climate and world.
