This book is designed to cover
one year's work in Hebrew
leading up to a full

understanding of the language. It has been used by the author with his students for many years and the published text is the result of testing and refining over these years. Every attempt has been made to make the grammar clear and simple. For example, all Hebrew words are transliterated, as well as being given in the original for the first three-quarters of the book. The grammatical discussion is made as unsophisticated as possible for it is the author's intention that this book should also be of use to those who study Hebrew without a teacher.

Aldred 's interlinear gloss to the Lindisfarne Gospels is a key text of late Old Northumbrian. The papers in this collection approach the gloss from a variety of perspectives to shed light on numerous issues, such as the

authorship of the gloss, its morphosyntax and vocabulary, its sources and intertextual relations, and Aldred 's cultural affiliations.
Water and fire Darton Longman and Todd
Noah's Flood is one of the Bible's most popular stories, and flood myths survive in many cultures today. This book presents the first comprehensive examination of the incorporation of the Flood myth into the Anglo-Saxon imagination. Focusing on literary representations, it contributes to our understanding of how Christian Anglo-Saxons perceived their place in the cosmos. For them,

history unfolded between the primeval Deluge and a future – perhaps imminent – flood of fire, which would destroy the world. This study reveals both an imaginative diversity and shared interpretations of the Flood myth. Anglo-Saxons saw the Flood as a climactic event in God’s ongoing war with his more rebellious creatures, but they also perceived the mystery of redemption through baptism. Anlezark studies a range of texts against their historical background, and discusses shifting emphases in the way the Flood was interpreted for diverse audiences. The book

concludes with a discussion of Beowulf, relating the epic poem’s presentation of the Flood myth to that of other Anglo-Saxon texts. Man into wolf Mascherato Mighty Lewd Books describes the emergence of a new home-grown English pornography. Through the examination of over 500 pieces of British erotica, this book looks at sex as seen in

erotic culture, religion and medicine throughout the long eighteenth-century, and provides a radical new approach to the study of sexuality. **World of Warcraft: Grimoire of the Shadowlands and Beyond** Open Book Publishers Charlie's the kind of boy that no one notices. and stagnation rot the old empire of Taldor to its core! When a high-minded cabal of Senators and nobles try to steer their nation away from disaster, Emperor Stavian III himself orders a bloodbath in the Senate halls, trapping neophyte spies inside layer upon layer of magical security. As tensions rise and the emperor falls, can the heroes escape the forgotten halls beneath the Senate and save the heir to Taldor from an assassin's blade? And even then, can anyone prevent a civil war that will tear the Inner Sea's oldest nation apart at its rotting seams? "Crownfall" is a Pathfinder Roleplaying Game adventure for 1st-level characters. The adventure kicks off the War for the Crown Adventure Path, as players drag a once-grand nation kicking and screaming into the modern day, becoming legendary politicians, spymasters, and nobles in their own right. A selection of new monsters, a city gazetteer of Taldor's capital Oppara, a look at magical relics and the power they conceal, and an overview of the campaign round out this volume of the Pathfinder Adventure Path. Each monthly

full-color softcover Pathfinder Adventure Path volume contains an in-depth adventure scenario, stats for several new monsters, and support articles meant to give Game Masters additional material to expand their campaign. Pathfinder Adventure Path volumes use the Open Game License and work with both the Pathfinder RPG and the world's oldest fantasy RPG.
The Roleplaying

Game Manchester University Press
The image of a giant sword melting stands at the structural and thematic heart of the Old English heroic poem Beowulf. This meticulously researched book investigates the nature and significance of this golden-hilted weapon and its likely relatives

within Beowulf and beyond, drawing on the fields of Old English and Old Norse language and literature, liturgy, archaeology, astronomy, folklore and comparative mythology. In Part I, Pettit explores the complex of connotations surrounding this image (from icicles to candles and crosses) by

examining a range of Freyr, and explores medieval sources, the capacity of and argues that the myths to recur and giant sword may endure across time. function as a Drawing on an visual motif in eclectic range of which pre-Christian narrative and Germanic concepts linguistic evidence and prominent from Northern Christian symbols European texts, and coalesce. In Part on archaeological II, Pettit discoveries, Pettit investigates the suggests that the broader Germanic image of the giant background to this sword, and the image, especially characters and in relation to the events associated god Ing/Yngvi- with it, may reflect an elemental struggle between the sun and the moon, articulated through an underlying myth about the theft and repossession of sunlight. The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf' is a welcome contribution to the overlapping fields of Beowulf-scholarship, Old

Norse-Icelandic literature and Germanic philology. Not only does it present a wealth of new readings that shed light on the craft of the Beowulf-poet and inform our understanding of the poem's major episodes and themes; it further highlights the merits of adopting an interdisciplinary

approach alongside a comparative vantage point. As such, The Waning Sword will be compelling reading for Beowulf-scholars and for a wider audience of medievalists. An Anglo-Saxon Reader, with Philological Notes, a Brief Grammar, and a Vocabulary Springer Originally published in 1900, this book was the first investigation of the devil and the Vice as dramatic figures, and a study of these figures led to a new view of the subject: it is, in brief, that the appearance of the

devil in the non-dramatic as well as in the dramatic literature is limited to a definite range. As a dramatic figure the devil falls more and more into the background and the Vice is distinct in origin and function from the devil.

Past and Present

Simon and Schuster Religion and spirituality are still among the most common motivations for travel - many

major tourism destinations have developed largely as a result of their connections to sacred people, places and events. Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion, this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners,

religious organizations, scholars, and tourism service providers must deal with on a daily basis. Bringing together a distinguished list of contributors, this volume takes a global approach and incorporates substantial empirical cases from Hinduism, Islam, Judaism, Roman Catholicism, Mormonism, New Ageism, Sikhism, Buddhism, and the

spiritual philosophies of East Asia. On a conceptual level, it considers, amongst other topics: contested heritage the pilgrim-tourist dichotomy secularization of pilgrimage experiences religious humanism educational aspects of religious tourism commodification of religious icons and services. A vibrant collection of essays, this outstanding book

discusses many important paradigms, and problems that are currently being examined and debated. It raises an array of significant and interesting questions and as such is a valuable resource for students, scholars and researchers of tourism, religion and cultural studies. **The Devil and the Vice in the English Dramatic Literature Before Shakespeare**

Guide - Warrior
Many readers drawn into the heroic tales of J. R. R. Tolkien's imaginary world of Middle-earth have given little conscious thought to the importance of the land itself in his stories or to the vital roles played by the flora and fauna of that land. As a result, *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion* are rarely considered to

be works of environmental literature or mentioned together with such authors as John Muir, Rachel Carson, or Aldo Leopold. Tolkien's works do not express an activist agenda; instead, his environmentalism is expressed in the form of literary fiction. Nonetheless, Tolkien's vision of nature is as passionate and has had as profound an influence on his readers as that of many contemporary environmental writers.

The burgeoning field of agrarianism provides new insights into Tolkien's view of the natural world and environmental responsibility. In *Ents*, *Elves*, and *Eriador*, Matthew Dickerson and Jonathan Evans show how Tolkien anticipated some of the tenets of modern environmentalism in the imagined world of Middle-earth and the races with which it is peopled. The philosophical foundations that define Tolkien's

environmentalism, as well as the practical outworking of these philosophies, are found throughout his work. Agrarianism is evident in the pastoral lifestyle and sustainable agriculture of the *Hobbits*, as they harmoniously cultivate the land for food and goods. The *Elves* practice aesthetic, sustainable horticulture as they shape their forest environs into an elaborate garden. To complete Tolkien's vision, the *Ents* of

Fangorn Forest represent what Dickerson and Evans label feraculture, which seeks to preserve wilderness in its natural form. Unlike the Entwives, who are described as cultivating food in tame gardens, the Ents risk eventual extinction for their beliefs. These ecological philosophies reflect an aspect of Christian stewardship rooted in Tolkien's Catholic faith. Dickerson and Evans define it as

"stewardship of the kind modeled by Gandalf," a stewardship that nurtures the land rather than exploiting its life-sustaining capacities to the point of exhaustion. Gandalfian stewardship is at odds with the forces of greed exemplified by Sauron and Saruman, who, with their lust for power, ruin the land they inhabit, serving as a dire warning of what comes to pass when stewardly care is corrupted or ignored. Dickerson and Evans

examine Tolkien's major works as well as his lesser-known stories and essays, comparing his writing to that of the most important naturalists of the past century. A vital contribution to environmental literature and an essential addition to Tolkien scholarship, *Ents, Elves, and Eriador* offers both Tolkien fans and environmentalists an understanding of Middle-earth that has profound implications for environmental

stewardship in the present and the future of our own world.

The Sword of Judith

An ominous vision and the discovery of a

gruesome corpse lead Sarah Engelmann into a terrifying encounter with the supernatural in 1913 Salem, Massachusetts. With help from Alex, an attractive Greek immigrant, Sarah sets out to track the evil to its source, never guessing that she will take on a conspiracy involving not only a 900-year vampire, but also a demon-loving Puritan warlock, disgruntled Egyptian gods, and an immortal sorcerer, all on a quest to recover the

holy trumpet of the Archangel Gabriel. Relying on the wisdom of an elderly vampire hunter, Sarah's rabbi father, and her own disturbing visions, Sarah must fight a millennia-old battle between unspeakable forces, where the ultimate prize might be herself.
