Alfa Romeo ist die sportlichste Fiat-Marke. In Mailand beheimatet, bauten die Italiener stets sportliche Autos, mit Leidenschaft und „Cuore Sportivo“, diesen wunderbaren Motoren. Auch wenn der wirtschaftliche Erfolg mitunter ausblieb und der Rost manche Modelle arg zernagte: Kein Großserienhersteller baut schönere Autos und elegantere Modelle - kein Wunder, dass Alfisti ihre Marke so lieben. Höchste Zeit daher für diesen Typenkompass, der alle wichtigen Daten und Fakten zu den Modellen seit 1945 liefert.

It was in 1919 that Ugo Zagato established Carrozzeria U. Zagato & C., a business that acquired great fame in just a few years among the numerous car manufacturers of the period, first of all Alfa Romeo, which entrusted the Milanese body stylist with designing and building the body of the unforgettable 6C 1750, as it did its 8C 2900 that appeared in the '30s. From then on, the famous marque became synonymous with style - not only in Italy - designing a series of masterpieces including the Lancia Aprilia Sport, the various Panoramic cars of the immediate post-war period, the Aston Martin DB4, the Alfa Romeo SZ and TZ, the Lancias Fulvia, Flavia and Flaminia and many more. From the '90s Zagato re-emerged as an atelier, designing small production run cars and sometimes one-offs for its wealthy clients. Luciano Greggio, the automobile historian, covers the fascinating story of this prestigious body stylist and has also written other books in the series as well as Zagato. The series, to be published soon, includes books on Touring, Bertone, Pininfarina, Giugiaro and Vignale & Ghia.

British Motorship

Having left motor racing in the early 1950s - at least officially - Alfa Romeo returned to the sport once again at the start of the following decade due to the commitment and enthusiasm of Autodelta. This Alfa offshoot distinguished itself by preparing and racing about 30 of the manufacturer's different cars that really did make history. Among them, the Giulia TZ holds a place at the head of the crowd. It had a 1.5-litre, 113 hp engine from the Giulia SS, front and rear suspension of modern conception, disc brakes and an especially bold body shaped by Zagato on a modern tubular chassis. Those were the strong points of this car, which scored results of absolute prestige in its brief career at Sebring, in the Targa Florio, the 24 Hours of Le Mans and the Tour de France. Vito Witting da Prato, already the author of a meticulously written book on the Alfa Romeo SZ, covers the winning, human, technical and sporting factors of this unforgettable car in a monumental work. A book which, to the precise text and painstaking historical reconstruction, has been added illustrations of

previously unpublished pictures and technical designs by Autodelta.
