<u>Alfa Romeo Owners</u> <u>Workshop Manual</u> VelocePress Saloon & Coupe, including GTV. Does not fully cover additional features of special/limited edition. Does NOT cover 2.5 litre GTV-6. Petrol: 1.6 into print. The litre (1570cc), 1.8 litre (1779cc) & 2.0 litre (1962cc). Alfa Sud Veloce Enterprises, Incorporated VelocePress, in close cooperation with Brooklands Books Ltd., has brought this and other repair manuals previously published as part of the Autobooks Owners Workshop Manual Series back

series is an invaluable resource for the classic car enthusiast and a must have for owners interested in performing their own maintenance. Alfa Romeo Giulia and Giulietta Models Repair & Service Manual, 1959-69 Motorbooks International Alfa Romeo never published an all inclusive WSM for the Giulia series of automobiles. Instead, they produced a number of individual

'Technical' publications that provided model specific information + individual 'Mechanical Repair' publications that were focused on the overhaul and service of various mechanical and electrical components. Alfa Romeo Autobook One Haynes Publications This manual is compiled using data from seven of the Alfa Romeo factory 'Mechanical Repair' publications plus a number of additional pages of maintenance, repair, overhaul and wiring diagrams that were not included in the factory publications. Alfa Romeo Shop Manual

Veloce Enterprises, Incorporated With 340 pages, and more than 500 illustrations and charts, size 8.25 x 10.75 inches, replaced by the 101 Series this is possibly the most complete workshop manual for the Alfa Romeo 750 & 101 series of automobiles. It includes: A reprint of the September 1958 factory Workshop Manual (No.637). The 12-page 'Transmission Appendix' from the December 1957 manual (No.611). The 15-page 1962 'Enclosure to the Shop Manual-Technical Characteristics' (No.854) plus the 1963 and 1964 'Technical

Characteristics' publications for until they were replaced by the the 1600cc models (27 pages). Introduced in 1954, the initial 750 Series Giulietta was Giulietta in 1959. Both the 750 and 101 models were powered by a 1300cc (1290cc) engine. The engine capacity was increased in 1962 with the introduction of a 1600cc (1570cc) unit. Co-incident with this engine update, the Giulietta publication of 'Technical name was changed to Giulia, although they still retained their & 1964) that updated the original 101 Series designation. From 1962 onwards, the updated Giulietta continued to be sold under the Giulia name

all-new 105 Series Giulia-based models in 1965. As the predominance of the basic mechanical components of the 750 and 101 models remained unchanged during their 1954-1965 production run, the original Giulietta workshop manual was considered adequate and the factory supplemented it with the Characteristics' booklets (1963 Factory manual with technical data specific to the 1600cc equipped cars. Timeline of the English language manuals

issued by the Alfa factory for the volume. It should be noted that the factory in September 1961 750 & 101 Series Giulietta and booklet 14 'Special Tools and Giulia models: The first English Equipment' was omitted from language Workshop Manual (Part No.577 - 600 copies) was issued in May 1957 and it consisted of 14 individual booklets in a ring binder. In addition, a separate booklet numbered 15 was added a little this manual are almost photo later that was identified as 'Special Repair Data for the 'Sprint Veloce, Spider and Super Spider'. In December a softbound workshop manual (Part No.611) that combined the booklets from the May 1957 omitted. This same part publication into a single

this edition and that the images are of poor quality. In September 1958, another 1000 copies of a softbound single volume manual (Part No.637) was issued and the images in quality. This edition also included the previously missing 'Special Tools' section. However, for some unknown 1957, Alfa issued 1000 copies of reason the 12-page appendix to the transmission section from the December 1957 edition was and Spider were fitted with the number (637) was reprinted by

(1000 copies). Finally, in November 1962, Alfa issued 2000 copies of a 15-page booklet 'Enclosure to the Shop Manual - Technical Characteristics' (Part No.854). This booklet expanded the technical data for the 1300cc models that was previously included in 'Technical Specifications' section of both the ring bound and softbound workshop manuals. However, in 1962, the Giulietta sport models: Sprint, Sprint Special new 1600cc engine and the Giulietta Series 101 name was

dropped but they continued to be sold under the Giulia name (as 101 Series vehicles) until they were replaced by the allnew 105 Series Giulia-based models in 1965. Consequently, for the sake of completeness, the 20-page October 1963 'Technical Characteristics' booklet (Part No. 955 - 1000 copies) for the 1600cc Giulia Ti, Spider & Sprint and the 7-page October 1964 'Technical Characteristics' for the Giulia Spider Veloce should be a required addition to this list of manuals for the 750 and 101 Series models.

Workshop Manual Alfetta Alfa

Romeo Veloce Publishing Ltd Alfa Romeo never published an 'all inclusive' manual for the SPICA Fuel Injection system and detailed information can only be found in their individual 'Technical' publications. This manual is a compilation of six of those factory publications, it includes the only information ever issued by Alfa Romeo for the SPICA fuel injection system. Workshop Manual, Alfetta, Transmission, Suspension, Vehicle Height and Geometry, Steering Gear, Brakes Veloce Enterprises, Incorporated Following in the tracks of the author's well-known Alfa

DOHC tuning manual, Jim Kartalamakis describes all kinds of useful information and techniques to increase power, performance and reliability of V6 Alfas and their engines.
