500 Ways to Achieve Your Best Grades We want you to succeed on your college algebra and trigonometry midterm and final exams. That's why we've selected these 500 questions to help you study more effectively, use your preparation time wisely, and get your best grades. These questions and answers are similar to the ones you'll find on a typical college exam, so you will know what to expect on test day. Each question includes a concise, easy-to-follow explanation in the answer key. Whether you have been studying all year or are reviewing at the last minute, McGraw-Hill's 500 College Algebra and Trigonometry Questions will help you achieve the grade you desire. Sharpen your subject knowledge and build your test-taking confidence with: 500 essential college algebra and trigonometry questions Complete answer explanations Comprehensive coverage of first-year college algebra and trigonometry topics CLEP. Learning Express (NY)

All the Math You Needs to Succeed in Algebra II This book will help you develop the math skills needed to succeed in the classroom and on standardized tests. The user-friendly pages are filled with easy-to-follow explanations of key algebra II concepts, followed by detailed examples that clearly

demonstrate how to solve common problems.

Hundreds of practice questions will help you master each concept, sharpen your problem-solving skills, and build confidence. Features include:

- Topics aligned with national and state standards for algebra II courses
- Content focused on helping you excel in the classroom and on standardized tests
- Concise, clear explanations to easily grasp key concepts
- Thorough examples that illustrate how to solve typical algebra II questions
- More than 500 math problems that provide extensive opportunities to practice your new skills
- Helpful appendixes covering matrices and probabilities

Topics covered:

- Linear Equations and Inequalities
- Functions
- Quadratic Relationships
- Complex Numbers
- Polynomial Functions
- Rational and Irrational Functions
- Exponential and Logarithmic Functions
- Sequences and Series
- Trigonometry
- Descriptive Statistics
- Inferential Statistics

Algebra 1 Barrons Educational Series

REA's CLEP test preps are perfect for adults returning to college or attending for the first time, military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. / Our review covers all the College Algebra topics found on the official exam: sets, number systems and operations, exponents and radicals, equations, inequalities, ratio and proportion, and more. / Students start their study by taking our half-length diagnostic practice test online. This timed test includes automatic scoring and diagnostic feedback, so students can pinpoint their strengths and weaknesses. The book includes 2 full-length practice tests that mirror the actual exam, allowing test-takers to become familiar with the test format before taking the CLEP. Each practice test comes with detailed explanations of answers, so students can identify areas in need of improvement and be prepared on test day.
