How to have fun and understand the  
crazy environment of a Vegas vacation  
The Unofficial Guide to Las Vegas  
2020 emphasizes how to have fun and  
understand the crazy environment that  
is today's Vegas. With insightful  
writing, up-to-date reviews of major  
attractions, and a lot of local  
knowledge, The Unofficial Guide to Las  
Vegas has it all. It is the only guide that  
explains how Las Vegas works and  
how to make every minute and every  
dollar of your time there count.

Eclipsing the usual list of choices, the  
guide unambiguously rates and ranks  
everything from hotels, restaurants,  
and attractions to rental car companies.  
The book contains sections about the  
history of the town, and the chapters on  
gambling are fascinating.

The software industry has undergone  
rapid development since the beginning of

the twenty-first century. These changes have had a profound impact on translators who, due to the evolving nature of digital content, are under increasing pressure to adapt their ways of working. Localizing Apps looks at these challenges by focusing on the localization of software applications, or apps. In each of the five core chapters, Johann Roturier examines: The role of translation and other linguistic activities in adapting software to the needs of different cultures (localization); The procedures required to prepare source content before it gets localized (internationalization); The measures taken by software companies to guarantee the quality and success of a localized app. With practical tasks, suggestions for further reading and concise chapter summaries, Localizing Apps takes a comprehensive look at the transformation processes and tools used by the software industry today. This text is essential reading for students, researchers and translators working in the area of translation and creative digital media.

D.I.Y Laptop Repair: The Portable Field Reference Guide Peachpit Press

Essential Skills for a Successful IT Career

The professional's favored tool for over a decade, this backbone reference provides a comprehensive set of drafting elements that can be used from contract to contract. Move step-by-step through the contract-creation process --from conducting the initial client meeting to closing the deal, with detailed discussions of the eleven, essential drafting elements, parties, recitals, subject, consideration, warranties and representations, risk allocation, conditions, performance, dates and term, boilerplate, and signatures. A favorite reference tool for professional drafters for over a decade, Drafting Effective Contracts combines a clear analysis of how effective agreements are structured with a practical breakdown of the essential elements of any contract-- giving you the best way to draft contracts. This completely updated practical reference guide presents a consistent structural analysis and a comprehensive set of drafting elements that can be used from contract to contract. You are led step-by-step through the process by which contracts are created, given clear sample contract provisions, and offered direction around the obstacles that may be encountered in drafting agreements for goods and services, promissory notes, guaranties, and secured transactions. Drafting Effective Contracts provides a complete handbook for drafting legal agreements that work. For starters, you get a practical and comprehensive approach to the overall contract process--from conducting the initial client meeting to closing the deal. You'll find a detailed discussion of the 11 drafting elements that every contract may have: Parties Recitals Subject Consideration Warranties and Representations Risk Allocation Conditions Performance Dates and Term Boilerplate Signatures After you get a solid explanation of these essential elements and how they're assembled to create effective contracts, you get key strategies for negotiating the agreement and closing the deal. You get an overview of the legal concepts that underpin various types of agreements --such as promissory notes, guaranties, security agreements, and agreements for the sale of goods and services. Then you'll see how to apply the drafting elements to create the finished contract. You also get an array of sample agreements and contracts as well as statutory material. Only Drafting Effective Contracts combines the best benefits of a forms book and a treatise to give you the most complete tool for building effective legal agreements.
