His L.A. Cinderella Hodder & Stoughton

A condensed history of the state, a number of biographies of its distinguished citizens, a brief descriptive history of each of the counties mentioned, and numerous biographical sketches of the citizens of such county.

Fighting for Life HarperCollins

Popularly thought of as a recreational vehicle and one of the key ingredients of an ideal wilderness getaway, the canoe is also a political vessel. A potent symbol and practice of Indigenous cultures and traditions, the canoe has also been adopted to assert conservation ideals, feminist empowerment, citizenship practices, and multicultural goals. Documenting many of these various uses, this book asserts that the canoe is not merely a matter of leisure and pleasure; it is folded into many facets of our political life. Taking a critical stance on the canoe, *The Politics of the Canoe* expands and enlarges the stories that we tell about the canoe's relationship to, for example, colonialism, nationalism, environmentalism, and resource politics. To think about the canoe as a political vessel is to recognize how intertwined canoes are in the public life, governance, authority, social conditions, and ideologies of particular cultures, nations, and states. Almost everywhere we turn, and any way we look at it, the canoe both affects and is affected by complex political and cultural histories. Across Canada and the U.S., canoeing cultures have been born of activism and resistance as much as of adherence to the mythologies of wilderness and nation building. The essays in this volume show that canoes can enhance how we engage with and interpret not only our physical environments, but also our histories and present-day societies.

Commemorative Biographical Record of the County of Kent, Ontario
Macmillan

Mapping with Words reconceptualizes settler writing as literary cartography. The topographical descriptions of early Canadian settler writers generated not only picturesque and sublime landscapes, but also verbal maps. These worked to orient readers, reinforcing and expanding the cartographic order

of the emerging colonial dominion. Drawing upon the work of critical and cultural geographers as well as literary theorists, Sarah Wylie Krotz opens up important aesthetic and political dimensions of both familiar and obscure texts from the nineteenth century, including Thomas Cary's *Abram's Plains*, George Monroe Grant's *Ocean to Ocean*, and Susanna Moodie's *Roughing it in the Bush*. Highlighting the complex territoriality that emerges from their cartographic aesthetics, Krotz offers fresh readings of these texts, illuminating their role in an emerging spatial imaginary that was at once deeply invested in the production of colonial spaces and at the same time enmeshed in the realities of confronting Indigenous sovereignties.

The Politics of the Canoe New York: Farrar & Rinehart

The breathtaking action and romance build to a climax in this thrilling conclusion to the *Sky Fall* trilogy from the New York Times and USA TODAY bestselling author of the *Keeper of the Lost Cities* series. Vane Weston is ready for battle. Against Raiden's army. Against the slowly corrupting Gale Force. Even against his own peaceful nature as a Westerly. He'll do whatever it takes, including storming Raiden's icy fortress with the three people he trusts the least. Anything to bring Audra home safely. But Audra won't wait for someone to rescue her. She has Gus—the guardian she was captured with. And she has a strange "guide" left behind by the one prisoner who managed to escape Raiden. The wind is also rising to her side, rallying against their common enemy. When the forces align, Audra makes her play—but Raiden is ready. Freedom has never held such an impossible price, and both groups know the sacrifices will be great. But Vane and Audra started this fight together. They'll end it the same way.

Blood Kin Penguin

"She didn't believe in love until a real-life Peter Pan stole her heart"--Front cover.

Reports of Cases Heard and Determined by the Supreme Court of South Carolina University of Toronto Press

Everything about Sarah Bernhardt is fascinating, from her obscure birth to her glorious career--redefining the very nature of her art--to her amazing (and highly public) romantic life, to her indomitable spirit. Well into her seventies, after the amputation of her leg, she was performing under bombardment for soldiers during World War I and toured America for the ninth time. Though the Bernhardt literature is vast, this is the first English-language biography to appear in decades, tracking the trajectory through which an illegitimate--and scandalous--daughter of a Jewish courtesan transformed herself into the most famous actress who ever lived, and into a national icon, a symbol of France.--From publisher description.

Pompeii Archive Little, Brown

Rarely does a debut novel attract the sweeping critical acclaim of Ceridwen Dovey's *Blood Kin*. Shortlisted for two prestigious awards, this tale centers around a military coup in an unnamed country, with characters

who have no names or any identifying physical characteristics. Known simply as the ex-President's chef, barber, and portrait painter, these three men perform their mundane tasks and appear unaware of the atrocities of their employer's regime. But when the President is deposed, the trio are revealed as less than innocent. A deeply chilling yet sensual novel, *Blood Kin* illustrates Lord Acton's famous quip, "Absolute power corrupts absolutely," and marks the beginning of an illustrious literary career.

All These Lives Anchor

From the New York Times bestselling author of *Reconstructing Amelia* comes a fast-paced teen series where one girl learns that in a world of intrigue, betrayal, and deeply buried secrets, it is vital to trust your instincts. It all starts with a text: Please, Wylie, I need your help. Wylie hasn't heard from Cassie in over a week, not since their last fight. But that doesn't matter. Cassie's in trouble, so Wylie decides to do what she has done so many times before: save her best friend from herself. This time it's different, though. Instead of telling Wylie where she is, Cassie sends cryptic clues. And instead of having Wylie come by herself, Jasper shows up saying Cassie sent him to help. Trusting the guy who sent Cassie off the rails doesn't feel right, but Wylie has no choice but to ignore her gut instinct and go with him. But figuring out where Cassie is goes from difficult to dangerous, fast. As Wylie and Jasper head farther and farther north into the dense woods of Maine, Wylie struggles to control her growing sense that something is really wrong. What isn't Cassie telling them? And could finding her be only the beginning? In this breakneck tale, New York Times bestselling author Kimberly McCreight brilliantly chronicles a fateful journey that begins with a single decision—and ends up changing everything.

Report of State Officers, Board and Committees to the General

Assembly of the State of South

Carolina New York Review of Books

From the author of the New York Times bestseller *Before the Fall*, an intense, psychological novel about one doctor's suspense-filled quest to unlock the mind of a suspected political assassin: his twenty-year old son. As a rheumatologist, Dr. Paul Allen's specialty is diagnosing patients other doctors have given up on. His son, Daniel Allen has always been a good kid but, as a child of divorce, he is also something of a drifter. Which may be

why, at the age of nineteen, he quietly drops out of Vassar and begins an aimless journey across the United States, shedding his former skin and eventually even changing his name. One night, Paul is home with his family when a televised news report announces that the Democratic candidate for president has been shot, and Daniel is the lead suspect. Convinced of his son's innocence Paul begins to trace his son's steps to see where Daniel, or perhaps Paul, went wrong, beginning a harrowing journey--about the responsibilities of being a parent and the capacity for unconditional love in the face of an unthinkable situation—that keeps one guessing until the very end.

Lives of the Novelists Simon and Schuster

Cassidy Malone describes herself as a plain, slightly plump schoolteacher—totally unsuitable for Hollywood life. Unfortunately she is now at the beck and call of top movie mogul and old flame Will Ryan. Once upon a time she signed a contract, in a whirlwind of youth and confidence. Now, as they write the script they never finished, Will's devilish smile and lethal charm make her yearn for the safety of the classroom!

The Future Plans of College Women

Farrar, Straus and Giroux (BYR)

For the first time, the Cambridge Analytica whistleblower tells the inside story of the data mining and psychological manipulation behind the election of Donald Trump and the Brexit referendum, connecting Facebook, WikiLeaks, Russian intelligence, and international hackers. "Mindf*ck demonstrates how digital influence operations, when they converged with the nasty business of politics, managed to hollow out democracies."—The Washington Post Mindf*ck goes deep inside Cambridge Analytica's "American operations," which were driven by Steve Bannon's vision to remake America and fueled by mysterious billionaire Robert Mercer's money, as it weaponized and wielded the massive store of data it had harvested on individuals—in excess of 87 million—to disunite the United States and set Americans against each other. Bannon had long sensed that deep within America's soul lurked an explosive tension. Cambridge Analytica had the data to prove it, and in 2016

Bannon had a presidential campaign to use as his proving ground. Christopher Wylie might have seemed an unlikely figure to be at the center of such an operation. Canadian and liberal in his politics, he was only twenty-four when he got a job with a London firm that worked with the U.K. Ministry of Defense and was charged putatively with helping to build a team of data scientists to create new tools to identify and combat radical extremism online. In short order, those same military tools were turned to political purposes, and Cambridge Analytica was born. Wylie's decision to become a whistleblower prompted the largest data-crime investigation in history. His story is both exposé and dire warning about a sudden problem born of very new and powerful capabilities. It has not only laid bare the profound vulnerabilities—and profound carelessness—in the enormous companies that drive the attention economy, it has also exposed the profound vulnerabilities of democracy itself. What happened in 2016 was just a trial run. Ruthless actors are coming for your data, and they want to control what you think.

All These Lives Macmillan

Let the Wind Rise Simon and Schuster

Sophie has always lived her life in the shadow of her mother's bipolar disorder: monitoring medication, making sure the rent is paid, rushing home after school instead of spending time with friends, and keeping secrets from everyone. But when a suicide attempt lands Sophie's mother in the hospital, Sophie no longer has to watch over her. She moves in with her aunt, uncle, and cousin—a family she's been estranged from for the past five years. Rolling her suitcase across town to her family's house is easy. What's harder is figuring out how to rebuild her life. And as her mother's release approaches and the old obligations loom, Sophie finds herself torn between her responsibilities toward her mother and her desire to live her own life, Sophie must decide what to do next.

The Green Museum Penguin

Following the pack and doing what you are told may get you a job and even a promotion, but it won't lead to real success. Entrepreneur Arthur Wylie, who made his first million by 26, has conquered the worlds of finance, real

estate, and entertainment with more than \$50 million in deals brokered and almost half a billion in assets and transactions under management. He has several subsidiaries that have diversified into film development, consulting, venture capital, speaking engagements, celebrity events, book publishing, technology, philanthropy, and real estate ventures internationally. In *Only the Crazy and Fearless Win BIG!*, he shares a little secret that few books discuss—to win big you have to be fearless and, sometimes, even a little crazy. Wylie outlines real-world examples from some of history and present-day's most well-known names and everyday entrepreneurs in every industry, profession, and segment of the economy. *Only the Crazy and Fearless Win BIG!* shows how their decisions raised eyebrows, dropped jaws, and met resistance—yet proved to be right. A few crazy and fearless decisions that led to victory and success, to fame and respect:

- **Dominate with Class:** Mexican Billionaire and world's richest man, Carlos Slim, shows how to dominate a market to empower others
- **Being Fearless:** CEO Steve Jobs is fired from Apple
- **Passion:** Sara Blakely used what she hated to become successful in an untapped market
- **People Power:** Henry Ford pays his workers double the industry average
- **Relentless:** Richard Branson pushes through obstacles and makes billions
- **How Crazy:** Intern-now-CEO Sean Combs's \$300 Million Clothing line beats out his entertainment business

Through Wylie's experience and guidance, he weaves together the lessons of these stories and more to share what it means to your life, wealth, career and business.

This is How I Find Her All These Lives Convinced that she has nine lives after cheating death twice as a child, sixteen-year-old Dani tries to forfeit her remaining lives in hopes of saving her twin sister, Jena, whose leukemia is consuming their family.

Only the Crazy and Fearless Win BIG! Random House

Published on the occasion of the exhibition Pompeii: Photographs and Fragments held at the Yale University Art Gallery, March 2, 2018-August 19, 2018.

Never Ever Albert Whitman & Company

No previous author has attempted a

book such as this: a complete history of novels written in the English language, from the genre's seventeenth-century origins to the present day. In the spirit of Dr. Johnson's *Lives of the Poets*, acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction—from gothic, penny dreadful, and pornography to fantasy, romance, and high literature. Each author was chosen, Professor Sutherland explains, because his or her books are well worth reading and are likely to remain so for at least another century. Sutherland presents these authors in chronological order, in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work. Taken together, these novelists provide both a history of the novel and a guide to its rich variety.

Always entertaining, and sometimes shocking, Sutherland considers writers as diverse as Daniel Defoe, Henry James, James Joyce, Edgar Allan Poe, Virginia Woolf, Michael Crichton, Jeffrey Archer, and Jacqueline Susann. Written for all lovers of fiction, *Lives of the Novelists* succeeds both as introduction and re-introduction, as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings.

Wylie Univ. of Manitoba Press

While teenaged Vane discovers more of what it means to be a windwalker and his guardian sylph Audra struggles with her deepest desires, both must band together to face greater challenges than they have ever known.

All These Lives Penguin

NEW YORK TIMES BESTSELLER "Fully realized, wholly absorbing and almost painfully suspenseful...The journey is mesmerizing." —New York Times A woman receives an unexpected visitor during a deadly snowstorm in this chilling thriller from New York Times bestselling author Heather Gudenkauf. True crime writer Wylie Lark doesn't mind being snowed in at the isolated farmhouse where she's retreated to write her new book. A cozy fire, complete silence. It would be perfect, if not for the fact that decades earlier, at this very house, two people were murdered in cold blood and a girl disappeared without a trace. As the storm worsens, Wylie finds herself trapped inside the house, haunted by the secrets contained within its walls—haunted by secrets of her own. Then she discovers a

small child in the snow just outside. After bringing the child inside for warmth and safety, she begins to search for answers. But soon it becomes clear that the farmhouse isn't as isolated as she thought, and someone is willing to do anything to find them. And don't miss these other great stories by Heather! *The Weight of Silence* *These Things Hidden Little Mercies* *Missing Pieces* *Not a Sound Before She Was Found* *This is How I Lied*
