Specialty Worker Mountaineers Books
CLICK HERE to download sample hikes from Day Hiking New England

- *Provides difficulty ratings, hike distances, GPS coordinates, elevation gains, permitting information, and more
- *115 routes—including many loops
- *Doesn't overlap with the author's 100 Classics Hikes: New England—together the two guides capture more than 200 unique hiking routes!

The hikes described in this guidebook showcase the breadth and diversity of New England's picturesque landscapes: from the sand dunes of Cape Cod to the lofty summits of the White Mountains, from the sweeping ridges of the Berkshires to Maine's rocky coastline, from the traprock cliffs of the Connecticut River Valley to the lush forests of Vermont. Taking advantage of the patchwork of conserved lands protected over the past century, the book showcases the region's premier hiking destinations that include national parks, forests, and wildlife refuges; state parks, public lands, and wildlife management areas; and land trust preserves. Jeff has detailed a range of trails, from a nearby hike you can knock out before dinner, to one promising more challenge and big rewards in terms of views and solitude. This new guide covers the best day hiking trails in six states, including short jaunts on the Appalachian Trail, the lush hills and coast of Maine, the White Mountains of New Hampshire, the Long Trail in Vermont, the Massachusetts coast, the Berkshires and forests of Connecticut, and the preserves of Rhode Island.

****Mountaineers Books** designates 1 percent of the sales of select guidebooks in our Day Hiking series toward volunteer trail maintenance. Since launching this program, we've contributed more than \$14,000 toward improving trails. For this book, our 1 percent of sales is going to Washington Trails Association (WTA). WTA hosts more than 750 work parties throughout Washington's Cascades and Olympics each year, with volunteers clearing downed logs after spring snowmelt, cutting away brush, retreading worn stretches of trail, and building bridges and turnpikes. Their efforts are essential to the land managers who maintain thousands of acres on shoestring budgets.

Skiing Philip Stone
In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

[NOTE: This is Volume I of a two-volume set; each volume must be purchased separately.] Setting the new standard: The SAT Math book that you've been waiting for. The game-changing 1600.io "Orange Book" establishes a new category of premium SAT instructional materials. This groundbreaking text is not a collection of "tricks" or "hacks" for getting around the SAT's function of assessing students' skills. Instead, it meets the test on its own terms by providing comprehensive, clear, and patient education in every mathematical concept that can appear on the exam according to the officially published specifications for the test. The renowned SAT preparation team at 1600.io used their extensive experience based on the tens of thousands of students who have passed through our virtual doors to craft this two-volume set (of which this is Volume I) with a fanatical attention to every detail, no matter how small, and we poured into it everything we've learned about how to most effectively help each student acquire the firm, confident grasp of math they need to become a confident master of the material - and, therefore, of the math sections of the SAT. Every SAT math topic, clearly explained Our team spent two years analyzing every math problem on every released test to ensure that we provided engaging, cogent, and thorough explanations for all of the needed concepts. We've got problems... ..and our problems are going to be your problems. More than 16 tests' worth of meticulously constructed SAT-style example and practice problems with hundreds of fully-worked-out solutions. A 1600.io invention: SkillDrills(TM) Many problem-solving techniques are composed of building block skills, so rather than forcing students to make the leap right from instruction to tackling test problems, we provide the intermediate step of these innovative mini-problem sets that build essential skills - and students' confidence. Instant topic lookup for released SAT problems Every one of the 1,276 math problems on the released SATs has been cross-referenced with the section of this pair of books where the primary math skill is fully explained, so students are supported for the entire learning cycle. Each chapter in each volume in the series contains chapters which have section problems, chapter problems, SkillDrills, answer keys, and lists of related real problems from released tests. Volume I (this book) contains the following chapters: Foundations Linear Relationships Slope-Intercept Form Standard Form/Parallel and Perpendicular Lines Systems of Linear Equations Linear Inequalities and Absolute Value Exponents and Radicals/Roots Introduction to Polynomials Solving Quadratic Equations> Extraneous Solutions and Dividing Polynomials The Graphs of Quadratic Equations and Polynomials Number of Zeros/Imaginary and Complex Numbers Volume II (available separately) contains the following chapters: Ratios, Probability, and Proportions Percentages Exponential Relationships Scatterplots and Line Graphs Functions Statistics Unit Conversions Angles, Triangles, and Trigonometry Circles and Volume

Wormholes Note that this is a two-volume set, with the topics divided between the volumes, so students should purchase both volumes to have the complete text.

The Early Alpine Guides Mountaineers Books
Let's walk! But where? How? Who with? How far? A multi-day back-packing expedition or a stroll in the park? This book covers these questions, and will take you through ten basic steps to enjoying walking/hiking/tramping/rambling. Above all, the author provides the key to successful walking -leadership. Peter Davies has led walks in Britain, France, Austria, Spain, Switzerland and New Zealand. He gives practical advice - with stories from his twenty years' experience - on achieving the pleasures of walking and avoiding (mostly) the perils.

29 New Zealand Holiday Itineraries and Touring Maps for the Independent Traveller Ann Gimpel Books, LLC
2018 Chanticleer I & I Grand Prize Book Award Winner Move over traditional sightseeing, throngs of visitors, and tourist traps! Explore Europe on Foot gives travelers an alternative way to discover Europe. A hiking vacation offers countless rewards: the time to admire the tidiness of a village farm, soak in the rugged alpine view from a rocky perch, and absorb a country through the smells of its landscape and encounters with locals. Explore Europe on Foot is a complete guide to conceptualizing, planning, and executing the slow-travel hike (or hikes!) of a lifetime. Author Cassandra Overby tells you how you can spend all, or even just part, of your vacation enjoying scenery, small towns, and cultural experiences most travelers miss—all without carrying a big backpack. This guide offers all the nuts and bolts you need: how to choose a route that is right for you, how to plan, what to pack, what to expect, how to find accommodations and food, how to deal with challenges along the way, and so much more. These aren't wilderness backpacking trips, but rather a wide range of town-to-town walks that offer the opportunity to have an authentic, affordable, restorative vacation. Travelers will also appreciate overviews of fifteen long-distance trails in Belgium, France, Italy, Germany, Great Britain, Morocco, Portugal, Spain, Switzerland, and Turkey, with itineraries that range from one to fifteen days. For those unwilling to go all-in, Cassandra also offers tips on incorporating day-hike outings into a more traditional vacation. The focus is on how to craft that more immersive vacation so users of the guide will be able to apply what they learn to their own dream destinations. 15 Handpicked Walks include: Rota Vicentina, Portugal English Way, Spain Mont Saint-Michel, France Alsace Wine Route, France Tour du Mont Blanc, France and Italy Cinque Terre 2.0, Italy Lycian Way, Turkey Alpine Pass Route, Switzerland King Ludwig's Way, Germany The Moselle, Germany The Ardennes, Luxembourg and Belgium The Lake District, England, UK West Highland Way, Scotland, UK Laugavegur Trek, Iceland The Sahara Desert, Morocco

An Autobiography Wheatmark, Inc.
Dark. Daunting. Unforgettable. Survival adds a demanding edge to love in the wilds. Tina made a pact with the devil seven years ago. It's time to pay the piper—or die. Independent to the nth degree, Tina meets everything in her life head-on—except love. When an almost-forgotten pact with the devil returns to haunt her, Tina throws a trip to the Andes together to face her nemesis. Better to die on her feet than wait for him to make good on his threats. Craig never understood why Tina walked out of his life years before. He's never loved anyone like he loved her. His mountain guide service takes up all his time, but he's never forgotten her. When his back's been up against the wall, he's invited her to fill in as expedition doctor, but beyond that, he's kept his distance. Having his heart stomped on once was quite enough. Caught between misgivings and need, Tina signs on as team doctor for one of Craig's climbing trips to the Andes. Though he was the love of her life, she pushed him away years before to keep him safe. Even if he doesn't love her anymore, there's still no one she'd rather have by her side in the mountains. And if she's going to die, she wants to make things right between them.

University Press of New England
Avid climber Dougald MacDonald has gathered histories, hair-raising tales, and personal journeys to tell of this prominent peak in the Rocky Mountain National Park. Reflections on mountaineering, geology and wildlife are presented with historic images and gorgeous, full-color contemporary photography. The Rough Guide to Austria

Lucas Brunn has been waiting for a chance to defend his homeland ever since the Nazis aryanized the Vienna Medical School and expelled everyone without a German birth certificate. When the Resistance finally assigns him a mission, however, it isn't what he expects: Lucas is to disguise himself as a priest, steal into a Nazi controlled salt mine where wooden crates are stored, and identify the contents. His fear turns to shock when he opens a small crate and finds himself face-to-face with the Mona Lisa. Lucas hides the masterpiece, stabbing a Wehrmacht guard in the process, but his mission is far from over. There are thousands of paintings to recover and a more personal battle to fight -- the Nazis, after discovering Lucas's identity, kill his father and arrest Erika, his fianc é e. Depot Dora tells the true story of Operation Ebensburg, a WWII mission, the events of which have been depicted in The Monuments Men and Where Eagles Dare. At turns enthralling and romantic, the novel will inspire you to think about how far you'd go to protect your country and the people you love.

Backpacker

This unique book celebrates and documents the incredible and colorful biodiversity of the mountain landscapes of eastern North America, covering all of the major alpine ecosystems in New England, New York, Qu Ě bec, Newfoundland, and Labrador. Twenty scientists, explorers, naturalists, and land managers from the United States and Canada have collaborated to create this definitive and beautiful account of the flora and fauna of the eastern alpine tundra.

Backpacker

Examine the life of the pioneering guide in these 144 letters sharing his thoughts on immigrating to Canada, his passion for nature, his travels, and more. Conrad Kain is a titan amongst climbers in Canada and is well-known in mountaineering circles all over the world. His letters to Amelie Malek—a life-long friend—offer a candid view into the deepest thoughts of the Austrian mountain guide, and are a perfect complement to his autobiography, Where the Clouds Can Go. The 144 letters provide a unique and personal view of what it meant to immigrate to Canada in the early part of the twentieth century. Kain ’ s letters are ordered chronologically with annotations, keeping the sections in English untouched, while those in German have been carefully translated. Historians and mountain culture enthusiasts worldwide will appreciate Kain ’ s genius for description, his passion for nature, his opinions, and his musings about his life. “ In a culture that enjoys as many romantic figures as there are mountain peaks on the horizon as viewed from a lofty summit, Conrad Kain holds a special place in the historical landscape of western Canada ’ s mountains. Robinson . . . makes no secret of his affection for Kain, and that's a good thing, because he handles the letters Kain wrote throughout his adult life while guiding in Canada and New Zealand to his dear friend in Austria, Amelie Malek, with the care and reverence they so richly deserve. ” —Lynn Martel, Alpine Club of Canada Gazette “ From his letters, it ’ s obvious that Kain loved climbing mountains for the physical challenge, to meet interesting people, to make a living, and for opportunities to travel around the world, but most especially because of his all-consuming love of the natural world. ” —Cyndi M. Smith, The Canadian Field-Naturalist, Vol. 129, No. 1
