Over 100,000 copies in print! If you look around in your church today, two-thirds of the young people who are sitting among us have already left in their hearts; soon they will be gone for good. This is the alarming conclusion from a study *Answers in Genesis* commissioned from America's Research Group, led by respected researcher Britt Beemer. The results may unnerve you - they may shake long-held assumptions to the core - but these results need to be taken seriously by the church. *Already Gone* reveals:

- Why America's churches have lost an entire generation of believers
- The views of 1,000 twenty-somethings, solidly raised in the church but no longer attending - and their reasons why
- Relevant statistical data effectively teamed with powerful apologetics

The study found that we are losing our kids in elementary, middle school, and high school rather than college, and the "Sunday school syndrome" is contributing to the epidemic, rather than helping alleviate it. This is an alarming wake-up call for the church, showing how our programs and our approaches to Christian education are failing...and our children are paying the price. Though the statistics reveal a huge disconnect taking place between our children and their church experience, *Already Gone* shows how to fight back for our families, our churches, and our world. We can make a difference today that will affect the statistics of tomorrow in a positive and Christ-focused way!

The Read-Aloud Family *Already Gone*
The New York Times bestselling, groundbreaking manifesto on the critical school years when parents must learn to allow their children to experience the disappointment and frustration that occur from life ' s inevitable problems so that they can grow up to be successful, resilient, and self-reliant adults Modern parenting is defined by an unprecedented level of overprotectiveness: parents who rush to school at the whim of a phone call to deliver forgotten assignments, who challenge teachers on report card disappointments, mastermind children ' s friendships, and interfere on the playing

field. As teacher and writer Jessica Lahey explains, even though these parents see themselves as being highly responsive to their children ' s well being, they aren ' t giving them the chance to experience failure—or the opportunity to learn to solve their own problems. Overparenting has the potential to ruin a child ' s confidence and undermine their education, Lahey reminds us. Teachers don ' t just teach reading, writing, and arithmetic. They teach responsibility, organization, manners, restraint, and foresight—important life skills children carry with them long after they leave the classroom. Providing a path toward solutions, Lahey lays out a blueprint with targeted advice for handling homework, report cards, social dynamics, and sports. Most importantly, she sets forth a plan to help parents learn to step back and embrace their children ' s failures. Hard-hitting yet warm and wise, *The Gift of Failure* is essential reading for parents, educators, and psychologists nationwide who want to help children succeed.

If I Have to Tell You One More Time... Firefly Books
Thousands of books have examined the effects of parents on their children. In *All Joy and No Fun*, award-winning journalist Jennifer Senior now asks: what are the effects of children on their parents? In *All Joy and No Fun*, award-winning journalist Jennifer Senior tries to tackle this question, isolating and analyzing the many ways in which children reshape their parents' lives, whether it's their marriages, their jobs, their habits, their hobbies, their friendships, or their internal senses of self. She argues that changes in the last half century have radically altered the roles of today's mothers and fathers, making their mandates at once more complex and far less clear. Recruiting from a wide variety of sources—in history, sociology, economics, psychology, philosophy, and anthropology—she dissects

both the timeless strains of parenting and the ones that are brand new, and then brings her research to life in the homes of ordinary parents around the country. The result is an unforgettable series of family portraits, starting with parents of young children and progressing to parents of teens. Through lively and accessible storytelling, Senior follows these mothers and fathers as they wrestle with some of parenthood's deepest vexations—and luxuriate in some of its finest rewards. Meticulously researched yet imbued with emotional intelligence, *All Joy and No Fun* makes us reconsider some of our culture's most basic beliefs about parenthood, all while illuminating the profound ways children deepen and add purpose to our lives. By focusing on parenthood, rather than parenting, the book is original and essential reading for mothers and fathers of today—and tomorrow. *The Answers Book for Kids* Henry Holt and Company

In a language kids can understand, Randy Alcorn explores Biblical answers to the questions kids often have about heaven. As in the adult title, *Heaven*, he addresses the difference between the present Heaven, where we go when we die, and the New Earth, where we will live forever with Jesus after he returns. Intended for kids age 8-12, *Heaven for Kids* is sure to be an excellent resource for families, especially those in which the parents have read the adult title and wish to pass on that same level of understanding to their children. The book features ten chapters of questions, and answers based on scripture and written in a style relevant to today's kids. The book also has a summary of the Gospel for those who want to be sure they are going to Heaven someday. Randy encourages kids to live “in Light of Heaven.”

Gone Crazy in Alabama Philomel
It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will..."

Say Goodbye to Whining, Complaining, and Bad Attitudes... in You and Your Kids Time For Kids
Our children are facing cultural "giants" that previous generations could never have imagined. Secularism, depravity, immorality, and apathy taunt Christians with a barrage of hate and intolerance. Will our children be equipped to stand strong against these giants or will they be overcome? That is the question Christian parents are asking. In this book, Ken Ham gives us a powerful message about the importance of raising strong believers who can stand in the face of a world that will challenge, disparage, and seek to eliminate their faith. He also helps prepare parents to equip the next generation to thrive in the face of cultural adversity and emerge as tomorrow's Christian leaders.
