Ren is in desperate need of a rebound fling. Lucky for him, the smoking hot contractor he hired has just the tool for the job. The last thing I want is another relationship or another broken heart. All I need are my bees and the occasional hookup to scratch the itch.Okay, maybe meeting up with my hot contractor weekly is a little more than occasional. And maybe the way I'm starting to feel about the guy I've been anonymously chatting with online should concern me.But CaulkyAF doesn't want to meet, and Cole doesn't want anything serious, so what's the worst that could happen?\*\*\*\*\* Caulky is book 1 in the Four Bears Construction Series and can be read as a stand-alone. This is a funny, steamy MM story guaranteed to make you laugh and swoon. Absolutely NO cheating and NO love triangle. This series does NOT contain shifters, it's the OTHER kind of bears.

New York Times bestselling author, Food Network star, and The Pioneer Woman herself, Ree Drummond brings us the first book in a brand-new picture book series! In Ree's own words: "I was all grown up when I moved out to the country. When I first arrived, I felt so out of place! But eventually, I looked around and discovered all the wonderful things about country life. So I decided to write a story about my experiences, as seen through the eyes of a little girl named Ree. Little Ree moves to the country and feels as scared and unsure as I was. But then she finds that if she sets her mind to it, being a country girl is a pretty cool thing. Come along on her adventures!" Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents' ranch. She's excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn't eat everything in sight. And that's all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn't about the right pair of boots, it's all about the right attitude. With warmth, humor, and stories inspired by life on the ranch, Ree Drummond's new picture book introduces us to a spunky new picture book star and treats us to a special pancake recipe at the end!

From the archives of the Library of Congress: "An irresistible treasury for book and library lovers." —Booklist (starred review) The Library of Congress brings book lovers an enriching tribute to the power of the written word and to the history of our most beloved books. Featuring more than two hundred full-color images of original catalog cards, first edition book covers, and photographs from the library's magnificent archives, this collection is a visual celebration of the rarely seen treasures in one of the world's most famous libraries and the brilliant catalog system that has kept it organized for hundreds of years. Packed with engaging facts on literary classics—from Ulysses to The Cat in the Hat to Shakespeare's First Folio to The Catcher in the Rye—this is an ode to the enduring magic and importance of books. "The Card Catalog is many things: a lucid overview of the history of bibliographic practices, a paeon to the Library of Congress, a memento of the cherished card catalogs of yore, and an illustrated collection of bookish trivia . . . . The illustrations are amazing: luscious reproductions of dozens of cards, lists, covers, title pages, and other images guaranteed to bring a wistful gleam to the book nerd's eye." —The Washington Post

Produced by Climate Central—a highly regarded independent, nonprofit journalism and research foundation founded in 2008—and reviewed by scientists at major educational and research institutions the world over, Global Weirdness summarizes, in clear and accessible prose, everything we know about the science of climate change; explains what is likely to happen to the climate in the future; and lays out in practical terms what we can and cannot do to avoid further shifts. Sixty easy-to-read entries tackle such questions as: Is climate ever “normal”? Why and how do fossil-fuel burning and other human practices produce greenhouse gases? What natural forces have caused climate change in the past? What risks does climate change pose for human health? What accounts for the diminishment of mountain glaciers and small ice caps around the world since 1850? What are the economic costs and benefits of reducing carbon emissions? Global Weirdness enlarges our understanding of how climate change affects our daily lives, and arms us with the incontrovertible facts we need to make informed decisions about the future of the planet and of humankind. With black-and-white images interspersed throughout.

The Latin poet Horace is, along with his friend Virgil, the most celebrated of the poets of the reign of the Emperor Augustus, and, with Virgil, the most influential. These marvelously constructed poems with their unswerving clarity of vision and their extraordinary range of tone and emotion have deeply affected the poetry of Shakespeare, Ben Jonson, Herbert, Dryden, Marvell, Pope, Samuel Johnson, Wordsworth, Frost, Larkin, Auden, and many others, in English and in other languages. David Ferry, the acclaimed poet and translator of Gilgamesh, has made an inspired translation of the complete Odes of Horace, one that conveys the wit, ardor and sublimity of the original with a music of all its own. Available as an ebook for the first time, this edition includes only the English language translation of the Odes. As Rosanna Warren noted about Ferry's work in The Threepenny Review, "We finally have an English Horace whose rhythmical subtlety and variety do justice to the Latin poet's own inventiveness, in which emotion rises from the motion of the verse . . . To sense the achievement, one has to read the collection as a whole . . . and they can take one's breath away even as they continue breathing."

Orphaned at a young age, Erith Lock has a cruel upbringing at the hands of a harsh stepmother. At the tender age of sixteen, a ruthless act leaves her shattered, struggling for survival. When all she has is her word, she makes a solemn vow to three small children. But circumstances drastically change, and the promise could take years to fulfill. She fears it might be better broken. When her past must be confronted, Erith finds herself facing unbearable choices that resound with adversity and might cost her everything. Enduring self-doubt pushes Erith to her breaking point. Will she allow hope and kindness to guide her, or will it be safer to remain captive in the grip of her unfortunate past?

Critical Discourse in the Old South Die Gestalten Verlag-DGV

The volume focusses on intermediate concepts of the PIC16F1847-Based PLC project, and covers arithmetical operation ability of PLCs, logical function performers and operations like AND, NAND, OR, NOR. Further, it explains shift and rotate macros moving bits in a register to right or left, and selection macros enabling one value to be selected from several given values according to certain criteria. Demultiplexer circuit is illustrated, which is used to send a signal to one of many devices. Finally, it explains decoder, priority encoder and conversion macros. All the concepts are supported using flowcharts. Aimed at researchers and graduate students in electrical engineering, power electronics, robotics and automation, sensors, this book: Presents arithmetical and logical macros to carry out arithmetical and logical operations to be used for 8-bit or 16-bit variables and/or constant values. Provides shift and rotate macros to do arithmetical or logical shift and rotate operations to be used for 8-bit or 16-bit variables. Proposes selection macros to enable the user to do 8-bit or 16-bit move, load, selection, maximum, minimum, limiting, multiplexing and byte multiplexing operations. Develops demultiplexer macros, decoder macros and priority encoder macros to be used as combinational circuits. Presents conversion macros to provide functions to convert given data from one format to another one.

43 Years of Being Awesome Michael Joseph

Madame Rosette is a short, gripping story of life in wartime from Roald Dahl, the master of the shocking tale. In Madame Rosette, Roald Dahl, one of the world's favourite authors, tells of three fighter pilots who go in search of female company and get more than they bargained for - a lot more. Madame Rosette is taken from the short story collection Over to You, which includes nine other dramatic and terrifying tales of life as a wartime fighter pilot, and is drawn from Dahl's own experiences during the Second World War. This story is also available as a Penguin digital audio download read by Julian Rhind-Tutt. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

**Intermediate Concepts** Farrar, Straus and Giroux

Silent Power, like its bestselling predecessor Life Was Never Meant to be a Struggle, is a tiny book filled with practical advice on living more fully using your "silent power." Author Stuart Wilde claims that there is a silent power within you, an inner knowing that grows because you understand its infinity. Silent power teaches you hour by hour; it is with you this very minute! As you begin to trust your power, it can lead you step by step to the next person and place in your life.
