Ask a Manager Routledge

The Encyclopedia of Violence, Peace, and Conflict, a three-volume set written by more than 200 eminent contributors from around the world, takes advantage of increasing, worldwide awareness in the public, private, commercial, and academic sectors about manifestations of violence in all segments of society. While the contributors do not use these volumes to make specific arguments, they do describe and clarify the developments in thought that have led to current theories about and positions on violence and peace. Our reviewers consistently note that while many in-depth studies of war, peace, and aggression exist, the attendant specialization keeps scholars from learning about related fields. No publication competing with the Encyclopedia of Violence, Peace, and Conflict can satisfy their need for a vast introductory work to such a diverse and socially-important field. This major work includes more than 190 multidisciplinary articles with over 1,000 cross-references and more than 2,000 bibliography entries for further reading which are arranged alphabetically for easy access. More than 190 multidisciplinary articles with over 1,000 cross-references Article outline and glossary of key terms begin each article Entries arranged alphabetically for easy access Three-volume set with subject indexes of over 750 entries Articles written by more than 200 eminent contributors from around the world

Mediation and Arbitration of Employment Disputes Columbia University Press

In this thought-provoking, passionately written book, Bernard Mayer—an internationally acclaimed leader in the field—dares practitioners to ask the hard questions about alternative dispute resolution. What's wrong with conflict resolution? Why aren't more individuals and organizations using conflict resolution when they have a problem? Why doesn't the public know more about it? What are the limits of conflict resolution? When does conflict resolution work and when does it not? Offering a committed practitioner's critique of the profession of mediation, arbitration, and alternative dispute resolution, *Beyond Neutrality* focuses on the current crisis in the field of conflict resolution and offers a pragmatic response.

Alternative Dispute Resolution Aspatore Books

Now in paperback, this book addresses the rapidly evolving field of Alternative Dispute Resolution in a manner ahead of its time. Taking a cross-disciplinary approach, it explains the cognitive, social, organizational and developmental psychology theories that influence ADR and its approaches. From mediation to arbitration to hybrid processes, it helps students understand the strengths and weaknesses of the many varieties of ADR, and why various approaches succeed or fail. This edition includes streamlined coverage of conflict diagnosis, increased treatment of non-adversarial, facilitative forms of dispute resolution, and the latest legal and ethical trends impacting the field. For human resources personnel, dispute resolution system designers, trainers and ombuds, as well as ADR neutrals and neutrals-in-training

Discussions in Dispute Resolution Aspen Publishers

Commerce is inherently complex and the sums of money involved can be astronomical, so it is no surprise that conflicts and disputes are all too common. There are numerous techniques designed to resolve these problems, and this book summarizes the most important of these, as well as alternative dispute resolution methods. The reader seeking a deeper understanding of these procedures will also find clear explanations of the principles and methods for conflict management, such as negotiation, risk management, mediation and conciliation. As well as outlining these different techniques, guidance on which approach is appropriate in common situations is also given, helping the reader apply what they have learned to the real world. The significance of cultural issues is explained, before the reader is presented with suggestions for how to take these into account. Throughout, the book is illustrated with case studies from examples as diverse as Mumbai's DabbaWalla, The First World War and Terminal 5 at London Heathrow. Written with undergraduate students in mind, this book also serves to give a neat and brief overview for professionals. Those studying or working in commerce generally, construction project management, construction management, and construction law will find this to be an invaluable book.

Dispute Resolution Taylor & Francis

Today, Alternative Dispute Resolution (ADR) has gained international recognition and is widely used to complement the conventional methods of resolving disputes through courts of law. ADR simply entails all modes of dispute settlement/resolution other than the traditional approaches of dispute settlement through courts of law. Mainly, these modes are: negotiation, mediation, [re]conciliation, and arbitration. The modern ADR movement began in the United States as a result of two main concerns for reforming the American justice system: the need for better-quality processes and outcomes in the judicial system; and the need for efficiency of justice. ADR was transplanted into the African legal systems in the 1980s and 1990s as a result of the liberalization of the African economies, which was accompanied by such conditionalities as reform of the justice and legal sectors, under the Structural Adjustment Programmes. However, most of the methods of ADR that are promoted for inclusion in African justice systems are similar to pre-colonial African dispute settlement mechanisms that encouraged restoration of harmony and social bonds in the justice system. In Tanzania ADR was introduced in 1994 through Government Notice No. 422, which amended the First Schedule to the Civil Procedure Code Act (1966), and it is now an inherent component of the country's legal system. In recognition of its importance in civil litigation in Tanzania, ADR has been made a compulsory subject in higher learning/training institutions for lawyers. This handbook provides theories, principles, examples of practice, and materials relating to ADR in Tanzania and is therefore an essential resource for practicing lawyers as well as law students with an interest in Tanzania. It also contains additional information on evolving standards in international commercial arbitration, which are very useful to legal practitioners and law students.

Prospects in International Investment Law and Policy African Books Collective

Practicing Narrative Mediation provides mediation practitioners with practical narrative approaches that can be applied to a wide variety of conflict resolution

situations. Written by John Winslade and Gerald Monk—leaders in the narrative therapy movement—the book contains suggestions and illustrative examples for applying the proven narrative technique when working with restorative conferencing and mediation in organizations, schools, health care, divorce cases, employer and employee problems, and civil and international conflicts. *Practicing Narrative Mediation* also explores the most recent research available on discursive positioning and exposes the influence of the moment-to-moment factors that are playing out in conflict situations. The authors include new concepts derived from narrative family work such as "absent but implicit," "double listening," and "outsider-witness practices."

A History of Alternative Dispute Resolution Federation Press

A Guide for Policy and Practice This book offers a road map to dramatically reduce workplace conflict and legal costs. ADR is a revolutionary trAnd that offers the potential for resolving disputes in a fair and reasonable manner, at tremAndous savings to everyone involved. On behalf of consumers, businesses, and ordinary Americans trapped in a liability logjam, bravo Dunlop and Zack! --Jerry J. Jasinowski, president, National Association of Manufacturers For many employers and employees alike, alternative dispute resolution (ADR) offers clear advantage over recourse to a legal system compromised by staggering case loads, Andless appeals, and high litigation costs. Indeed, ADR may prove the best hope for the equitable, affordable, and expeditious adjudication of employment dispute claims. Now, two of the people most responsible for the adoption of due process arbitration standards--standards that finally gave ADR real teeth--take a comprehensive look at due process arbitration in practice and offer policy guidelines, as well as an action plan for establishing mediation and arbitration as the cornerstones of any dispute resolution system.

Dispute System Design Aspen Publishers

Addresses the most central debates in contemporary investment law and policy.

Practicing Narrative Mediation Academic Press

Though it defies consensus, between 1900 & 2006 campaigns of nonviolent resistance were more than twice as effective as violent struggles. This study combines statistical analysis with case studies to debunk the myth that violence occurs because of structural & environmental factors & is necessary to achieve certain political goals.

The 7cs Compass for Conflict Resolution Studies in Orthodox Judaism

This empowering guide goes beyond observable techniques to offer a close look at the creative internal processes--both cognitive and psychological--that successful mediators and other conflict resolvers draw upon.

Alternative Dispute Resolution for Organizations John Wiley & Sons

"Managing Workplace Conflict critically analyses Alternative Dispute Resolution (ADR) in Australian workplaces. It includes coverage of: various ADR techniques and the roles played by ADR practitioners in workplace conflict; the need for workplace grievance policies and the forms these can take; the suitability of ADR for various types of disputes; the effects of the Work Choices Act 2005 (Cth) on dispute resolution; and three case studies where ADR was utilised in workplace conflict and the experiences of both the human resource consultant and their clients. *Managing Workplace Conflict* is written against the background of a rapidly changing Australian labour market. It argues that ADR in the Australian workplace needs to be conducted with an understanding of the changed industrial relations environment and the power differences between key workplace stakeholders, as well as commitment to ethical practice and workplace justice. It presents the key concepts central to the practice of ADR in Australia and provides a practical, useable reference book for both the professional and the student." -- back cover

Why Civil Resistance Works John Wiley & Sons

This book brings together over 40 papers presented at the 1992 International Construction Conflict Management & Resolution Conference held in Manchester, UK. Six themes are covered, including alternative dispute resolution, conflict management, claims procedures, litigation and arbitration, international construction, and education and the future. With papers from arbitrators, architects, barristers, civil engineers, chartered surveyors and solicitors, this book represents the first multi-disciplinary body of knowledge on Construction Conflict and will act as a unique source of reference for both legal and construction professionals.

Encyclopedia of Violence, Peace, and Conflict John Wiley & Sons

This book is about conflict resolution through mediation, from a psychological perspective. Although written in part from the point of view of litigation, the objective is to demonstrate how an appreciation of the psychological aspects of conflict and an understanding of the emotional strategies people adopt in dispute situations can assist both lawyers and non-lawyers in resolving conflicts. The book consists of three sections- a theoretical analysis of conflict and conflict resolution; a practical, legal and experiential explanation of mediation; and thirdly a series of mock mediations, comprehensively analysed from the viewpoint of the mediator and the parties, providing tips and guidance on the dilemmas and pitfalls that mediators encounter. The book is based on three fundamental tenets: that conflict is ever present, and cannot be eliminated but can be worked with; that the attitude and stance of the mediator towards the dispute can be of significance to the outcome; and above all that the use of psychotherapeutic tools can facilitate a paradigm shift in the parties' approach to conflict. The authors demonstrate how the mediator can move parties in dispute from a position of intransigent adversity to a working alliance, and thereby achieve a 'good enough' resolution.

The Conflict Resolution Toolbox A&C Black

A History of Alternative Dispute Resolution offers a comprehensive review of the various types of peaceful practices for resolving conflicts. Written by Jerome Barrett—a longtime practitioner, innovator, and leading historian in the field of ADR—and his son Joseph Barrett, this volume traces the evolution of the ADR process and offers an overview of the precursors to ADR, including negotiation, arbitration, and mediation. The authors explore the colorful beginnings of ADR using illustrative examples from prehistoric Shaman through the European Law Merchant. In addition, the book offers the historical context for the use of ADR in the arenas of diplomacy and business.

Fundamentals of Jewish Conflict Resolution Cambridge University Press

Alternative Dispute Resolution (ADR) is a rapidly growing field, due to its popularity as an alternative to long and expensive lawsuits. ADR involves resolving disputes of any kind outside of the judicial system, through negotiation, mediation, arbitration, and other processes. This book is for people who work within organizations and are involved in disputes themselves, or for people who are required to deal with or resolve disputes. It covers how to set up a dispute resolution process in an organization.

Alternative Dispute Resolution and Peace-building in Africa Wiley

Within the past few years, innovative methods have been developed not only to settle disputes out of court but also to supplement or replace the means by which legislatures, businesses, communities, therapists, and schools handle conflicts that once could be resolved only by litigation or force. *Settling Disputes* serves as an essential guide to the new settlement alternatives. This updated edition, in response to the rapid changes of the past five years, includes substantial new material that describes recent transformations in the way that courts and public agencies respond to disputes. The book discusses alternative dispute resolution from the viewpoints of potential participants and offers advice to those who are involved in disputes to help them analyze their situations and goals. Finally, it provides suggestions for professionals involved in dispute resolution and for those whose jobs in law, business, or government are affected by the new options for settling disputes. The dispute resolution movement continues to offer the most hopeful, powerful alternative to the business and personal costs of litigation or, worse, of violence. It has tremendous implications for the professional lives of Americans, for their private lives—as parents, spouses, neighbors, and consumers—and for their role as citizens. The first edition of *Settling Disputes* was awarded the 1990 Center for Public Resources Book Prize.

Creativity and Conflict Resolution Jossey-Bass

For graduate and advanced undergraduate courses in Dispute Resolution. This text addresses new and innovative ways to promote collaborative environments and resolve disputes in construction by emphasizing the different steps in the Dispute Resolution Ladder and spelling out the main features of a conflict management plan. It also includes some practical applications of Dispute Avoidance and Resolution Techniques in the construction industry throughout different cultures.

Journal of Dispute Resolution Ballantine Books

Negotiation -- Mediation -- Arbitration -- Dispute resolution public policy.

Conflict Mediation Across Cultures John Wiley & Sons

"Skills & Values: Alternative Dispute Resolution is designed to give students both theory and practical application for the skills and values which come into play during the various forms of alternative dispute resolution, including negotiation, mediation, collaborative law and arbitration. It may be successfully used as a stand-alone course book or as a practical supplement to a standard text. Each chapter focuses on a different aspect of the dispute resolution process. The idea is to read the material and then test and develop knowledge through exercises and simulations"--

ADR in the Workplace Oxford University Press

This work is a systematic study of the genesis, operation and outcomes of alternative dispute resolution (ADR) in Ireland. ADR innovations are examined in the context of long-run changes in the pattern of conflict in the workplace and against the background of commercial and regulatory developments bearing on organizations.
