America the Beautiful by Ben Carson, M.D - A 15-Minute Instaread Summary Sentinel
Dear Reader, Many people have wondered why I've been speaking out on controversial issues for the last few years. They say I've never held political office. I'm not a constitutional scholar. I'm not even a lawyer. All I can say to that is "Guilty as charged." It's true that I've never voted for a budget America could not afford. I've never raised anyone's taxes. And I've never promised a lobbyist anything in exchange for a donation. Luckily, none of that really matters. Our founding fathers didn't want a permanent governing class of professional politicians. They wanted a republic, in Lincoln's words, "of the people, by the people, and for the people." A country where any farmer, small-business owner, manual laborer, or doctor could speak up and make a difference. I believe that making a difference starts with understanding our amazing founding document, the U.S. Constitution. And as someone who has performed brain surgery thousands of times, I can assure you that the Constitution isn't brain surgery. The founders wrote it for ordinary men and women, in clear, precise, simple language. They intentionally made it short enough to read in a single sitting and to carry in your pocket. I wrote this book to

encourage every citizen to read and think about the Constitution, and to help defend it from those who misinterpret and undermine it. In our age of political correctness it's especially important to defend the Bill of Rights, which guarantees our freedom to speak, bear arms, practice our religion, and much more. The Constitution isn't history--it's about your life in America today. And defending it is about what kind of country our children and grandchildren will inherit. I hope you'll enjoy learning about the fascinating ways that the founders established the greatest democracy in history--and the ways that recent presidents, congresses, and courts have threatened that democracy. As the Preamble says, the purpose of the Constitution is to create a more perfect union. My goal is to empower you to help protect that union and secure the blessings of liberty. Sincerely, Ben Carson
A Walk in the Woods Zondervan
Dr. Ben Carson, the acclaimed, bestselling author of *One Nation*, *America the Beautiful*, and *Gifted Hands*, returns with his unique blend of insight, clarity, and common sense in *A More Perfect Union*. Dr. Carson proves that you don't have to be a legal scholar to understand, appreciate, and defend the United States Constitution.
Rediscovering America WestBow Press
In *The Big Picture*, Dr. Ben Carson shows how to get perspective on what's really important, sharing the spiritual and philosophical beliefs that shaped his own life.
A Voyage Long and Strange Zondervan
From Inner-City Nobody to Brilliant Neurosurgeon
When Ben Carson was in school, his classmates called him the class dummy. Many—including Ben himself—doubted that he would ever amount to anything. But his mother never let him quit. She encouraged Ben to do better and reach higher for his dreams, and eventually he discovered a deep love of learning. Today this young boy from the inner-city is one of the world's greatest pediatric neurosurgeons. Through determination and lot of hard work, Ben overcame his many obstacles and is

now dedicated to saving the lives of critically ill children around the world.

Describes the life and career of Dr. Ben Carson, the director of pediatric neurosurgery at Johns Hopkins Hospital.
U. S. Route 1: *Rediscovering the New World Review & Herald Pub Assn*
God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

A Reader's Perspective
Preview of the earlier chapters:
Chapter 1 Carson grew up in Detroit and Boston when the civil rights movement was changing the social landscape. He was aware of racism all around him. Carson belonged to a segment of the population that was often deprived of opportunities. Rather than cause him to stop fighting, racism inspired him to prove his worth by excelling in school. America was built on a legacy of rebellion. Early Americans fought for change at great personal risk. The Founding Fathers understood injustices that existed in the world and strove to design a government that would level the playing field. However, Americans appear to have lost the ability to endure hardship and to sacrifice for future generations. America's current state, its growing debt, excessive spending, and elected leaders who ignore the will of the people, closely resembles the circumstances preceding the

American Revolution. During that time, colonists were forced to rebel against extreme taxation and threats to the freedoms they enjoyed in the New World. However, modern Americans seem to have forgotten what their Founding Fathers sacrificed for the privileges they continue to enjoy...

A More Perfect Union Creators Publishing
The bestselling author of *Blue Latitudes* takes us on a thrilling and eye-opening voyage to pre-Mayflower America. On a chance visit to Plymouth Rock, Tony Horwitz realizes he's mislaid more than a century of American history, from Columbus's sail in 1492 to Jamestown's founding in 1607. Did nothing happen in between? Determined to find out, he embarks on a journey of rediscovery, following in the footsteps of the many Europeans who preceded the Pilgrims to America. An irresistible blend of history, myth, and misadventure, *A Voyage Long and Strange* captures the wonder and drama of first contact. Vikings, conquistadors, French voyageurs—these and many others roamed an unknown continent in quest of grapes, gold, converts, even a cure for syphilis. Though most failed, their remarkable exploits left an enduring mark on the land and people encountered by late-arriving English settlers. Tracing this legacy with his own epic trek—from Florida's Fountain of Youth to Plymouth's sacred Rock, from desert pueblos to subarctic sweat lodges—Tony Horwitz explores the revealing gap between what we enshrine and what we forget. Displaying his trademark talent for humor, narrative, and historical insight, *A Voyage Long and Strange* allows us to rediscover the New World for ourselves.

“Rediscovering America makes available in English for the first time a varied sampling of writings about the United States by Japanese observers from many different walks of life.” — Robert Tierney, author of *Tropics of Savagery: The Culture of Japanese Empire in Comparative Frame* “Rediscovering America is a splendid collection of Japanese writings on “the American century,” covering the period from 1868 to 1989 (from the Meiji to the Showa eras in Japanese calendar). Many of the issues raised by the authors are still heard today,” — Akira Iriye, author of *Across the Pacific: An Inner History of American-East Asian Relations*

My Life America the Beautiful
"BLESSED IS THE NATION WHOSE GOD IS THE LORD" (Psalms 33:12) America-imperfect as it may be-is still the shining light on the hill to

all the world. But it is now at a crossroad. Will we choose to be a nation under God or without God? America's Choice examines the overwhelming evidence of God's hand in the destiny of America—the divine calling of the Founding Fathers, their understanding that the Constitution is dependent upon a moral people, that morality requires religion, and that religion's purpose is to seek God's will. Accordingly, America's Choice explores God's will on critical moral matters such as the role of religion in the public sector, abortion, zero population growth, and capitalism vs. socialism. It proposes the ultimate solution to our country's ills, namely, a return to faith and family. In so doing this book challenges those revisionist historians, judicial activists, and secularists who would transform us from a nation under God to a nation without God. In essence, this book gives us cause to reaffirm our faith in America. "In the 20 years I have lived in the United States I have seen a shift in the way people think and talk about this country. My reading of the situation is this: nothing is more essential to the United States than asking: "Why does this country exist? To what end was it created: And then reading original sources of its founding to discover the breathtaking answers. Answers that are brilliantly illustrated by Tad Callister in America's Choice." Greg McKeown, New York Times Bestselling Author of *ESSENTIALISM* and *EFFORTLESS* Blue Highways Fulton Books, Inc.
FOR DISTRIBUTION OUTSIDE THE USA. You can find our culture's obsession with avoiding risk everywhere, from multiple insurance policies to crash-tested vehicles. But is ducking risk the most productive way for us to live? Surgeon and author Dr. Ben Carson, who faces risk on a daily basis, offers an inspiring message on how accepting risk can lead us to a higher purpose.

What is America becoming? Or, more importantly, what can she be if we reclaim a vision for the things that made her great in the first place? In *America the Beautiful*, Dr. Ben Carson helps us learn from our past in order to chart a better course for our future. From his personal ascent from inner-city poverty to international medical and humanitarian acclaim, Carson shares experiential insights that help us understand: what is good about America where we have gone astray which fundamental beliefs have guided America from her founding into preeminence among nations. Written by a man who has experienced America's best and worst firsthand, *America the Beautiful* is at once alarming, convicting, and inspiring. You'll gain new perspectives on our nation's origins, our Judeo-Christian heritage, our educational system, capitalism versus socialism, our moral fabric, healthcare, and much more. An incisive manifesto of the values that shaped America's past and must shape her future, *America the Beautiful* calls us all to use our God-given talents to improve our lives, our communities, our nation, and our world.

America the Beautiful Zondervan
Stretching over 2,400 miles along the East Coast—from remote, forested northern Maine to bucolic, artsy Key West—U.S. Route 1 is one of America's most historic but long-ignored

highways. While roads such as the decommissioned Route 66 have found their way into American pop culture through songs, books, and TV shows, Route 1 is largely forgotten while it still thrums with life as thousands navigate it each day. This eclectic road started as a pathway for patriots trying to launch a new nation and ultimately became one of the country's most important thoroughfares as the automobile arrived early in the 20th century. Because of its unique position along the East Coast, it is a critical lens through which to observe how what was once known to Europeans as the New World has evolved over centuries. Early in the summer of 2014, I set out to drive every inch of this road. My goal was to experience a road trip similar to the car journeys of my early youth, and to witness for myself what the so-called New World had become some four centuries after pilgrims began landing here. After a lifetime living on a tight schedule as a daily newspaper journalist and as a senior manager in corporate America, I resolved to set out with no itinerary. My only goal was to drive the road while absorbing the stories of the people who live along the thoroughfare and to experience the diverse geography through which the highway twists and turns. Over two weeks I found myself in situations ranging from the exhaust-filled canyons of The Bronx to the wide-open expanses of the Carolinas to an intimate meeting with a deer in Maine. Among the people who spoke with me were a Baptist minister in South Carolina, a policeman in Camden Yards ballpark in Baltimore, and the curator of a historical museum in Key West. I woke up each day with no real plan for my journey and went to sleep each night amazed at what Route 1 showed me. And it was during a quick stop in Boston to visit my two sons on the third day of the trip that I began to understand what I was trying to do. When they pressed me for answers about why I had launched my whimsical journey, I finally arrived at one response: I have always been in love with this diverse country and—through my drive—I wanted to leave my sons with some sort of snapshot of the 21st century America none of us sees on the news each night or reads about in the news each day. It was a simple goal, but I found so much more. So I decided to share my experience in this book. Travelogues have always fascinated me. Whether it was the epic story of a man who journeyed to and walked on the moon or the humorous tale of a middle-aged man trying to hike a 2,000-mile trail, I have always reveled in narratives that helped me see a journey through a traveler's eyes and words. None of us can go everywhere to experience all the sights and sounds of our beautiful planet. We must rely on the stories of men and women who went places and took their time to tell us their stories. It is my hope to add the story of my trip to this valuable collection of travel and history literature.

Decisions That Changed My Life: An Inspiring True-Life Story Decisions That Changed My Life—the practical life experience of a poor African kid who

grew up in the City of Aba, Nigeria--is for anyone who wants to read and learn about an inspiring true story. Excel Ogugbue offers up his dramatic life story as an example of how to beat the odds and live your dreams. His journey from loss and hardship in Nigeria to life in the United States is a gripping story that combines practical, nitty-gritty advice with exhilarating inspiration. This is an engaging story filled with the twists and turns, the drama and disappointments of real life. With a doctorate degree in petroleum engineering and a promising career in the oil and gas industry, Excel shares his experiences with raising money to fund his education and to support his family, as well as his inspiring stories of academic success, faith, honesty, and integrity that made him a candidate for the top.

extraordinary people he encountered along the way amount to a revelation of the true American experience.

Ben Carson Henry Holt and Company

Discover the True Power of the Ballot

The vast majority of Americans feel that our nation is moving in the wrong direction, but we feel powerless to do anything about it.

Maybe, that 's why in the presidential election of 2012, more people did not vote than voted for either candidate. We, the people, must realize we hold the power through our one vote. If we do not exercise that power, we have no right to complain! In *One Vote*, Dr. Ben Carson makes an urgent, nonpartisan, and unbiased plea for every American citizen to exercise the power of their vote in every election. This convenient and easy-to-use book will give you everything you need to become an informed voter. After reading this book, you will know how to ask the right questions about candidates, parties, and voting records; find the candidates and political parties that coincide with your values; locate your own senator and congressman; request information from your representatives; discover what bills your representatives have sponsored; and uncover how your representatives have voted in the past. *One Vote* can help you make sure your voice is heard.

Gifted Hands Post Hill Press

The noted surgeon shares his story of how he overcame obstacles in his life by seeing the "big picture"--his own potential, making the most of learning opportunities, attempting to make the world a better place, a commitment to education, and having faith in God.

Think Big Zonderkidz

Hailed as a masterpiece of American travel writing, *Blue Highways* is an unforgettable journey along our nation's backroads. William Least Heat-Moon set out with little more than the need to put home behind him and a sense of curiosity about "those little towns that get on the map-if they get on at all-only because some cartographer has a blank space to fill: Remote, Oregon; Simplicity, Virginia; New Freedom, Pennsylvania; New Hope, Tennessee; Why, Arizona; Whynot, Mississippi." His adventures, his discoveries, and his recollections of the
