Jacob S. Hacker | Institution for Social and Policy Studies
In American Amnesia, bestselling political scientists Jacob S. Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America’s prosperity. We have largely forgotten this reliance, as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was.
‘American Amnesia,’ by Jacob S. Hacker and Paul Pierson ...
America can ill-afford continued amnesia in its foreign policy, any more than it can afford to

allow public opinion to dictate national security policy. Because regardless of whether we want to be at war or not, al-Qaeda, the Taliban, and those like them across the globe are far from gone, and they are not going anywhere without a fight.
American Amnesia In The Afghan War - War on the Rocks
But according to Jacob Hacker and Paul Pierson’s new book, American Amnesia, as power has become more concentrated in the hands of the country’s wealthy, the very instrument that brought America prosperity is now at risk of being scrapped and neglected.
