Learn about the United States McGraw-Hill/Glencoe

Learning about civics shouldn't be boring. How America Works gives teens a fun, behind-the-scenes look at how the U.S. government works, why they should care and how they can get involved. But this isn't just any old civics primer. Appealing graphics and a conversational tone draw readers in from the very first page. Political cartoons and debates spark critical thought. And age-appropriate explanations make even the most complex civics topics accessible and easy to understand. In short, this comprehensive guide has everything teens need to know about government and civic engagement (and probably don't). 11 easily digestible units From the Declaration of Independence to civil rights

and immigration, How America Works helps readers understand the foundations of our nation and the key civic issues facing America today--without dry or complicated language. Ideas for civic engagement It's easy for teens to feel like the government doesn't matter to them. But when they see their interests and concerns reflected on every page, they'll feel empowered to get involved. And we've got plenty of ideas to help them out. Perfect for teachers or parents Your middle- and high-school students are the voters, active citizens, and community leaders of tomorrow. When you give them How America Works, you're giving them a guide to making their voices heard.

Exclusive online bonus Order now and get access to online videos, lessons and writing extensions that expand on the topics covered in the book. Here's what we cover: The Declaration of Independence The Constitution The Bill of Rights How Washington Works Supreme Court Cases Every Student Should Know The Presidency Why Voting Matters The Long Struggle for Civil Rights Immigration: Who Gets to Be an American? You and the Media Could You Pass America's Citizenship Test?

Civics Today McGraw-Hill Education

Written for all students of politics coming to the subject for the first time, this textbook provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex political systems in the world.

Civics and the Constitution CQ Press

"The main strength of this book is that it presents a ' human ' side to American Government that challenges students to think critically while still presenting the ' teaching ' side with objectives, self-tests, and chapter reviews." —Kathleen Barrett, University of West Georgia In the Second Edition of American Government, author Scott F. Abernathy tunes in to the voices of all Americans, showing how our diverse ideas shape the way we participate and behave, the laws we live by, and the challenges we face. From the Constitutional Convention to Ferguson,

Missouri, each chapter features rich, personal narratives that illustrate how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. It focuses on real people, the actions they take, the struggles they face, and how their choices influence outcomes. The key concepts are memorable because they are tied to real politics, where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Participation is at the heart of this groundbreaking new text, with ample background on how and why to participate. Not only will all students see themselves reflected in the pages, but they will come to understand that they, too, are strategic players in American politics, with voices that matter. A civics program building the next generation of active Americans Civics Today: Citizenship, Economics, and You meets the content standards for civics and government as outlined by the National Standards for Civics and Government. Many young citizens are completing their education with little or no sense of civic responsibility. This program teaches the knowledge and skills needed to be an effective, active citizen. It also encourages an appreciation for the American political system and fosters a willingness to take part in American democracy. Two economics units provide an understanding of the interrelationship between democracy and the free enterprise system.

United States Government Pearson College Division

Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power — the ability to create and share their own narratives — while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, Keeping the Republic, Brief Edition gives your students all the continuity and crucial content, in a more concise, value-oriented package. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that

Power Basics American Government McGraw-Hill Education

The Enduring Democracy by Kenneth Dautrich, David A. Yalof, and Christina Bejarano examines the current state of American politics through the lenses of American history and the nation ' s changing demographics. This two-pronged approach encourages students to place current issues and controversies into historical perspective, and to think critically about how those issues and controversies are impacted by America ' s increasingly diverse population. By analyzing and understanding the influences of historical context and demographics, students can debate effectively with references, use historical outcomes to predict for the future, and create strong arguments based on what they know about fundamental changes in the political landscape. The highly anticipated Sixth Edition frames the 2016 general election and 2018 midterm elections from the perspective of what they mean to college students, so that they can see the relevance of American government in their daily lives. Also available as a digital option (courseware). Learn more about The Enduring Democracy, Sixth Edition - Vantage Digital Option.
