policies and deadly weapons upon itself. From the author of What Strange Paradise "Powerful ... as haunting a postapocalyptic universe as Cormac McCarthy [created] in The Road." —The New York Times Sarat Chestnut, born in Louisiana, is only six when the Second American Civil War breaks out in 2074. But even she knows that oil is outlawed, that Louisiana is half underwater, and that unmanned drones fill the sky. When her father is killed and her family is forced into Camp Patience for displaced persons, she begins to grow up shaped by her particular time and place. But not everyone at Camp Patience is who they claim to be. Eventually Sarat is befriended by a mysterious functionary, under whose influence she is turned into a deadly instrument of war. The decisions that she makes will have tremendous consequences not just for Sarat but for her family and her country, rippling through generations of strangers and kin alike.

Brain Games - Amazing History Word Search Houghton Mifflin Harcourt "It is absolutely unique--without question the most fascinating Civil War novel I have ever read." Professor James M. McPherson Pulitzer Prize-winning **BATTLE CRY OF FREEDOM** January 1864--General Robert E. Lee faces defeat. The Army of Northern Virginia is ragged and ill-equipped. Gettysburg has broken the back of the Confederacy and decimated its manpower. Then, Andries Rhodie, a strange man with an unplaceable accent, approaches Lee with an extraordinary offer. Rhodie demonstrates an amazing rifle: Its rate of fire is incredible, its lethal efficiency breathtaking--and Rhodie guarantees unlimited quantities to the Confederates. The name of the weapon is the AK-47.... Selected by the Science Fiction Book Club A Main Selection of the Military Book Club

The Civil War Crossword Oxford University Press, USA
Beginning with the birth of the nation, slavery divided and caused conflict for the United States of America, worsening during the country's early decades as the practice became more economically

vital. Finally, in 1861, the American Civil War erupted after the election of President Abraham Lincoln. Never acknowledging the South's right to secede, Lincoln and the North fought the South through four long, bloody, destructive years; much longer than anyone thought the war would last. Inside you will read about... ? America in the Antebellum Era ? Secession and the First Shots ? Early Battles and the Turning Point: April 1861-July 1863 ? The United States and the Confederacy ? Women and Blacks in the War ? Military Events, 1863-1865: The War Ends ? Reconstruction ? The Legacy of the Civil War By 1865, more than 700,000 American soldiers and civilians were dead (including Lincoln himself), a race of people had been freed from bondage, and an entire country needed to rebuild. The Civil War is of such crucial importance to the history of the United States not just because of these factors, but also because its legacy still lives on. The Gettysburg Address Penguin From renowned journalist and master storyteller Roger Lowenstein, a revelatory financial investigation into how Lincoln and his administration used the funding of the Civil War as the catalyst to centralize the government and accomplish the most far-reaching reform in the country's history Upon his election to the presidency, Abraham Lincoln inherited a country in crisis. Even before the Confederacy's secession, the United States Treasury had run out of money. The government had no authority to raise taxes, no federal bank, no currency. But amid unprecedented troubles Lincoln saw opportunity—the chance to legislate in the centralizing spirit of the “more perfect union” that had first drawn him to politics. With Lincoln at the helm, the United States would now govern “for” its people: it would enact laws, establish a currency, raise armies, underwrite transportation and higher education, assist farmers, and impose taxes for them. Lincoln believed this agenda would foster the economic opportunity he had always sought for upwardly striving Americans, and which he would seek in particular for enslaved Black Americans. Salmon Chase, Lincoln's vanquished rival and his new secretary of the Treasury, waged war on the financial front, levying taxes and

marketing bonds while desperately battling to contain wartime inflation. And while the Union and Rebel armies fought increasingly savage battles, the Republican-led Congress enacted a blizzard of legislation that made the government, for the first time, a powerful presence in the lives of ordinary Americans. The impact was revolutionary. The activist 37th Congress legislated for homesteads and a transcontinental railroad and involved the federal government in education, agriculture, and eventually immigration policy. It established a progressive income tax and created the greenback—paper money. While the Union became self-sustaining, the South plunged into financial free fall, having failed to leverage its cotton wealth to finance the war. Founded in a crucible of anticonfederalism, the Confederacy was trapped in a static (and slave-based) agrarian economy without federal taxing power or other means of government financing, save for its overworked printing presses. This led to an epic collapse. Though Confederate troops continued to hold their own, the North's financial advantage over the South, where citizens increasingly went hungry, proved decisive; the war was won as much (or more) in the respective treasuries as on the battlefields. Roger Lowenstein reveals the largely untold story of how Lincoln used the urgency of the Civil War to transform a union of states into a nation. Through a financial lens, he explores how this second American revolution, led by Lincoln, his cabinet, and a Congress studded with towering statesmen, changed the direction of the country and established a government of the people, by the people, and for the people. Drawn with the Sword Simon and Schuster One hundred word search puzzles will challenge even the most dedicated puzzle fanatics as they hunt for words associated with the names of famous women scientists, actors, musicians, politicians, others. Includes solutions. World War Two Word Search Vintage Filled with fresh interpretations and information, puncturing old myths and challenging new ones, Battle Cry of Freedom will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the

political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This “new birth of freedom,” as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing “second American Revolution” we call the Civil War, a war that transformed a nation and expanded our heritage of liberty. American Civil War Mark Twain Media Test your knowledge with this American Civil War themed word search. Challenged by the Doctrine and Covenants Sterling Publishing Company, Inc. Loyal Americans marched off to war in 1861 not to conquer the South but to liberate it. In *Armies of Deliverance*, Elizabeth Varon offers both a sweeping narrative of the Civil War and a bold new interpretation of Union and Confederate war aims. Lincoln's Union coalition sought to deliver the South from slaveholder tyranny and deliver to it the blessings of modern civilization. Over the course of the war, supporters of black freedom built the case that slavery was the obstacle to national reunion and that emancipation would secure military victory and benefit Northern and Southern whites alike. To sustain their morale, Northerners played up evidence of white Southern Unionism, of antislavery progress in the slaveholding border states, and of disaffection among Confederates. But the Union's emphasis on Southern deliverance served, ironically, not only to galvanize loyal Americans but also to galvanize disloyal ones. Confederates, fighting to establish an independent slaveholding

republic, scorned the Northern promise of liberation and argued that the emancipation of blacks was synonymous with the subjugation of the white South.
