college students, the gaps in the who are personal assuming financial unprecedented knowledge of debt burdens college students. because of Beginning with relaxed limits on debit-credit card student loans issues, student and easily loan decisions, obtained credit cards. Many on and the challenge of college campuses are managing and reducing debt, calling it a fiscal Knox walks crisis. Financial readers through Basics tackles money

management. She skillfully addresses the how to's of checking accounts, spending plans, emergency funds, and credit histories. She discusses financial personalities and the emotions of money, as well as practical record-keeping and simple filing techniques. In *Financial Basics*, Knox blends her extensive money-management experience with her desire to inform and help students master their finances:

she shares experiences about money lessons learned in college, and offers sound solutions and advice for students and their families. Since everyone does not handle money in the same way, Knox gives money-management options for readers to find their best way. The book includes helpful worksheets and is written in an easy-to-read style, using testimonials and examples that will ring true to

students.

Business Knowledge for IT in Global Investment Banking Plunkett Research, Ltd. Americans depend on their financial advisors to give them sound advice, concerned about advice that will help them make good investments and secure their financial future. So why--with all the advice they receive from their advisors--have Americans lost trillions of dollars in the stock market, their 401ks, pension plans, and IRAs in just the last 3 years? Here's a SECRET: Many financial advisors are forbidden from giving you the "best" advice. Also, many financial advisors are either not properly trained to give you the "best" advice or they're more

concerned about selling you a product or service than they are about helping you achieve your financial goals, the consequences of which are often catastrophic. In this controversial book, Rocco DeFrancesco, the leading trainer of advanced planning concepts for financial, insurance, mortgage, accounting, and legal professionals, exposes the financial industry's dirty little secrets and unveils the worst fears many people have about their financial advisors. In *Bad Advisors*, you will

learn how to:-Eliminate the causes of doubt and fear of losing your assets-Remove stress while dramatically increasing your wealthRoccy exposes insider secrets that you need to know to protect yourself and your family from "bad advisors." Roccy also gives you questions to ask your financial advisor to determine if he or she is truly concerned about you and your financial goals.After you read this book, you will have all the tools you need to make an informed

decision when it comes to hiring (or firing!) your financial advisor.
