The Great Nocturnal

Bloomsbury Publishing
Fat Charlie Nancy is not having a good week. It all hit the proverbial fan when his rotter of an estranged father dropped dead at a karaoke night and Charlie discovered that his dad was in fact Anansi the spider god. Then he found out that he has a brother (called Spider) who is also a god. And that said brother is hell bent on taking over his life, flat and fiance, and, just to add insult to injury, doing a

much better job of being him. Desperate to reclaim his life, Charlie enlists the help of four loco old ladies and their unique brand of voodoo and unleashes a bitter and twisted force to get rid of Spider. But as darkness descends and badness begins is Fat Charlie Nancy going to get his life back in one piece or is he about to enter a whole netherworld of pain?
Anansi Boys I #1 National Geographic Books
In English for the first time, the collection that launched Jean Ray's reputation as the Belgian master of the weird tale After the commercial failure of his 1931 collection of fantastical stories Cruise of Shadows, Jean Ray spent the next decade writing and publishing under other names in the stifling atmosphere of Ghent. Only in the midst of the darkest years of the Nazi Occupation of Belgium would he suddenly publish a spate of books under his earlier nom de plume. The first of these volumes was The Great Nocturnal. Published in 1942, the collection, as its subtitle indicates, consists of tales of fear and dread, but a dread evoked not by the standard tropes of horror but what had by now evolved into Ray's personal brand of fear, drawn from a specifically Belgian notion of the fantastic that lies alongside the banality of everyday life. An aging haberdasher's monotonous life opens up to a spiritual fourth dimension (and serial murder); an inebriated young man in a tavern draws cryptic symbols and mutters statements that evoke an inexplicable terror among some sailors, and, as he sobers up, himself; three students drink Finnish K ü mmel and keep watch over a deceased woman's apartment, awaiting a horrific transmutation. Yet these tales are

laced with a certain mordant humor that bears as much allegiance with Ambrose Bierce as Edgar Allan Poe, and toy as much with the reader's expectations as they do with their characters. Jean Ray (1887-1964) is the best known of the multiple pseudonyms of Raymondus Joannes Maria de Kremer. Alternately referred to as the "Belgian Poe" and the "Flemish Jack London," Ray authored some 6,500 texts in his lifetime, not including his own biography, which remains shrouded in legend and fiction, much of it of his own making. His alleged lives as an alcohol smuggler on Rum Row in the Prohibition Era, an executioner in Venice, a Chicago gangster, and hunter in remote jungles in fact covered over a more prosaic, albeit ruinous, existence as a manager of a literary magazine that led to a prison sentence.

New York Times
bestselling author Neil Gaiman joins forces with Eisner nominated Adora writer Marc Bernardin and Thief of Thieves cocreator Shawn Martinbrough to adapt Gaiman's *Locus* and British Fantasy Award-winning novel as a comic book series for the first time – and soon to be a television show on Amazon Prime! "Fat" Charlie Nancy leads a boring life as a boring Londoner, until he discovers two things: That his recently deceased father was, in fact, Anansi the Spider, the trickster god of African folklore, and that he has a twin brother

he's never met. Which kicks off a reality-spanning odyssey of sibling rivalry, jealous deities, and one poor soul who'll realize what it means to be a god.

- Faithfully adapted from the original novel! *Fragile Things* Vertigo

The bestselling author of *The Handmaid's Tale* and *The Testaments* "uses her powerful gifts of language and observation to delineate both the misunderstandings between men and women and the everyday sadnesses and comforts of love" (The New York Times). In each of these stories Atwood deftly illuminates the shape of a whole life: in a few brief pages we watch as characters progress from the vulnerabilities of adolescence through the passions of youth into the precarious complexities of middle age. The past resurfaces in the present in ways both subtle and dramatic: the body of a lost Arctic explorer emerges from the ice, a 2,000-year-old bog man turns up in an archeological dig, a man with dark secrets marries his lover's sister, a girl who disappears on a canoe trip haunts her friend many decades later. The richly layered stories in *Wilderness* Tips map interior landscapes shaped by time, regret, and lost chances, endowing even the most unassuming of lives with a disquieting intensity.

one of the most famous gothic/uncanny novels of 20th century French writing, Ray's work has been compared to the best of Lovecraft and Meyrink and has never been out of print

since its first publication in 1943. The author was a man surrounded by as much mystery as the bizarre old mansion of Malpertuis where the insane and horrific events of this novel ineluctably unfold. Fellow writer, Thomas Owen, said of him: Jean Ray was a Gothic personality. He had about him a touch of the damned priest or the cathedral gargoyle.'

Die Vol. 3: The Great Game
Vertigo

There is a hint of Armageddon in the air. According to the Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the Armies of Good and Evil are massing, the four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witchfinders are getting ready to Fight the Good Fight.

Atlantis is rising. Frogs are falling. Tempers are flaring, and everything appears to be going to Divine Plan. Except that a somewhat fussy angel and a fast-living demon are not particularly looking forward to the coming Rapture. They've lived amongst Humanity for millennia, and have grown rather fond of the lifestyle. So if Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the AntiChrist (which is a shame, really, as he's a nice kid). There's just one glitch: someone seems to have misplaced him. This edition features a new revised text, approved by Neil Gaiman and the Pratchett Estate, which

clears up many typos and errors from previous editions. It also features twelve full colour illustrations from Paul Kidby - Terry Pratchett's artist of choice - and further pencil drawings.

Gratefully, he heads home with a nice English couple, who offer a box room, hot whisky and local tales. But when the man collapses en route, *Shadow* realises that something about this place has been left untold.

Something ancient, something within the very walls of the village. Something shadowing them all.
