CLEP American Government Study Guide - Ace the CLEP Research & Education Assoc.

Accessible, authoritative, and entertaining in the signature style of the Complete Idiot's Guide® series, The Complete Idiot's Guide® to U.S. Government and Politics provides a wonderful foundation of knowledge about the way our country's system of government works. Understanding how our government functions and the political forces that influence it is vital for all Americans. At the high school level, U.S. government, the class formerly called civics, has evolved to become a focus of the Advanced Placement test. In 2007, the AP U.S. government and politics exam was the most widely taken test among high school students on a college track, with over 333,562 students sitting for the 3.5-hour exam. Several strictly test prep books help students prepare for this exam. However, they're limited to the key points covered by the exam and don't afford much information outside the strict curriculum. The Complete Idiot's Guide® to U.S. Government and Politics gives the reader much more. As a comprehensive overview and history of the subject, this

book is designed to help anyone interested in learning about our government and the origins of its complex inner workings, our political system, and key elements that have affected our growth as a nation—all while serving as a the best supplementary reading a student can get to help them prepare for the AP exam.

CLEP Social Sciences and History Study Guide Research & Education Assoc.

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

[Exploring America](#) Research & Education Assoc.

Georgia Odyssey is a lively survey of the state's history, from its beginnings as a European colony to its current standing as an international business mecca, from the self-imposed isolation of its Jim Crow era to its role as host of the centennial Olympic Games and beyond, from its long reign as the linchpin state of the Democratic Solid South to its current dominance by the Republican Party. This new edition incorporates current trends that have placed Georgia among the country's most dynamic and attractive states, fueled the growth of its Hispanic and Asian American populations, and otherwise dramatically altered its demographic, economic, social, and cultural appearance and persona. "The constantly shifting cultural landscape of contemporary Georgia," writes James

C. Cobb, "presents a jumbled panorama of anachronism, contradiction, contrast, and peculiarity." A Georgia native, Cobb delights in debunking familiar myths about his state as he brings its past to life and makes it relevant to today. Not all of that past is pleasant to recall, Cobb notes. Moreover, not all of today's Georgians are as unequivocal as the tobacco farmer who informed a visiting journalist in 1938 that "we Georgians are Georgian as hell." That said, a great many Georgians, both natives and new arrivals, care deeply about the state's identity and consider it integral to their own. Georgia Odyssey is the ideal introduction to our past and a unique and often provocative look at the interaction of that past with our present and future.
