American Government Psychology Press

Challenge your students to ENGAGE in the conversation and process; THINK about the ideas, history, structure, and function; and DEBATE the merits of American government and politics in the 21st century. In a storytelling approach that weaves contemporary examples together with historical context, *By the People: Debating American Government, Brief Second Edition*, explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like Who governs? How does our system of government work? What does government do? and Who are we? By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics. Ideal for professors who prefer a shorter text, *By the People, Brief Second Edition*, condenses the content of the comprehensive edition while also preserving its essential insights, organization, and approach. Approximately 20% shorter and less expensive than its parent text, the full-color *Brief Second Edition* features a more streamlined narrative and is enhanced by its own unique supplements package. ENGAGE * -By the Numbers- boxes containing fun facts help frame the quizzical reality of American politics and government * -See For Yourself- features enable students to connect with the click of a smart phone to videos and other interactive online content THINK * Chapter One introduces students to seven key American ideas, which are revisited throughout the text * -The Bottom Line- summaries conclude each chapter section, underscoring the most important aspects of the discussion DEBATE * -What Do You Think?- boxes encourage students to use their critical-thinking skills and debate issues in American government * Four major themes, in the form of questions to spark

debate, are presented to students in Chapter One and appear throughout the text

American Government Prentice Hall

Updated with the latest research, statistics, and election results, Magruder's *American Government* offers a clear, engaging approach making the subject of government accessible to students of all abilities.

[Government in America](#) Routledge

This book prompts students to consider and understand how the past shapes the present and future of American politics and government.

[American Government 3e](#) Pearson Prentice Hall

Black & white print. *American Government 3e* aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. In order to help students understand the ways that government, society, and individuals interconnect, the revision includes more examples and details regarding the lived experiences of diverse groups and communities within the United States. The authors and reviewers sought to strike a balance between confronting the negative and harmful elements of American government, history, and current events, while demonstrating progress in overcoming them. In doing so, the approach seeks to provide instructors with ample opportunities to open discussions, extend and update concepts, and drive deeper engagement.

American Government Longman Publishing Group

"An introductory American government textbook should do more than simply tell students that politics is relevant today, that it will affect their lives in meaningful ways. Students are best prepared to recognize this basic fact when they understand the bigger picture of how the system works, how it got that way, and what are the possibilities for change. Cal Jillson's *American Government: Political Development and Institutional Change* shows students how the nation's past is present in all aspects of contemporary politics, using the dynamics of change as a tool to understand how politics works and how institutions, systems, avenues of participation, and policies have evolved over time to produce today's political environment in the United States. Going one step further, Jillson identifies the critical question of how American democracy might evolve further, focusing in every chapter on reform

and change into the future"--

American Government, Politics, and Policy Making Harcourt Brace
Guided by the belief that students must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like "The Living Constitution" to new features like the illustrated historical timelines, American Government: Continuity and Change provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. The Texas edition of this classic text features the exact same coverage as the comprehensive version but with 7 additional chapters devoted to Texas politics. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush's second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

MAGRUDER'S AMERICAN GOVERNMENT Oxford University Press, USA

For courses in American government A result of time-tested scholarship, Government by the People gives a hopeful but realistic perspective on American government and emphasizes the role people play in our constitutional democracy. Prentice Hall is extremely proud to publish the book that remains the most reliable, responsive, and respected text for use in colleges and universities in every state of the nation. For over 50 years, this is the book that has always remained one step ahead of all the others by anticipating your needs as an educator and your students' needs as learners. Now in its twenty-second edition, Government by the People continues this tradition. We are entering a very complex political era and there is no better text poised to take students from being simple onlookers to knowledgeable participants in the American political experience. The level of scholarship of the Government by the People author team, as well as the way in which they treat each new edition as a fresh challenge, is clearly represented in this new edition.

2001 Magruder's American Government Englewood Cliffs, N.J. : Prentice-Hall

Grounded in the most authoritative scholarship available in the introductory course, Government by the People is a complete introduction to American Government and the discipline of Political Science. It is built around a simple goal to make students effective participants in our political culture by making them informed consumers of that culture. With a new, engaging design and three new, compelling features, the 22nd edition of Government by the People continues in the long tradition of the book that has been the cornerstone of American Government classes for over 50 years. As we enter this very complex political era, there is no more reliable text to help you advance your students from being simple onlookers to knowledgeable participants in the American political experience.

Magruder's American Government Mindtap Course List

Newly revised, The Basics of American Government offers a comprehensive overview of the American political system for students taking introductory courses in American national government and combines the best aspects of both a traditional textbook and a reader. The Basics of American Government is a collaborative effort among six current and three former faculty members in the Department of Political Science & International Affairs and the Department of Criminal Justice, and a student contributor, at the University of North Georgia. Most of its chapters offer a piece of original scholarship as a case study bolstering the material in the chapter.

Additionally, most chapters present a civic engagement-type exercise and discussion questions that are challenging and engaging, and help foster student participation in the political system. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. The authors undertook this project for several reasons, most

notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 470-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

American Government: Stories of a Nation Prentice Hall
Prompts students to consider how the past shapes the present and future of American politics and government.

Government in America CQ Press

This convenient Portable Version of Edwards/Wattenberg/Lineberry, Government in America: People, Politics, and Policy features all the content of the original comprehensive text split into four lightweight, paperbacks—accompanied by new practice tests at the back of each volume. Framing its content within a resonant "politics matters" theme and emphasizing public policy throughout, Government in America illustrates the impact that government has on the daily lives of each and every American, motivating students to become active participants in all aspects of our political system, and helping overcome the biggest challenge instructors face in this course -- student apathy toward government.

American Government, Ideals and Reality Longman Publishing Group
"[This book] brings together over 40 selections of enduring intellectual value--classic articles, book excerpts, and U.S. Supreme Court decisions--that have shaped the study of American government and our contemporary understanding of it. [This book] provides the opportunity for readers to encounter many of the greatest thinkers in American government at first hand. The book includes carefully edited selections from the works of the most distinguished observers of American government, past and present, from James Madison and Richard F. Fenno, Jr., to Laurence H. Tribe, Kathleen Hall Jamieson, Jane J. Mansbridge, and Aaron Wildavsky"--Back cover.
