American Government 2009 Pearson

For today's busy student, we've created a new line of highly portable books at affordable prices. Each title in the Books a la Carte Plus program features the exact same content from our traditional textbook in a convenient notebook-ready, loose-leaf version - allowing students to take only what they need to class. As an added bonus, each Books a la Carte Plus edition is accompanied by an access code to all of the resources found in one of our best-selling multimedia products. Best of all? Our Books a la Carte Plus titles cost less than a used textbook! Guided by the belief that readers must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest

coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like The Living Constitution to new features like the illustrated historical timelines, American Government: Continuity and Change provides the historical context readers need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. The alternate edition of this classic text features the exact same coverage as the comprehensive version but without the policy chapters. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush's second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

Updated in a new 2011 alternate edition, American Government: Roots and Reform provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.

American Government Addison-Wesley Longman

The activist state of the New Deal started forming decades before the FDR administration, demonstrating the deep roots of energetic government in America. In the period between the Civil War and the New Deal, American

governance was transformed, with momentous implications for social and economic life. A series of legal reforms gradually brought an end to nineteenth-century traditions of local self-government and associative citizenship, replacing them with positive statecraft: governmental activism intended to change how Americans lived and worked through legislation, regulation, and public administration. The last time American public life had been so thoroughly altered was in the late eighteenth century, at the founding and in the years immediately following. William J. Novak shows how Americans translated new conceptions of citizenship, social welfare, and economic democracy into demands for law and policy that delivered public services and vindicated people's rights. Over the course of decades, Americans progressively discarded earlier understandings of the reach and responsibilities of government and embraced the idea that legislators and administrators in Washington could tackle economic regulation and social-welfare problems. As citizens witnessed the successes of an energetic, interventionist state, they demanded more of the same, calling on politicians and civil servants to address unfair competition and labor exploitation, form public utilities, and reform police power. Arguing against the myth that America was a weak state until the New Deal, New Democracy traces a steadily aggrandizing authority well before the Roosevelt years. The United States was flexing power domestically and intervening on behalf of redistributive goals for far longer than is commonly recognized, putting the lie to libertarian claims that the New Deal was an aberration in American history.

The Roots of Revolt Addison-Wesley Longman
Understand American politics from past to present The Summer 2017 Revel(TM) Re-release of American Government: Roots and Reform includes the following changes: - NEW Current Event Bulletins draw examples from the early days of the Trump presidency to contextualize

recent events in American government for students and to highlight information that is most relevant to their lives. New CEB articles include topics such as "What Is the Relationship Between Reality, Fake News, Partisanship, and a Changing Media Environment?" and "What Does It Mean to Serve at the Pleasure of the President?" - NEW photos and videos illustrate the changes that occurred within the first one hundred days of the presidency. New imagery includes Sally Q. Yates testifying before the Senate Judiciary Committee and Neil Gorsuch's confirmation hearings; new videos include "What Do Congressional Elections Tell Us about National Politics?" and "How Can the President and Congress Work Together?" and more. - UPDATED interactive figures include the latest data and analysis. For example, Figure 6.1 "How Well Does the House of Representatives Reflect the American People?" now shows numbers from the 115th Congress (instead of the 114th) and Figures 12.5 and 12.6 on campaign financing include the final dollar amounts from the 2016 election. - Examples of NEW narrative content include a chapter-opener for Chapter 12 about Donald Trump's victory in the context of the Electoral College, analysis of 2016 voter turnout as it relates to income and education, President Trump's Executive Order banning immigrants from seven Muslim nations, his appointment of Justice Neil Gorsuch, his dismissal of ninety-four U.S. Attorneys, and his stance on treaties such as NAFTA, as well as his recent foreign policy moves. - NEW LiveSlide dynamic lecture slides include every data visualization and interactive map within your Revel course, giving you a direct path to all the Social Explorers. Revel(TM) American Government: Roots and Reform helps students view the issues facing the United States today through an historical lens. By presenting coverage of the origins of American government in tandem with material on contemporary political structures and behaviors, authors Karen O'Connor and Larry Sabato help students see how what happened in the past can be used to understand

what measures should be taken in the future. In order to boost student engagement with key concepts, the 2016 Presidential Election Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. Revel(TM) is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Essentials of American Government 2011
Cambridge University Press

American Government 3e aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will

be useful in later courses, future careers, and as engaged citizens.

American Government Pearson Higher Ed
"Our government is failing us. Can we simply blame polarization, the deregulation of campaign finance, or some other nefarious force? What if the roots go much deeper, to our nation's start? In *Relic*, the political scientists William Howell and Terry Moe boldly argue that nothing less than the U.S. Constitution is the cause of government dysfunction. The framers came from a simple, small, agrarian society, and set forth a government comprised of separate powers, one of which, Congress, was expected to respond to the parochial concerns of citizens across the land. By design, the national government they created was incapable of taking broad and meaningful action. But a hundred years after the nation's founding, the United States was transformed into a complex, large, and industrial society. The key, they argue, is to expand the powers of the president. Presidents take a longer view of things out of concern for their legacies, and are able to act without hesitation. To back up this controversial remedy, Howell and Moe offer an incisive understanding of the Progressive Movement of the late 19th and early 20th centuries, one of the most powerful movements in American history. The Progressives shone a bright light on the mismatch between our constitutional government and the demands of modernity, and they succeeded in changing our government, sidelining Congress and installing a presidentially-led system that was more able to tackle the nation's vast social problems. Howell and Moe argue that we need a second Progressive Movement dedicated to effective government, above all to reforms that promote strong presidential

leadership. For it is through the presidency that and the war on terrorism, and domestic the American government can address the concerns related to rising gas and food prices problems that threaten the very stability of our society" -- and the subprime mortgage crisis.
