Esmeralda's back. Readers met this feisty widow as she fussed over her fellow citizens of a small

southern town in Margaret Graham's novel *Mercy Me*. Now in a delightful sequel, Esmeralda feels led to take on a new project. A halfway house for female addicts finds itself in need of a responsible woman to move in and help out, and against her better judgment, Esmeralda volunteers. She knows nothing about drugs or about much of anything else these women have been through. But she knows when she's being "led," so she packs up her life, moves to the mountains, and becomes a housemother. There she meets women with lives she could never imagine, and she must navigate well outside her comfort zone. Soon enough, she learns how to love the unloved-and to accept

American Headway, Level 2 Bantam Our health care is staggeringly expensive, yet one in six Americans has no health insurance. We have some of the most skilled physicians in

the world, yet one hundred thousand patients die each year from medical errors. In this gripping, eye-opening book, award-winning journalist Shannon Brownlee takes readers inside the hospital to dismantle some of our most venerated myths about American medicine. Brownlee dissects what she calls "the medical-industrial complex" and lays bare the backward economic incentives embedded in our system, revealing a stunning portrait of the care we now receive. Nevertheless, Overtreated ultimately conveys a message of hope by reframing the debate over health care reform. It offers a way to control costs and cover the uninsured, while simultaneously improving the quality of American medicine. Shannon Brownlee's humane, intelligent, and penetrating analysis empowers readers to avoid the perils of overtreatment, as well as pointing the way to better health care for everyone.
