The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

American History: A
Survey Columbia
University Press

At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. The End of Reform shows how the liberalism of the early New Deal—which set out to repair and, if

necessary, restructure America's economy—gave a way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major

reinterpretation of the New Deal and a crucial map of the road to today's political landscape.

American History Cram101
Highly-respected for its impeccable scholarship and elegant writing style, American History: A Survey provides students and instructors with a comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of

American political and diplomatic history. Today, however, the book explores areas of history such as social, cultural, urban, racial and ethnic history, more history of the West and South, environmental history, and the history of women and gender. In addition, American history has not evolved in a vacuum, but as part of a larger global world. The eleventh edition of this text places American history into that global context, making connections for students who live in an ever-

expanding world themselves. American History: Connecting with the Past McGraw-Hill Education Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its	history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre- Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story. Connect is the only integrated learning	system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective. <i>American History with PowerWeb Cram101</i> Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's American History provides students and instructors with a reliable, comprehensive account of the American past in which no single

The twelfth edition of this text includes the McGraw-Hill's hit Primary Source Investigator (PSI) cd-rom, with hundreds of sources and a program that walks students through how to write a paper using those sources as evidence. *The American Journey* McGraw-Hill/Glencoe At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those

origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. *The End of Reform* shows how the liberalism of the early New Deal—which set out to repair and, if necessary, restructure America's economy—gave way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically,

Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today's political landscape. Studyguide for the Unfinished Nation: a Concise History of the American People, Volume 2 by Alan Brinkley, ISBN 9780077484583 McGraw-Hill Education

WINNER OF THE 2013 PULITZER PRIZE FOR BIOGRAPHY General Alex Dumas is a man almost unknown today, yet his story is strikingly familiar—because his son, the novelist Alexandre Dumas, used his larger-than-life feats as inspiration for such classics as *The Count of Monte Cristo* and *The Three Musketeers*. But, hidden behind General Dumas's swashbuckling adventures was an even more incredible secret: he was the son of a black slave—who rose higher in the white world than any

man of his race would before our own time. Born in Saint-Domingue (now Haiti), Alex Dumas made his way to Paris, where he rose to command armies at the height of the Revolution—until he met an implacable enemy he could not defeat. *The Black Count* is simultaneously a riveting adventure story, a lushly textured evocation of 18th-century France, and a window into the modern world's first multi-racial society. *TIME* magazine called *The Black Count* "one of those quintessentially

human stories of strength and courage that sheds light on the historical moment that made it possible." But it is also a heartbreaking story of the enduring bonds of love between a father and son.

Looseleaf for American History: Connecting with the Past Crown

Way Out There in the Blue is a major work of history by the Pulitzer Prizewinning author of Fire in the Lake. Using the Star Wars missile defense program as a magnifying glass on his presidency,

Frances FitzGerald gives us a wholly original portrait of Ronald Reagan, the most puzzling president of the last half of the twentieth century.

Reagan's presidency and the man himself have always been difficult to fathom. His influence was enormous, and the few powerful ideas he espoused remain with us still -- yet he seemed nothing more than a charming, simple-minded, inattentive actor.

FitzGerald shows us a

Reagan far more complex than the man we thought we knew. A master of the American language and of self-presentation, the greatest storyteller ever to occupy the Oval Office, Reagan created a compelling public persona that bore little relationship to himself. The real Ronald Reagan -- the Reagan who emerges from FitzGerald's book -- was a gifted politician with a deep understanding of the American national psyche and at the same

time an executive almost totally disengaged from the policies of his administration and from the people who surrounded him. The idea that America should have an impregnable shield against nuclear weapons was Reagan's invention. His famous Star Wars speech, in which he promised us such a shield and called upon scientists to produce it, gave rise to the Strategic Defense Initiative. Reagan used his sure understanding of

American mythology, history and politics to persuade the country that a perfect defense against Soviet nuclear weapons would be possible, even though the technology did not exist and was not remotely feasible. His idea turned into a multibillion-dollar research program. SDI played a central role in U.S.-Soviet relations at a crucial juncture in the Cold War, and in a different form it survives to this day. Drawing on prodigious research,

including interviews with the participants, FitzGerald offers new insights into American foreign policy in the Reagan era. She gives us revealing portraits of major players in Reagan's administration, including George Shultz, Caspar Weinberger, Donald Regan and Paul Nitze, and she provides a radically new view of what happened at the Reagan-Gorbachev summits in Geneva, Reykjavik, Washington and Moscow.

<p>FitzGerald describes the fierce battles among Reagan's advisers and the frightening increase of Cold War tensions during Reagan's first term. She shows how the president who presided over the greatest peacetime military buildup came to espouse the elimination of nuclear weapons, and how the man who insisted that the Soviet Union was an "evil empire" came to embrace the Soviet leader, Mikhail Gorbachev, and to proclaim an end to</p>	<p>the Cold War long before most in Washington understood that it had ended. Way Out There in the Blue is a groundbreaking history of the American side of the end of the Cold War. Both appalling and funny, it is a black comedy in which Reagan, playing the role he wrote for himself, is the hero.</p> <p>American History Volume 1 Loose Leaf Edition with Connect Access Card McGraw-Hill Humanities, Social</p>	<p>Sciences & World Languages</p> <p>Never HIGHLIGHT a Book Again! Study Guide with Map Exercises for Use with American History: a Survey, Volume II: Since 1865 McGraw-Hill Education
Connect students to the experience of history. Connect students to success in history. Alan Brinkley's American History demonstrates that history is a dynamic story rather than a static collection of names and dates. American History shows an ongoing

narrative, exploring historical evidence that teaches us about the past while revealing connections to the present. Known for its clear, single, balanced voice and impeccable scholarship, American History, Alan Brinkley's best-selling survey text propels students to think critically about the many forces that continually create and re-create the history of the United States. In this wide-ranging narrative, Alan

Brinkley shows the diversity and complexity of the nation and of our understanding of its history—an understanding that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This 14th edition features a new series of Consider the Source essays, superior in-text learning tools, four new America in the World essays, and extensive content updates that

demonstrate how a new generation of historians and of historical actors continues to shape the American story. And now, the most exciting of all, Alan Brinkley's American History offers Connect History, an innovative online assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools. Tools that make assessment easier, learning more engaging, and studying more

efficient. For example within Connect History, a groundbreaking adaptive diagnostic, LearnSmart, provides a personalized study experience for each student ensuring the mastery of basic chapter content. Additionally with Connect History, engaging interactivities such as Critical Missions immerse students in pivotal historical events, asks them to explore these situations, and then, make recommendations based on their findings. Connect

History sharpens students' analytical skills, increases historical understanding, and improves overall course success.
