Its just about what you dependence currently. This American History Section 2 Guided, as one of the most in force sellers here will totally be in the course of the best options to review.

[An American History 2E Volume 2 Study Guide](#) American Bar Association
Confederate Winter is historical fiction based on a true family story backed up by an affidavit in the Confederate archives in Montgomery, Alabama. The author's great, great, great grandfather, William Sweeney, fought as a Confederate soldier at the tender age of 14. His father, John, had been drafted the year before into the Union Army. Confederate Winter is their story. By 1864 the Confederacy is on the verge of defeat. Atlanta has fallen and Confederate General John Bell Hood's army is in retreat. Hood formulates a bold plan to re-capture Nashville, the great base for the Union army in the West. A victory could change the course of the war. Hood needs manpower, however, and sends his conscription parties out to scour the countryside. Confederate Winter tells the story of a true-life family caught up in this grand adventure. The Federals conscript John Sweeney, the father, in late 1863 as General Sherman prepares his march on Atlanta and the sea. His son William is left in charge of the family farm, until one early fall morning...

The U.S Government's actual transcripts of the 1935 Franklin County Moonshine Conspiracy Trial were accidentally destroyed by nature several years/months after the trial had concluded. Transcripts of the government's Grand Jury testimony were not lost. The only written records that still exist are those written by reporters from Franklin County's nearby daily newspapers. Each story appearing in "The Roanoke Times," along with the story's headlines, were retyped for this publication.

A Student's Guide to Essential Primary Sources
Createspace Independent Publishing Platform

From the unbridled lands of East Texas, tenacious men with diverse backgrounds came together to form the Twenty-Second Texas Infantry. Also known as Hubbard's regiment, families synonymous with the Texas Revolution joined the ranks of politicians, attorneys, farmers, and teachers. Many championed Southern values whereas some campaigned for Northern agendas. Yet, most were Texan by choice and they sought to defend their homes. The regiment's stories of triumph and sorrow intertwined with American history as the men drudged across the unforgiving lands west of the Mississippi River. They fought in the bloody encounters of Fort DeRussy, Mansfield, Pleasant Hill, and Jenkins' Ferry as life-threatening diseases complicated their service. Their ambitious marches forever tied them to the story of Texas during the Civil War.

Pen Drawing Beacon Press

Introduces the Constitution of the United States, discussing topics such as its history and formation, the significance of the Bill of Rights and other amendments, and how it has been interpreted in the past and present.

U.S. History Mossy Feet Books

Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish

Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

An accessible and ready reference for student research, this day-by-day guide highlights the importance of Asian Americans in U.S. history, highlighting the impact of specific individuals and this large ethnic group as a whole across time and documenting the evolution of policies, issues, and feelings concerning this particular American population. • Provides detailed information throughout history on the events, people, and places of Asian American history • Presents a unique calendar approach to recognizing the contributions of this significant ethnic demographic throughout U.S. history that demonstrates how all 365 days of the year can feature an achievement made by Asian Americans • Offers information on celebrities, inventors, events, and more that relate to Asian American life in the United States

Sires and Sons CreateSpace

The Schlager Anthology of the Gilded Age and Progressive Era offers a modern, original sourcebook covering a pivotal era in U.S. history. From the creators and publishers of Milestone Documents in American History, this new title is built on the principles of inclusivity and accessibility. While presenting the essential primary sources from the Gilded Age and Progressive Era, from the Reconstruction amendments to the Sherman Anti-Trust Act to Plessy v. Ferguson, this anthology also emphasizes often-marginalized voices, from women to immigrants to Native Americans, Asian Americans, and African Americans. In addition, document texts are abridged to remain brief and accessible, even to struggling readers (including ESL students), while activity questions range in difficulty from basic to more advanced. Edited by Jennifer Koshatka Seman (Borderlands Curanderos: The Worlds of Santa Teresa Urrea and Don

Pedrito Jaramillo, Univ. of Texas Press) and featuring the contributions of numerous scholars, The Schlager Anthology of the Gilded Age and Progressive Era covers 80 milestone sources from this period of American history. An Inclusive Approach The Schlager Anthology of the Gilded Age and Progressive Era includes all of the classic documents from this era while also emphasizing a wide spectrum of voices and perspectives, including visual sources. Chapter 1 ("Reconstruction, Post-Reconstruction, and the Jim Crow South") focuses on the triumph and ultimate tragedy of Reconstruction and the white southern reaction to it. The volume opens with Jourdan Anderson's letter to his former slave owner, before covering the Sharecropper Contract and Mississippi Black Codes in 1865. The three Reconstruction Amendments are included, as are indelible images such as Thomas Nast's "Worse Than Slavery" and the Lynching of C.J. Miller. The unit then covers two iconic figures from African American history: Booker T. Washington and W.E.B. Du Bois. In Chapter 2 ("Industrialization, Immigration, and Labor in the City," students and researchers will find coverage of the increasing urbanization of America and its many ills; the reactions to that development via Progressive legislation; the battle over alcohol use and abuse; immigration battles; and the growing importance of organized labor. Here the anthology covers well-known acts such as the Chinese Exclusion Act, little-known voices such as Bettie Gay ("The Influence of Women in the Alliance") and Anzia Yezierska (Bread Givers), and famous images from the muckraking journalist Jacob Riis. Chapter 3 covers imperialism and Westward expansion, through an in-depth look at the destruction of Native American communities. From Chief Joseph to Zitkala-Sa and Black Elk, the unit presents essential voices of the loss of Native American sovereignty. Also included in this chapter are images documenting the Wounded Knee Massacre and the advent of Indian boarding schools, plus sources covering the U.S. imperialism via the war in the Philippines. The volume concludes with a focus on the Progressive Era in Chapter 4. Students and researchers are presented with major legislation via the Pure Food and Drug Act as well as important articles from Progressive figures such as Florence Kelley, Ida B. Wells, and Jane Addams. A Focus on Accessibility The Schlager Anthology of the Gilded Age and Progressive Era features carefully curated primary sources along with highly targeted activities to help students engage with and analyze primary documents

from this important era. Document texts are carefully abridged to remain brief and accessible, even to struggling readers (including ESL students), both at the high school as well as early college levels. The commentary that accompanies each source is simple and straightforward. First, a fact box contains the key information about the source: document title, author name, date, document type, and a brief statement of the document's significance. Next, each document includes a concise overview section that places the source in its proper historical context. Following the document text is a list of activity questions that prompt students to think more deeply about the source and its meaning and impact, as well as a glossary that defines any unfamiliar words or references in the document text. Other Features In addition to the nearly 70 sources and accompanying commentary, The Schlager Anthology of the Gilded Age and Progressive Era includes chapter introductions and Further Readings sections for each of the four chapters in the set. The set also features a comprehensive subject index and an appendix of document categories. The Schlager Anthology of the Gilded Age and Progressive Era represents a modern approach to historical reference. It is an essential resource for students, researchers, and teachers of this important era in U.S. history and is appropriate for high school, academic, and public libraries.

The Complete Idiot's Guide to the U.S. Constitution
BookCaps Study Guides

Before 1941 the United States had no intelligence service worthy of the name. While each military department had its own parochial tactical intelligence apparatus and the State Department maintained a haphazard collection of 'country files' there was no American equivalent to the 400-year-old British espionage establishment or the German Abwehr. No

one in Washington was charged with putting the jigsaw puzzle of fact, rumor, and foreign innuendo together to see what pictures might develop or what portions might be missing. Even those matters of vital interest to policy makers remained uncoordinated, unevaluated, uninterrupted, and frequently in the wrong hands. That was in 1941. Four years later the scene was forever altered. The organization which achieved this dramatic turnabout was the Office of Strategic Services, better known by its initials: OSS. Headed by William J. Donovan, a World War 1 hero, Republican politician, and millionaire lawyer, the OSS infiltrated agents into every country of occupied Europe and raised guerrillas armies in most. This book examines the small but representative role played by Marines assigned to this country's first central intelligence agency. In so doing, it provides the first serious attempt to chronicle a totally forgotten chapter of Marine Corps history.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.
