Professor Douglas Brinkley arranged to teach a six-week experimental class aboard a fully equipped sleeper bus. The class would visit thirty states and ten national parks. They would read twelve books by great American writers. They would see Bob Dylan in Seattle, gamble at a Vegas casino, dance to Bourbon Street jazz in New Orleans, pay homage to Elvis Presley's Graceland and William Faulkner's Rowan Oak, ride the whitewater rapids on the Rio Grande, and experience a California earthquake. Their journey took them to Thomas Jefferson's Monticello, Abraham Lincoln's Springfield, Harry Truman's Independence, and Theodore Roosevelt's North Dakota badlands. And it gave them the unforgettable experience of meeting some of their cultural heroes, including William S. Burroughs and Ken Kesey, who took the gang for a spin in his own psychedelic bus. Driven by Doug Brinkley's energetic prose, The Majic Bus is a spirited travelogue of a unique experience.

Max McCoy, the Spur Award-winning author of Damnation Road, continues his American Western saga of the Ghost Rifle as the violence and bloodshed the weapon caused return to haunt the man who created it . . . THE WEAPON AND THE WILDERNESS Ten years have passed since Jack Picaro lost his Ghost Rifle--the firearm he invented, the one that never missed its target. The loss of the rifle calmed the hellraiser in his soul. Instead of returning to the gambling halls and whiskey bars of St. Louis, Jack has spent the last decade as a fur trapper in Wyoming's Wild River Range, married to Sky, the daughter of an Arikara war chief. Then, after helping rescue U.S. soldiers captured by Crow Indians in the Rocky Mountains, Jack hears the familiar bell-like report of his Ghost Rifle. Determined to retrieve his deadly property, he travels deep into Lakota territory, facing down old enemies--and resuming old sinful habits--unaware of what awaits him when he eventually returns home to his family. "Few Western writers today can spin a tale with style, wit, and rawness better than Max McCoy." --Johnny D. Boggs, Western Heritage and Spur Award-winning author of West Texas Kill

American Odyssey, a novel set in the not-too-distant future, is the chilling story of a totalitarian America that has plummeted to a nation set on world domination. The protagonist, Herb, is a young "everyman", a schoolteacher. He falls in love with a colleague who introduces him to the resistance movement. A series of personal misfortunes, including the death of his soldier twin, impel him to become a dedicated activist against the dictatorship. His group is soon exposed, and he and his love, Tony, become fugitives. She is soon killed. At that point Herb's odyssey begins as he travels the nation in search of "the movement". The preponderance of the novel reveals the state of the nation and of the people. He comes into contact with a cross-section of the United States. They are men and women -- laborers, farmers, professionals, students..They are Black and white and Hispanic, and each is unique in the manner in which his/her life has been degraded under the dictatorship. At the beginning they are impoverished, fearful, dispirited. In time, as the economic crisis deepens and battlefield losses mount, there are changes in the populace. Apathy turns to anger and then to resistance. Herb becomes reconnected with the opposition to the dictatorship. The American people in large numbers, disheartened by the desperate quality of their lives, simply "opt-out" of the system. The military, too, appalled by the unending wars and bloodshed, also becomes disaffected. Millions converge upon Washington, D.C. the dictatorship falls, and the foundation is laid for the re-establishment of democracy in the United States.

The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In 1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.'s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through

the extra work he asked for, knowing that he was really competing with kids from other, harder schools. Cedric Jennings’s driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on his intelligence and his determination to maintain hope in the unseen—a future of acceptance and reward. In this updated edition, *A Hope in the Unseen* chronicles Cedric’s odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, *A Hope in the Unseen* weaves a crucial new thread into the rich and ongoing narrative of the American experience.

Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." –New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

The Emancipation Proclamation, widely remembered as the heroic act that ended slavery, in fact freed slaves only in states in the rebellious South. True emancipation was accomplished over a longer period and by several means. Essays by eight distinguished contributors consider aspects of the president's decision making, as well as events beyond Washington, offering new insights on the consequences and legacies of freedom, the engagement of black Americans in their liberation, and the issues of citizenship and rights that were not decided by Lincoln's document. The essays portray emancipation as a product of many hands, best understood by considering all the actors, the place, and the time. The contributors are William A. Blair, Richard Carwardine, Paul Finkelman, Louis Gerteis, Steven Hahn, Stephanie McCurry, Mark E. Neely Jr., Michael Vorenberg, and Karen Fisher Younger.

By the time of his death in 1988, Romare Bearden was most widely celebrated for his large-scale public murals and collages, which were reproduced in such places as *Time* and *Esquire* to symbolize and evoke the black experience in America. As Mary Schmidt Campbell shows us in this definitive, defining, and immersive biography, the relationship between art and race was central to his life and work -- a constant, driving creative tension. Bearden started as a cartoonist during his college years, but in the later 1930s turned to painting and became part of a community of artists supported by the WPA. As his reputation grew he perfected his skills, studying the European masters and analyzing and breaking down their techniques, finding new ways of applying them to the America he knew, one in which the struggle for civil rights became all-absorbing. By the time of the March on Washington in 1963, he had begun to experiment with the Projections, as he called his major collages, in which he tried to capture the full spectrum of the black experience, from the grind of daily life to broader visions and aspirations. Campbell's book offers a full and vibrant account of Bearden's life -- his years in Harlem (his studio was above the Apollo theater), to his travels and commissions, along with illuminating analysis of his work and artistic career. Campbell, who met Bearden in the 1970s, was among the first to compile a catalogue of his works. *An American Odyssey* goes far beyond that, offering a living portrait of an artist and the impact he made upon the world he sought both to recreate and celebrate.
