“Impressive . . . Mr. Judt writes with enormous authority.” —The Wall Street Journal

“Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history.” —The Boston Globe

Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe,

both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change-all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

members of NatChat, an electronic mail discussion group concerned with Native American issues, responded to the recent Disney release *Pocahontas* by calling on parents to boycott the movie, citing its historical inaccuracies and saying that "Disney has let us down in a cruel, irresponsible manner." Their anger was rooted in the fact that, although Disney claimed that the film's portrayal of American Indians would be "authentic," the *Pocahontas* story their movie told

was really white cultural myth. The actual histories of the characters were replaced by mythic narratives depicting the crucial moments when aid was given to the white settlers. As reconstructed, the story serves to reassert for whites their right to be here, easing any lingering guilt about the displacement of the native inhabitants. To understand current imagery, it is essential to understand the history of its making, and these essays mesh to create a powerful,

interconnected account of image creation over the past 150 years. The contributors, who represent a range of disciplines and specialties, reveal the distortions and fabrications white culture has imposed on significant historical and current events, as represented by treasured artifacts, such as photographic images taken of Sitting Bull following his surrender, the national monument at the battlefield of Little Bighorn, nineteenth-century advertising, the television

phenomenon Northern Exposure, and the film *Dances with Wolves*. Well illustrated, this volume demonstrates the complacency of white culture in its representation of its troubled relationship with American Indians. *The Immortal Life of Henrietta Lacks* Cengage Learning "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300

historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The *Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates

transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The *American Yawp* traces the development of colonial society in the

context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

The American Pageant Puffin Books

The new edition of *American Pageant*, the leading program for AP U.S. history, now reflects the

redesigned AP Course and Exam that begins with the 2014-2015 school year. The 16th edition helps prepare students for success on the AP Exam by 1) helping them practice historical thinking skills, pulling together concepts with events, and 2) giving them practice answering questions modeled after those they'll find on the exam. The new edition adds a two-page opener/preview to every chapter, guiding students through the main points of the chapter and using questions and

elements tied to the AP Curriculum Framework to help them internalize the chapter more conceptually. Also new are additional End-of-Part multiple-choice and short answer questions reflecting the changes to the exam. Practice DBQs and other free response essay questions will still be found at the back of the book. The Brief American Pageant HarperCollins Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history. Looking for Miss

America Penguin Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans

who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino

and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

The Routledge Handbook of Reenactment Studies provides the first overview of significant concepts within reenactment studies.

The volume includes a co-authored critical introduction and a comprehensive compilation of key term entries contributed by leading reenactment scholars from Europe, North America, and Australia. Well into the future, this wide-ranging reference work will inform and shape the thinking of researchers, teachers,

and students of history and heritage and memory studies, as well as cultural studies, film, theater and performance studies, dance, art history, museum studies, literary criticism, musicology, and anthropology.

The American Yawp Routledge Combines a biography of M. Sanger with a social history of the birth control movement.

A History of Europe

Since 1945 Routledge From an award-winning scholar, a vibrant portrait of a pivotal moment in the history of the feminist movement From the declaration of the "Year of the Woman" to the televising of Anita Hill's testimony, from Bitch magazine to SisterSong's demands for reproductive justice: the 90s saw the birth of

some of the most lasting aspects of contemporary feminism. Historian Lisa Levenstein tracks this time of intense and international coalition building, one that centered on the growing influence of lesbians, women of color, and activists from the global South.

Their work laid the foundation for the feminist energy seen in today's movements, including the 2017 Women's March and #MeToo campaigns. A revisionist history of the origins of contemporary feminism, *They Didn't See Us Coming* shows how women on the margins built a movement at the dawn of the Digital Age.

Reuniting a Nation Cengage Learning Winner of the Bancroft Prize In twenty-first-century America, some cities are flourishing and others are struggling, but they all must contend with deteriorating infrastructure, economic inequality, and unaffordable housing. Cities have limited tools to
--	--	---

address these problems, and many must rely on the private market to support the public good. It wasn't always this way. For almost three decades after World War II, even as national policies promoted suburban sprawl, the federal government underwrote renewal efforts for cities that had suffered during the Great Depression and the war and were now bleeding residents into the suburbs. In <i>Saving America's Cities</i> , the prizewinning historian Lizabeth Cohen follows the career of Edward J. Logue, whose shifting approach to the urban crisis tracked the changing	balance between government-funded public programs and private interests that would culminate in the neoliberal rush to privatize efforts to solve entrenched social problems. A Yale-trained lawyer, rival of Robert Moses, and sometime critic of Jane Jacobs, Logue saw renewing cities as an extension of the liberal New Deal. He worked to revive a declining New Haven, became the architect of the "New Boston" of the 1960s, and, later, led New York State's Urban Development Corporation, which built entire new towns, including Roosevelt Island in	New York City. Logue's era of urban renewal has a complicated legacy: Neighborhoods were demolished and residents dislocated, but there were also genuine successes and progressive goals. <i>Saving America's Cities</i> is a dramatic story of heartbreak and destruction but also of human idealism and resourcefulness, opening up possibilities for our own time. Cengage Learning
From an author

praised for writing “ delicious social history ” (Dwight Garner, The New York Times) comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, nearing its one hundredth anniversary, serves as an unintended indicator of feminist progress

Looking for Miss America is a fast – paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current

incarnation as a scholarship competition, the pageant has indexed women ’ s status during periods of social change—the post – suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever – changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants who confounded expectations. Spotlighting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits

led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant ' s history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be “ of the white race, ” was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, Looking for Miss America examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.
