The American Alpine Institute's guide training program formed the basis of the AMGA's national certification program for alpine guides, and AAI guides have played leadership roles as the designers, instructors, and examiners in the rock, alpine and ski certification courses and exams.

### *Amga Alpine Guide Course*

The alpine program is one of the most difficult AMGA programs to make it through. It requires four AMGA courses followed by a ten-day exam to obtain certification (not to mention the avalanche course and first aid requirements). At bare minimum, this typically takes most guide candidates three years to complete.
