Amtrol has a long tradition of innovative products for the Plumbing & Heating market including BoilerMate, the industry's first indirect-fired water heater. Nearly four decades later, our residential lineup includes new models and options to fit any budget. All BoilerMate water heaters Amtrol BOILERMATE WH Series Installation & Operation ...

Amtrol invented the first indirect-fired water heater, using the existing energy in a boiler system to minimize fuel use and maximize hot water output. More efficient than conventional gas or electric water heaters, BoilerMate indirects provide more hot water, use less energy and require no venting or additional utility connections.
