A New York Times bestseller!
Unicorns are real. (At least we think they are.) Are you ready to protect the creatures of myth and legend? Then you belong in The Unicorn Rescue Society. HURRY – THE CREATURES NEED YOU! Elliot Eisner isn't

exactly thrilled with the first day at his new school. His class is going on a field trip to a creepy forest called the Pine Barrens. The trip is being led by Professor Fauna, the weirdest teacher Elliot has ever met. And the only kid who will talk to Elliot, Uchenna Devereaux, isn't afraid of danger. She likes danger. Elliot and Uchenna are about to become part of a secret group of adventurers, The Unicorn Rescue Society, whose goal is to protect and defend the world's mythical creatures. Together with Professor Fauna, Elliot and Uchenna must help rescue a Jersey Devil from a duo of conniving, greedy billionaires, the Schmoke Brothers. Join Elliot and Uchenna on their very first quest as members of the Unicorn Rescue Society in this fantasy-adventure series from Adam Gidwitz, the beloved bestselling and Newbery Honor-winning author of *The Inquisitors Tale* and *A Tale Dark & Grimm*. Illustrated throughout, this is the perfect fit for newly independent readers looking for a story full of adventure, fun, and friendship.

The original 1818 text of Mary Shelley's classic novel, with annotations and essays highlighting its scientific, ethical, and cautionary aspects. Mary Shelley's *Frankenstein* has endured in the popular imagination for two hundred years. Begun as a ghost story by an intellectually and socially precocious eighteen-year-old author during a cold and rainy summer on the shores of Lake Geneva, the dramatic tale of Victor Frankenstein and his stitched-together creature can be read as the ultimate parable of

scientific hubris. Victor, “the modern Prometheus,” tried to do what he perhaps should have left to Nature: create life. Although the novel is most often discussed in literary-historical terms—as a seminal example of romanticism or as a groundbreaking early work of science fiction—Mary Shelley was keenly aware of contemporary scientific developments and incorporated them into her story. In our era of synthetic biology, artificial intelligence, robotics, and climate engineering, this edition of *Frankenstein* will

resonate forcefully for readers with a background or interest in science and engineering, and anyone intrigued by the fundamental questions of creativity and responsibility. This edition of *Frankenstein* pairs the original 1818 version of the manuscript—meticulously line-edited and amended by Charles E. Robinson, one of the world's preeminent authorities on the text—with annotations and essays by leading scholars exploring the social and ethical aspects of scientific creativity raised by this remarkable story. The

result is a unique and accessible edition of one of the most thought-provoking and influential novels ever written. Essays by Elizabeth Bear, Cory Doctorow, Heather E. Douglas, Josephine Johnston, Kate MacCord, Jane Maienschein, Anne K. Mellor, Alfred Nordmann A Court of Thorns and Roses Red Room Press With echoes of Toni Morrison's *Beloved*, Yejid é 's novel explores a forgotten quadrant of Washington, DC, and

the ghosts that haunt it. "Yejid é 's writing captures both real news and spiritual truths with the deftness and capacious imagination of her writing foremothers: Zora Neale Hurston, Toni Morrison and N.K. Jemisin...Creatures of Passage is that rare novel that dispenses ancestral wisdom and literary virtuosity in equal measure."
--Washington Post
"Creatures of Passage

resists comparison. It's reminiscent of *Beloved* as well as the *Odyssey*, but perhaps its most apt progenitor is the genre of epic poems performed by the djelis of West Africa...All these otherwise clashing elements become, in this cast, a cohesive whole, telling us that this, too, is America." --New York Times Book Review "In its luminous prose, and its nods to mysticism and myth, the novel

brings to mind the best of Toni Morrison. It ' s that good."
--Washington Post, One of the Best Books about Washington, DC, recommended by George Pelecanos "Yejid é 's surreal new novel has no shortage of otherworldly surprises, but it's her this-worldly protagonist who steals the show...Informed by a richly woven mythology and propelled by themes of regret and

revenge, Creatures of Passage has earned some apt comparisons to Toni Morrison's Beloved." --Philadelphia Inquirer, One of the Best Books of Winter 2021 "Written over the course of 17 years, Morowa Yejid é ' s new book, Creatures of Passage, is set in Anacostia in 1977 and follows twins--one living, one dead--who share names with the Egyptian gods Nephthys and Osiris. But that

barely hints at the richness and complexity of the book ' s many strands."
--Washingtonian "Hauntingly magical, this sophomore novel by Morowa Yejid é centers a young woman dealing with the loss of her brother, her young great-nephew who mysteriously shows up at her door and Washington, DC, the city that provides an otherworldly backdrop to this imaginative

thriller." --Ms. Magazine, A Most Anticipated Book of 2021 "Morowa Yejidé's Creatures of Passage gives readers a chance to experience grief and intergenerational trauma in a unique way." --The Root "This enthralling, otherworldly story follows Nephthys Kinwell, a taxi driver in Washington, D.C., as she grapples with grief." --Woman's World "Comparisons to Toni

Morrison's masterpiece Beloved always perk up our ears, but in the case of Morowa Yejidé's Creatures of Passage the hype is warranted... History-haunted in the best sense, readers shouldn't miss this mythic thriller." --Chicago Review of Books Nephthys Kinwell is a taxi driver of sorts in Washington, DC, ferrying passengers in a 1967 Plymouth Belvedere with a ghost in the trunk. Endless

rides and alcohol help her manage her grief over the death of her twin brother, Osiris, who was murdered and dumped in the Anacostia River. Unknown to Nephthys when the novel opens in 1977, her estranged great-nephew, ten-year-old Dash, is finding himself drawn to the banks of that very same river. It is there that Dash--reeling from having witnessed an act of molestation at his

school, but still questioning what and who he saw--has charmed conversations with a mysterious figure he calls the "River Man." When Dash arrives unexpectedly at Nephthys's door bearing a cryptic note about his unusual conversations with the River Man, Nephthys must face what frightens her most. Morowa Yejidé's deeply captivating novel

shows us an unseen Washington filled with otherworldly landscapes, flawed super-humans, and reluctant ghosts, and brings together a community intent on saving one young boy in order to reclaim itself. 100 Things You Don't Wanna Know about an Apple for the Creature Penguin Buffy the Butterfly challenges kids to "Just put down that candy bar. “ A lost classic . . . the history of a horror-film star and a treatise on human frailty . . . is back to be savored and marveled at anew ”

(James Ellroy, New York Times – bestselling author of the Lloyd Hopkins Trilogy). Simon Moro, a sixty-eight-year-old star, is making his last picture,

a low-budget remake of Edgar Allan Poe ' s The Raven. Moro, infuriated by the bland horror movies of his day, sees his own career—even as it ends—as an ongoing effort to wallop the public with an overwhelming moral shock. And he succeeds when an elaborate publicity stunt turns into a gruesome and grand personal statement. As Moro ' s life reels toward its macabre end, it also reels backward through lies and evasions to show its surprising beginning.

Underneath his Frankensteinian exaggeration, Moro has a vivid and humane story to tell, even as the coffins break open and dark, erotic secrets are revealed. Brock Brower has taken the horror film in all its gory glory to create a book that recycles pop material into literature, creating a Dickensian tale of America. “ A wonderful book . . . This non-fiction short-form eBook features content which is adapted from the audiobook Harry Potter: A History of

Magic - inspired by the British Library exhibition of the same name. Well-known folkloric creatures like giants, dragons and merpeople, and lesser-known beings such as Acromantula and Hippogriffs, all play a key role in Harry Potter's journey. In the past, naturalists and explorers travelled the globe to encounter weird and wonderful creatures that enhanced our knowledge of the

world and pushed forward the development of science. Nevertheless, it seems part of human nature to want to believe in the unbelievable: from the bestiaries and cabinets of curiosities of the medieval period onwards. We think that truth and myth are easily distinguished today, but magical creatures and the stories around them continue to fascinate us - and they are as

central to the Harry Potter stories as Harry, Hermione and Ron. This eBook short examines the colourful characters and curious incidents of the real history of magic, and how they relate to the Hogwarts lesson subjects of Care of Magical Creatures. The history of magic is as long as time and as wide as the world. In every culture, in every age, in every place and, probably, in every heart, there is magic.

The sexy, action-packed first book in the #1 New York Times bestselling Court of Thorns and Roses series from Sarah J. Maas. When nineteen-

year-old huntress Feyre kills a wolf in the woods, a terrifying creature arrives to demand retribution. Dragged to a treacherous magical land she knows about only from legends, Feyre discovers that her captor is not truly a beast, but one of the lethal, immortal faeries who once ruled her world. At least, he's not a beast all the time. As she adapts to her new home, her feelings for

the faerie, Tamlin, transform from icy hostility into a fiery passion that burns through every lie she's been told about the beautiful, dangerous world of the Fae. But something is not right in the faerie lands. An ancient, wicked shadow is growing, and Feyre must find a way to stop it, or doom Tamlin-and his world-forever. From bestselling author Sarah J. Maas comes a seductive, breathtaking

book that blends
romance, adventure,
and faerie lore into an
unforgettable read.
