From New York Times bestselling author Charles Todd comes a haunting tale that explores the impact of World War I on all who witnessed it—officers, soldiers, doctors, and battlefield nurses like Bess Crawford. Though the Great War is nearing its end, the fighting rages on. While waiting for transport back to her post, Bess Crawford meets Captain Alan Travis from the island of Barbados. Later, when he's brought into her forward aid station disoriented from a head wound, Bess is alarmed that he believes his distant English cousin, Lieutenant James Travis, shot him. Then the Captain is brought back to the aid station with a more severe wound, once more angrily denouncing the Lieutenant as a killer. But when it appears that James Travis couldn't have shot him, the Captain's sanity is questioned. Still, Bess wonders how such an experienced officer could be so wrong. On leave in England, Bess finds the Captain

strapped to his bed in a clinic for brain injuries. Horrified by his condition, Bess and Sergeant Major Simon Brandon travel to James Travis ' s home in Suffolk, to learn more about the baffling relationship between these two cousins. Maisie Dobbs Harper Collins

"A female investigator every bit as brainy and battle-hardened as Lisbeth Salander." —Maureen Corrigan, NPR's *Fresh Air*, on *Maisie Dobbs*
Maisie Dobbs got her start as a maid in an aristocratic London household when she was thirteen. Her employer, suffragette Lady Rowan Compton, soon became her patron, taking the remarkably bright youngster under her wing. Lady Rowan's friend, Maurice Blanche, often retained as an investigator by the European elite, recognized Maisie's intuitive gifts and helped her earn

admission to the prestigious Girton College in Cambridge, where Maisie planned to complete her education. The outbreak of war changed everything. Maisie trained as a nurse, then left for France to serve at the Front, where she found—and lost—an important part of herself. Ten years after the Armistice, in the spring of 1929, Maisie sets out on her own as a private investigator, one who has learned that coincidences are meaningful, and truth elusive. Her very first case involves suspected infidelity but reveals something very different. In the aftermath of the Great War, a former officer has founded a working farm known as The Retreat, that acts as a convalescent refuge for ex-soldiers too shattered to resume normal life. When Fate brings Maisie a second case involving The Retreat, she must finally confront the ghost that has haunted her for over a decade.

At the age of ten, when Martin Amis spent a year in Princeton, New Jersey, he was

excited and frightened by America. As an adult he has approached that confusing country from many arresting angles, and interviewed its literati, filmmakers, thinkers, opinion makers, leaders and crackpots with characteristic discernment and wit. Included in a gallery of Great American Novelists are Norman Mailer, Gore Vidal, Truman Capote, Joseph Heller, William Burroughs, Kurt Vonnegut, John Updike, Paul Theroux, Philip Roth and Saul Bellow. Amis also takes us to Dallas, where presidential candidate Ronald Reagan is attempting to liaise with born-again Christians. We glimpse the beau monde of Palm Beach, where each couple tries to out-Gatsby the other, and examine the case of Claus von Bulow. Steven Spielberg gets a visit, as does

Brian de Palma, whom Amis asks why his films make no sense, and Hugh Hefner's sybaritic fortress and sanitised image are penetrated. There can be little that escapes the eye of Martin Amis when his curiosity leads him to a subject, and America has found in him a superlative chronicler.
