The Mafia has codes of conduct that are just as strict as any justice system--only the penalty for breaking these codes is getting whacked! One of those laws is the Law of Omerta. Omerta means silence. You do not talk about the Mafia. You do not talk about any of the Mafia's members or their activities, or even their existence. If you do so, you will "sleep with the fishes." We may all be tough people out here, but the law of omerta doesn't apply to your

taxes and your relationship with the IRS! In fact, nothing will work against you more than staying silent. The IRS isn't going to put you in jail for failing to pay your taxes. But hiding--not filing--acting like they and even you don't exist does have the potential to land you in the slammer! In plain and simple language, Juan Carlos Samaniego tells how he went for eight years without filing taxes, following the rule of omerta. Even his wife didn't know how long he had hidden from the IRS and how much he owed! He didn't tell anyone out of shame and fear that someone would "rat" him out! Yet he came out of all the omerta and hiding and guess what? Juan Carlos Samaniego is now an Enrolled Agent--the

highest credential the IRS gives! He can defend taxpayers in front of the IRS on any level. He's a recognized expert at resolving tax issues; he is the Godfather of tax resolution. Carlos will show you the three crucial steps you must take to handle your tax debt problems. He will show you how to reduce your tax debt and get the IRS "hit men" off your back for good! Utilizing these proven strategies, you can permanently end the nightmare of IRS harassment, put your tax problems behind you, and start living the life of a "goodfella."

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their

names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

A brilliant examination of our forty year obsession with the classic film trilogy—and a personal reflection on what it means to be Italian-American. Forty years and one billion dollars in gross box office receipts after the initial release of *The Godfather*, Francis Ford Coppola's masterful trilogy continues to fascinate viewers old and new. *The Godfather Effect* skillfully analyzes the reasons behind this ongoing global phenomenon. Packed with behind-the-scenes anecdotes from all three *Godfather* films, Tom Santopietro explores the historical origins of the Mob and why they thrived in America, how Italian-Americans are portrayed in the media, and how a saga of murderous gangsters captivated audiences around the globe. Laced with stories about Brando, Pacino, and Sinatra, and interwoven with a funny and poignant memoir about the author's own experiences growing up with an Italian name in an Anglo world of private schools and country clubs, *The Godfather Effect* is a book for film lovers, observers of American life, and Italians of all nationalities.

Summary: I'll Make You an Offer You Can't Refuse Lulu Press, Inc

The must-read summary of Michael Franzese's book: "I'll Make You An Offer You Can't Refuse: Insider Business Tips From a Former Mob Boss" This complete summary of the ideas from Michael Franzese's book "I'll Make You an Offer You Can't Refuse" shows how Michael Franzese, a former mob boss, puts forward an originally surprising, but convincing, hypothesis: organised crime is not profitable by accident. The men in charge have ingenuity and tenacity. In the 1980s, the President 's

Commission on Organized Crime estimated organised crime generates more than \$50 billion in revenues each year. Obviously, this summary doesn't suggest a life of crime, but it does propose that every legitimate businessperson could learn something they could apply. It advises to concentrate on the end goal at all times, and to eliminate any clutter which gets in the way of that. Always be judicious and measured in what you say, because it could come back to haunt you. Be a good listener. Remember at all times that success is self-defined, and work towards your goals, not anyone else's. Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "I'll Make You an Offer You Can't Refuse" and discover this utterly compelling, entertaining, and valuable guide to achieve your goals.

### An Offer You Can't Refuse Crown

The Mafia has maintained an enduring hold on the American cultural imagination--even as it continues to wrongly color our real-life perception of Italian Americans. Journalist and cultural critic De Stefano takes a look at the origins and prevalence of the Mafia mythos in America. Beginning with a consideration of Italian emigration in the early twentieth century and the fear and prejudice--among both Americans and Italians--that informed our earliest conception of what was the largest immigrant group to enter the United States, De Stefano explores how these impressions laid the groundwork for the images so familiar to us today and uses them to illuminate and explore the variety and allure of Mafia stories. At the same time, he addresses the lingering power of the goodfella cliché, which makes it all but impossible to green-light a project about the Italian American experience not set in gangland.--From publisher description.

The phone rang at 2:00am, waking me from a sound sleep. To get a call at that hour I panicked and thought the worst. Who would be calling at this hour? Was there an accident? Did something happen to one of my children or perhaps a family member? I fumbled for the phone knocking it off its cradle. My wife stirred next to me asking "Who is it at this hour? Picking up the phone and with an anxious quality in my voice I asked, "Who is it?" Hearing the voice of Bill Kennedy, one of my security personnel, had me immediately sit up in bed. Getting calls in the middle of the night was not unusual to me. But this time, at this hour of the night, I knew it had to be important. Many times, calls came from a location scout or from the production office of a movie company requesting security at a location where they just

finished shooting. This time, when I heard my security man's voice, that of Bill Kennedy, I jumped out of bed and took the phone into my bathroom. Bill Kennedy was my security officer assigned at the Waldorf Towers in the Waldorf Astoria Hotel in New York City. Our client was Frank Sinatra. All kinds of thoughts ran through my mind. He then went on to say he was sorry for waking me, but he felt he had to tell me because it was a very unusual situation and shocking to him. He also said if the press were to get the story, it would make page six or even the front page for that matter. I quickly asked if Mr. Sinatra was okay or if anything happened to him. He assured me Mr. Sinatra was okay, and nothing happened to him... but he was not himself. I then asked, "What do you mean he was not himself?" He then described what happened. You cannot make stories like this up. And this is only one story in the many I have encountered as an actor, security person and friend to many of Hollywood's biggest stars. You are about to read stories about the following celebrities I either worked with, did security for, or

befriended. I had known many people of interest, quite a few of them Hollywood's biggest stars. Many are still by-words: Telly Savalas, Al Pacino, Meryl Streep, Robert De Niro, Barbra Streisand, Tom Hanks, Frank Sinatra, Katherine Hepburn, to name just a few. So, I decided stories about them might be of interest to movie fans and the public. Then why would anyone want to read my autobiography? Especially when I'm practically a nobody in the business in comparison to them. Yes, I have had my fifteen minutes of fame. I worked in the original Godfather movie. I had a small role in Ghostbusters that people seem to remember me in. I worked in the Kojak series both as an actor and technical advisor. I also had a co-starring role in a TV series called Eischeid, which starred Joe Don Baker. I did okay as an actor but who will remember Joe Cirillo, enough to buy his book? But I realized this story was about a lot more than me. My friends told me that I probably had more interesting stories to tell than the average actor. They would say my book did not have to be limited to just my Hollywood experiences. I

could write so much more,  
and it would not be fiction.  
They would tell me my being  
a combat veteran during the  
Korean War would make an  
interesting story by itself. And  
being a police officer in the  
New York City Police  
Department for twenty years  
would be another one. I was  
on the job from the late 50's  
to the late 70's, which were  
very turbulent years in New  
York City. I had been friends  
or worked with some of the  
most honored and famous  
police officers and detectives  
in those years. I knew  
detectives Eddie Egan and  
Sonny Grosso of The French  
Connection fame. They were  
portrayed by Gene Hackman  
and Roy Scheider, and that  
movie went on to become the  
Academy Award winner for  
best picture of the year. I  
knew many other famous  
recognizable names of the  
NYPD and their stories that  
were front page headlines.  
What you are about to read  
is the truth. I am not looking  
to embarrass or defame  
anyone. You can't make this  
up!
