So Good They Can't Ignore You Rowman & Littlefield

From David Graeber, the bestselling author of *The Dawn of Everything and Debt*—“a master of opening up thought and stimulating debate” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled “On the Phenomenon of Bullshit Jobs.” It went viral. After one million online views in seventeen different languages,

people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

The Making of the Godfather Faber & Faber/Farrar, Straus, Giroux

"An incisive and vulnerable yet powerful and provocative collection of essays, Savala offers poignant reflections on living between society's most charged, politicized, and intractably polar spaces: between black and white, between rich and poor, between thin and fat - as a woman. The daughter of an Afro-Latinx father and a white mother, Savala's light complexion has always contrast her kinky hair and broad nose to embody what old folks used to call "a whole lot of yellow wasted." With her mother's beckoning, she began her first diet at the age of three and has been nearly skeletal and truly fat, multiple times. She has lived in poverty and had an elite education, with regular access to

wealth and privilege. She has been in the in-between. It is these liminal spaces - the living in the in-between of race, class and body type that gives the essays in *Nearly, Not Quite* their strikingly clear and refreshing point of view on the defining tension points in our culture. Each of the twelve essays, that comprises this collection are rife with unforgettable and insightful anecdotes, and are as humorous and as full of Savala's appetites as they are of anxieties. The result is a lyrical and magnetic read. In "On Dating White Guys While Me," Savala realizes her early romantic pursuits of rich, preppy white guys wasn't about preference, but about self-erasure. In "Don't Let it Get You Down" we traverse the beauty and pain of being Black in America as men of color face police brutality and "large Black females" are ignored in hospital waiting rooms. Savala offers an

angle to inequities that is as deft as it is lyrical. In "Bad Education" we mine how women learn to internalize violence and rage in hopes of truly having power. And in "To Wit and Also" we meet Filliss, Peggy, and Grace the enslaved women owned by her ancestors, reckoning with how America's original sin lives intimately within our stories. Over and over again, Savala reminds readers that our true identities are often most authentically lived not in the black and white in the grey, in the in-between. Perfect for fans of *Heavy* by Kiese Laymon and *Bad Feminist* by Roxane Gay, this book delivers a fresh perspective on race, class, bodies, and gender, that is both an entertaining and engaging addition to the ongoing social and cultural conversation"--

This “wickedly pacey page-turner” (Total Film) unfurls the behind-the-scenes story of the making of *The Godfather*, fifty years after the classic film’s original release. The story of how *The Godfather* was made is as dramatic, operatic, and entertaining as the film itself. Over the years, many versions of

various aspects of the movie’s fiery creation have been told—sometimes conflicting, but always compelling. Mark Seal sifts through the evidence, has extensive new conversations with director Francis Ford Coppola and several heretofore silent sources, and complements them with colorful interviews with key players including actors Al Pacino, James Caan, Talia Shire, and others to write “the definitive look at the making of an American classic” (Library Journal, starred review). On top of the usual complications of filmmaking, the creators of *The Godfather* had to contend with the real-life members of its subject matter: the Mob. During production of the movie, location permits were inexplicably revoked, author

Mario Puzo got into a public brawl with an irate Frank Sinatra, producer Al Ruddy's car was found riddled with bullets, men with "connections" vied to be in the cast, and some were given film roles. As Seal notes, this is the tale of a "movie that revolutionized filmmaking, saved Paramount Pictures, minted a new generation of movie stars, made its struggling author Mario Puzo rich and famous, and sparked a war between two of the mightiest powers in America: the sharks of Hollywood and the highest echelons of the Mob." "For fans of books about moviemaking, this is a definite must-read" (Booklist).

Bullshit Jobs Disney Electronic Content

The phone rang at 2:00am, waking me from a sound sleep. To get a call at that hour I panicked and thought the worst. Who would be calling at this hour? Was there an accident? Did something happen to one of my children or perhaps a family member? I fumbled for the

phone knocking it off its cradle. My wife stirred next to me asking "Who is it at this hour? Picking up the phone and with an anxious quality in my voice I asked, "Who is it?" Hearing the voice of Bill Kennedy, one of my security personnel, had me immediately sit up in bed. Getting calls in the middle of the night was not unusual to me. But this time, at this hour of the night, I knew it had to be important. Many times, calls came from a location scout or from the production office of a movie company requesting security at a location where they just finished shooting. This time, when I heard my security man's voice, that of Bill Kennedy, I jumped out of bed and took the phone into my bathroom. Bill Kennedy was my security officer assigned at the Waldorf Towers in the Waldorf Astoria Hotel in New York City. Our client was Frank Sinatra. All kinds of thoughts ran through my mind. He then went on to say he was sorry for waking me, but he felt he had to tell me because it was a very unusual situation and shocking to him. He also said if the press were to get the story, it would make page six or even the front page for that matter. I quickly asked if Mr. Sinatra was okay or if anything happened to him. He assured me Mr. Sinatra was okay, and nothing happened to him... but he was not himself. I then asked, "What do you mean he was not himself?" He then described what happened. You cannot make stories like this up. And this is only one story in the many I have encountered as an actor, security person and friend to many of Hollywood's biggest stars. You are about to read stories about the following celebrities I either worked with, did security for, or befriended. I had known many people of interest, quite a few of them

Hollywood's biggest stars. Many are still by-words: Telly Savalas, Al Pacino, Meryl Streep, Robert De Niro, Barbra Streisand, Tom Hanks, Frank Sinatra, Katherine Hepburn, to name just a few. So, I decided stories about them might be of interest to movie fans and the public. Then why would anyone want to read my autobiography? Especially when I'm practically a nobody in the business in comparison to them. Yes, I have had my fifteen minutes of fame. I worked in the original Godfather movie. I had a small role in Ghostbusters that people seem to remember me in. I worked in the Kojak series both as an actor and technical advisor. I also had a co-starring role in a TV series called Eischeid, which starred Joe Don Baker. I did okay as an actor but who will remember Joe Cirillo, enough to buy his book? But I realized this story was about a lot more than me. My friends told me that I probably had more interesting stories to tell than the average actor. They would say my book did not have to be limited to just my Hollywood experiences. I could write so much more, and it would not be fiction. They would tell me my being a combat veteran during the Korean War would make an interesting story by itself. And being a police officer in the New York City Police Department for twenty years would be another one. I was on the job from the late 50's to the late 70's, which were very turbulent years in New York City. I had been friends or worked with some of the most honored and famous police officers and detectives in those years. I knew detectives Eddie Egan and Sonny Grosso of The French Connection fame. They were portrayed by Gene Hackman and Roy Scheider, and that movie went on to become the Academy Award winner

for best picture of the year. I knew many other famous recognizable names of the NYPD and their stories that were front page headlines.

What you are about to read is the truth. I am not looking to embarrass or defame anyone. You can't make this up!
