Joseph Conrad (Polish pronunciation: [born Jozef Teodor Konrad Korzeniowski; 3 December 1857 - 3 August 1924) was a Polish-British writer regarded as one of the greatest novelists to write in the English language. He joined the British merchant marine in 1878, and was granted British nationality in 1886. Though he did not speak English fluently until his twenties, he was a master prose stylist who brought a non-English sensibility into English literature. He wrote stories and novels, many with a nautical setting, that depict trials of the human spirit in the midst of an impassive, inscrutable universe. Conrad is considered an early modernist, though his works still contain elements of 19th-century realism. His narrative style and anti-heroic characters have influenced many authors, including F. Scott Fitzgerald, William Faulkner, Ernest Hemingway, Andre Malraux, [6] George Orwell: 254 Graham Greene, Gabriel Garcia Marquez, John le Carre, V. S. Naipaul, Philip Roth, J. M. Coetzee, and Salman Rushdie. Many films have been adapted from, or inspired by, Conrad's works. Writing in the heyday of the British Empire, Conrad drew

on, among other things, his native Poland's national experiences, and his own experiences in the French and British merchant navies, to create short stories and novels that reflect aspects of a European-dominated world-including imperialism and colonialism-and that profoundly explore the human psyche.

When he stepped off the straight and narrow path of his peculiar honesty, it was with an inward assertion of unflinching resolve to fall back again into the monotonous but safe stride of virtue as soon as his little excursion into the wayside quagmires had produced the desired effect. It was going to be a short episode-a sentence in brackets, so to speak-in the flowing tale of his life: a thing of no moment, to be done unwillingly, yet neatly, and to be quickly forgotten. He imagined that he could go on afterwards looking at the sunshine, enjoying the shade, breathing in the perfume of flowers in the small

garden before his house. He fancied that nothing would be changed, that he would be able as heretofore to tyrannize good-humouredly over his half-caste wife, to notice with tender contempt his pale yellow child, to patronize loftily his dark-skinned brother-in-law, who loved pink neckties and wore patent-leather boots on his little feet, and was so humble before the white husband of the lucky sister.

When he stepped off the straight and narrow path of his peculiar honesty, it was with an inward assertion of unflinching resolve to fall back again into the monotonous but safe stride of virtue as soon as his little excursion into the wayside quagmires had produced the desired effect. It was going to be a short episode—a sentence in brackets, so to speak—in the flowing tale of his life: a thing of no moment, to be done unwillingly, yet neatly, and

to be quickly forgotten. He imagined that he could go on afterwards looking at the sunshine, enjoying the shade, breathing in the perfume of flowers in the small garden before his house. He fancied that nothing would be changed, that he would be able as heretofore to tyrannize good-humouredly over his half-caste wife, to notice with tender contempt his pale yellow child, to patronize loftily his dark-skinned brother-in-law, who loved pink neckties and wore patent-leather boots on his little feet, and was so humble before the white husband of the lucky sister. Those were the delights of his life, and he was unable to conceive that the moral significance of any act of his could interfere with the very nature of things, could dim the light of the sun, could destroy the

perfume of the flowers, the submission of his wife, the smile of his child, the awe-struck respect of Leonard da Souza and of all the Da Souza family. That family's admiration was the great luxury of his life. It rounded and completed his existence in a perpetual assurance of unquestionable superiority. He loved to breathe the coarse incense they offered before the shrine of the successful white man; the man that had done them the honour to marry their daughter, sister, cousin; the rising man sure to climb very high; the confidential clerk of Hudig & Co. They were a numerous and an unclean crowd, living in ruined bamboo houses, surrounded by neglected compounds, on the outskirts of Macassar. He kept them at arm's length and even further off, perhaps,

having no illusions as to their worth. They were a half-caste, lazy lot, and he saw them as they were—ragged, lean, unwashed, undersized men of various ages, shuffling about aimlessly in slippers; motionless old women who looked like monstrous bags of pink calico stuffed with shapeless lumps of fat, and deposited askew upon decaying rattan chairs in shady corners of dusty verandahs; young women, slim and yellow, big-eyed, long-haired, moving languidly amongst the dirt and rubbish of their dwellings as if every step they took was going to be their very last. He heard their shrill quarrellings, the squalling of their children, the grunting of their pigs; he smelt the odours of the heaps of garbage in their courtyards: and he was

greatly disgusted. But he fed and clothed that shabby multitude; those degenerate descendants of Portuguese conquerors; he was their providence; he kept them singing his praises in the midst of their laziness, of their dirt, of their immense and hopeless squalor: and he was greatly delighted. They wanted much, but he could give them all they wanted without ruining himself. In exchange he had their silent fear, their loquacious love, their noisy veneration. It is a fine thing to be a providence, and to be told so one every day of one's life.

The only annotated edition available, *An Outcast of the Islands* (1896), Conrad's second novel, is a tale of intrigue in an eastern setting. Peter Willems, a

clerk in Macassar, granted a "second chance" at a remote river trading post, falls ever more hopelessly into traps set by himself and others. A parable of human frailty, with love and death the major players, this is a story of a man unable to understand others and fated never to possess his own soul.
