#1 NEW YORK TIMES BESTSELLER • “This book delivers completely new and refreshing ideas on how to create value in the world.”—Mark Zuckerberg, CEO of Meta “Peter Thiel has built multiple breakthrough companies, and Zero to One shows how.”—Elon Musk, CEO of SpaceX and Tesla The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we’re too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won’t make a search engine. Tomorrow’s champions will not win by competing ruthlessly in today’s marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in

America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

The Spectre of Alexander Wolf Lindhardt og Ringhof
Since his first appearance in Beeton's Christmas Annual in 1887, Sir Arthur Conan Doyle's Sherlock Holmes has been one of the most beloved fictional characters ever created. Now, in two volumes, this new Bantam edition presents all 56 short stories and 4 novels featuring Conan Doyle's classic hero -- a truly complete collection now available in paperback! Volume I includes the early novel, *A Study In Scarlet*, that introduced the eccentric genius of Sherlock Holmes to the world. This baffling murder mystery, with the cryptic word Rache written in blood, first brought Homes together with Dr. John Watson. Next, *The Sign Of Four* presents Holmes's famous "seven percent solution" and the strange puzzle of Marry Mortson in the quintessential locked room mystery. Also included are Holme's feats of extraordinary detection in such famous cases such as the chilling *Adventure Of The Specked Band*, the baffling riddle of *The Musgrave Ritual*, and the ingeniously plotted *The Five Orange Pips*, tales that bring to life a Victorian England of horse-drawn cabs, fogs, and the famous lodgings at 221B Baker Street, where Sherlock Holmes earned his reputation as the greatest fictional detective of all time.
The Bright Book of Life Ballantine Books
An extraordinary literary debut about a Nigerian boy's secret intersex identity and his desire to live as a girl. Oto leaves for boarding school with one plan: excel and escape his cruel home. Falling in love with his roommate was certainly not on the agenda, but fear and shame force him to hide his love and true self. Back home, weighed down by the expectations of their wealthy and powerful family, the love of Oto's twin sister wavers and, as their world begins to crumble around them, Oto must make drastic choices that will alter the family's lives for ever. Richly imagined with art, proverbs and folk tales, this moving and modern novel follows Oto through life at home and at boarding school in Nigeria, through the heartbreak of living as a boy despite their profound belief they are a girl, and through a hunger for freedom that only a new life in the United States can offer. *An Ordinary Wonder* is a powerful coming-of-age story that explores complex desires as well as challenges of family, identity, gender, and culture, and what it means to feel whole.

Presentation This novel first appeared in serial form in the periodical Rousky vestnik (The Russian Messenger or The Russian Courier), but Tolstoy entered into conflict with the editor-in-chief Mikhail Katkov about the content of the last episode. The novel, therefore, appeared in its entirety only when it was published as a book. The soap opera nevertheless achieved great success in nineteenth-century Russia, with some women in the

world going so far as to send their servants to print to determine the content of the next episodes. Anna Karenina portrays the Russian nobility, on which Tolstoy looks critically. The character of Anna Karenina was partly inspired by Maria Hartung (1832-1919), the eldest daughter of the poet Alexander Pushkin. For the tragic end of the novel, the author was inspired by a fact: the mistress of his neighbor Bibikov threw himself under a train in January 1872; He went to see the body of the unhappy woman. Summary Anna Karenina is a young woman married to Alexis Karenina, faithful and mother of a young boy Serge. Anna Karenina goes to Moscow with her brother Stiva Oblonski. As she left the train, she met Count Vronski. Anna falls in love with Vronski, that brilliant but frivolous officer. She fights against this passion and ends up by abandoning herself with guilty happiness to the current that carries her to this young officer. Then Anna gets pregnant. Feeling guilty and deeply depressed by her fault, she decides to confess her infidelity to her husband. The love she brings to her son makes her think for a moment of abandoning husband and lover and fleeing with him. But a letter from her husband, who had gone on a journey, in response to his confession, where he only asked her to respect appearances, decided to stay. But the pregnancy is going badly. After giving birth to a daughter, Anna contracts fever and risks dying. She sends a telegram to her husband, asking her to return and forgive her. She repents and calls death as a liberation for all. Empress by the remorse of his wife and his imminent death, Alexis consents to forgive him. Then, some time later, an unexpected encounter with Vronski is enough to shatter the decision of Anna. She throws herself in her arms and they decide to flee together abroad. It is for Anna, a moment of joy and deliverance. Back in Russia, Anna and Vronski live on the margins of society. They arouse both admiration and disapproval for having thus braved the conventions of the high society of Russia. Vronski's fortune allows them to have an independent existence and they manage to recreate a micro-society around them on the margins of the Great World. But Anna can not bear to have abandoned her child and betrayed her husband. This heavy climate provokes a reciprocal

misunderstanding that obscures their union. Anna, as she first read George Eliot's *Middlemarch*, regarded prey to the most violent torments, and caught in a gear from which she can not free herself, put an end to her life by throwing herself under a train. In parallel to their adventure, Tolstoy paints the portrait of two other couples: Kitty and Levine, and Daria and Oblonski. Kitty is a beautiful teenager who, at eighteen, makes her entry into the world. At a ball, the statement of Levine flatters it because it gives importance. She nevertheless answers in the negative because she is in love with Vronski. The latter escapes him at this ball where he succumbs to the fascination of Anna. Kitty dark then in shame. Several months after this sinister ball, Kitty meets again Levine with whom she then feels a mixture of dread and happiness. She realizes she only loved him. Kitty and Levine understand that the past was only a trial destined to consolidate their love. They decide to marry. Daria, wife submissive and resigned, but especially exhausted by the tasks of everyday life is the wife of Stiva Oblonski. Despite his infidelity, Oblonski lavished on his wife several marks of comforting tenderness. **Sherlock Holmes** Laurus - Lexecon Kft. Hailed as one of the world's supreme masterpieces on the subject of death and dying, *The Death of Ivan Ilyich* is the story of a worldly careerist, a high court judge who has never given the inevitability of his death so much as a passing thought. But one day death announces itself to him, and to his shocked surprise he is brought face to face with his own mortality. How, Tolstoy asks, does an unreflective man confront his one and only moment of truth? This short novel was the artistic culmination of a profound spiritual crisis in Tolstoy's life, a nine-year period following the publication of *Anna Karenina* during which he wrote not a word of fiction. A thoroughly absorbing and, at times, terrifying glimpse into the abyss of death, it is also a strong testament to the possibility of finding spiritual salvation. Scholastic Inc. A New Yorker writer revisits the seminal book of her youth--*Middlemarch*--and fashions a singular, involving story of how a passionate attachment to a great work of literature can shape our lives and help us to read our own histories. Rebecca Mead was a young woman in an English coastal town when

by many as the greatest English novel. After gaining admission to Oxford, and moving to the United States to become a journalist, through several love affairs, then marriage and family, Mead read and reread *Middlemarch*. The novel, which Virginia Woolf famously described as "one of the few English novels written for grown-up people," offered Mead something that modern life and literature did not. In this wise and revealing work of biography, reporting, and memoir, Rebecca Mead leads us into the life that the book made for her, as well as the many lives the novel has led since it was written. Employing a structure that deftly mirrors that of the novel, *My Life in Middlemarch* takes the themes of Eliot's masterpiece--the complexity of love, the meaning of marriage, the foundations of morality, and the drama of aspiration and failure--and brings them into our world. Offering both a fascinating reading of Eliot's biography and an exploration of the way aspects of Mead's life uncannily echo that of Eliot herself, *My Life in Middlemarch* is for every ardent lover of literature who cares about why we read books, and how they read us.

First published in 1908, 'Japanese Fairy Tales' is a book of beautiful legends and fairy tales of Japan that were collected, translated and retold by the author, Yei Theodora Ozaki, an early translator of Japanese short stories and fairy tales. Her translations have been very popular, and were reprinted hundreds of times after her death. It is a delightful introduction to the culture of Japan through its traditional children's stories. In part, the project was the result of a suggestion made by her friend Andrew Lang, another collector of fairy stories, who printed his stories in the many *Colored Fairy Books*. They feature animals and humans, creatures normal and fantastical, peasants and kings. They contain 22 tales that include ghouls, goblins and ogres, sea serpents and sea kings, kindly animals and magic birds; demons and dragons; princes and princesses. Some are 'Momotaro', 'The Son of a Peach',

'The Jellyfish and the Monkey', 'The Mirror of Matsuyama', 'The Bamboo Cutter and the Moon Child', 'The Stones of Five Colors and the Empress Jokwa'.

In this ambitious novel of madness and release, shortlisted for the Booker Prize, Doris Lessing imagines the fantastical "inner-space" life of an amnesiac. Charles Watkins, a Professor of Classics at Cambridge University, has suffered a breakdown, confined to a mental hospital as his friends and doctors attempt to bring him back to reality. But Watkins has embarked on a tremendous psychological adventure that takes him from a spinning raft in the Atlantic to a ruined stone city on a tropical island to an outer-space journey through singing planets. As he travels in his mind through memory and the farther reaches of imagination, his doctors try to subdue him with ever more powerful drugs in a competition for his soul. In this provocative novel, Lessing takes us on a harrowing voyage into the rarely glimpsed territory of the inner mind.

The story is often labelled a sequel to "How to Write a Blackwood Article", and deals with Signora Zenobia, who comes across a stately cathedral and a giant clock, that soon will take her life. Both horrifying and hilarious, "A Predicament" is a bizarre story indeed, satirical in its entirety, verging on the nonsensical and the absurd. An extremely funny read, the story is definitely a dark comedy that continues the heroine's predicament from the previous tale. Edgar Allan Poe

(1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

The collapse of the Soviet Union has opened up a huge consumer market, but how do you sell things to a generation that grew up with just one type of cola? When Tatarsky, a frustrated poet, takes a job as an advertising copywriter, he finds he has a talent for putting distinctively Russian twists on Western-style ads. But his success leads him into a surreal world of spin doctors, gangsters, drug trips, and the spirit of Che Guevara, who, by way of a Ouija board, communicates theories of consumer theology. A bestseller in Russia, Homo Zapiens displays the biting absurdist satire that has gained Victor Pelevin superstar status among today's Russian youth, disapproval from the conservative Moscow literary world, and critical acclaim worldwide.

After the international success of his collection of World War II newspaper articles, German

Autumn—a book that solidified his status as the most promising and exciting writer in Sweden—Stig Dagerman was sent to France with an assignment to produce more in this journalistic style. But he could not write the much-awaited follow-up. Instead, he holed up in a small French village and in the summer of 1948 created what would be his most personal, poignant, and shocking novel: *A Burnt Child*. Set in a working-class neighborhood in Stockholm, the story revolves around a young man named Bengt who falls into deep, private turmoil with the unexpected death of his mother. As he struggles to cope with her loss, his despair slowly transforms to rage when he discovers his father had a mistress. But as Bengt swears revenge on behalf of his mother's memory, he also finds himself drawn into a fevered and conflicted relationship with this woman—a turn that causes him to question his previous faith in morality, virtue, and fidelity. Written in a taut and beautifully naturalistic tone, Dagerman illuminates the rich atmospheres of Bengt's life, both internal and eternal: from his heartache and fury to the moody streets of Stockholm and the Hitchcockian shadows of tension and threat in the woods and waters of Sweden's remote islands. *A Burnt Child* remains Dagerman's most widely read novel, both in Sweden and worldwide, and is one of the crowning works of his short but celebrated career.
